Weary Workmen Hurrying on Fair

By ROBERT HOLTON

NEW YORK (AP)—A small army of workmen—many of them weary from weeks of stepped-up operations — raced today to get the New York World's Fair ready for Wednesday morning's opening.

Last-minute construction and other work went on through the night under floodlights.

Among those in the vanguard of 70 million persons expected to visit the exposition during its two six-month runs will be President Johnson.

The President is to fly from Washington to address 16,000 guests invited to attend the opening day ceremonies in the fair's Singer Bowl. Gov. Nelson A. Rockefeller and Mayor Robert F. Wagner are to attend.

Opens at 9 A.M.

Officials of the multimillion - dollar exposition said the fair will be better than 90 per cent completed for the 9 a.m. opening.

Still to be handled are some cleanup chores, laying of patches of sod and minor construction on buildings which will open for visitors Wednesday, regardless.

Some larger areas, a foreign village and a few other displays, will not be able to accommodate visitors for a week or more.

Various setbacks caused delays in their building plans, but a fair spokesman said they are so situated, that they will offer little inconvenience to visitors.

No True Estimate

Fair officials admit they can not estimate how many persons will visit the fair opening day. This could be partially attributed to announced plans of civil rights groups to cause a massive traffic jam along roadways leading to the fair.

The 646 - acre fairgrounds, in Flushing Meadow Park is laced with broad macadam and cement, tree - shaded, walkways and vehicular arteries along which visitors will amble and ride in buses to and from exhibits.

Rising high over most fair buildings is the Unisphere — a massive, stainless steel model of the world—setting the fair's theme: "Peace Through Understanding."

Nerve Gas Made To Keep Enemy From Sneak Move

By JAMES R. POLK

NEWPORT, Ind. (AP)—In a cloistered complex of buildings on a hill in western Indiana, the United States brews and bottles one of war's deadliest weapons.

It is nerve gas, a stealthy assassin that is odorless, tasteless and virtually invisible. A drop, breathed or soaked into the skin, can kill.

At the end of an assembly line laced with 40 miles of pipes, the liquefied gas is poured into rockets, land mines and artillery shells — destination secret.

Going Three Years

The facility, housed in a former atomic energy installation now known as the Newport Chemical Plant, is the nation's major supply center for nerve gas. It has been i noperation 24 hours a day for three years.

Details on the gas are secret, but a plant official describes it as "hundreds of times more toxic" than any commercial chemical.

An Army publication says only that the gas can "cause death within four minutes." A congressional report says less than a minute's exposure can kill.

Meant for Insecticide

"This stuff here was originally developed as an insecticide," says a vice president of the FMC Corp. which operates the plant under a government contract.

The chemicals which form the nerve gas are mixed and boiled in a plumber's nightmare of pipes, furnaces, pumping towers

City Library Is Much in Need of Public Support

The annual drive for support of Kingston City Library conducted by the Key Club of Kingston High School will be held Wednesday and Thursday.

For a nominal membership fee, the Key Club will offer each resident in the city an opportunity to join and thereby give financial support to the local educational facility.

The Key Club is a high school organization of students dedicated to service to the school and community. The club has an association with Kingston Kiwanis Club.

Two representatives of the Key Club attend Kiwanis meetings as observers and Kiwanis provides adult advisers on special Key Club projects.

Accepted on Ability, Character

The membership is comprised of boys invited to join and recommended by the high school faculty. The faculty recommendation is based on scholastic ability and good character.

The Kingston Library was founded in 1899 by a group of interested citizens who saw the need for a public library. The group was formed into an association which for more than 60 years has sponsored and supported the library in its task of serving the learning and leisure interests of the area.

Important to Education

The one dollar membership fee entitles the individual to a one year's membership in the association. Financial support will provide important services to the children of the community, the needs of the high school and college students for library resources, and also provides adults with informational services and recreational reading.

Libraries do not grow by themselves. The resources of the library are available to everyone in the city free of charge only because hundreds of members have fostered its development

LBJ Cheer BeckonsNo EarlyBoom

Economists Give Report After Look

WASHINGTON (AP) — The economic good cheer radiated by President Johnson last week betokens no early boom; the gains he announced at two news conferences were good but definitely unspectacular.

Looking at the many business indicators now in hand for March, the first month of the massive federal tax cut, most government economists were:

First, a bit surprised that retail sales slipped slightly even though practically every wage-earner had more take-home pay; and

Second, considerably relieved to note that the modest gains provide neither reason nor encouragement for a whirl of higher prices.

Economists' View

Johnson broke the news on Thursday that national output hit a record rate of $668.5 billion in the first quarter, up nearly $37 billion from a year ago.

Most economists had expected something bigger. The $8.5-billion rise for the January-March quarter fell short by nearly $3 billion of the gain in the preceding quarter, and was somewhat smaller than even the quarter before that.

The sales volume of the nation's retailers—who had every right to expect a banner Easter month—declined 1 per cent from February after allowing for seasonal trends, according to the preliminary Commerce Department survey.

Orders Dip

The volume of new orders booked by durable goods manufacturers dipped 2 per cent, the first decrease since fall.

Most other indexes rose. But the record seemed to substantiate the forecasts of the President's Council of Economic Advisers that the stimulative impact of tax reduction will be spread out over a period of two or three years.

The council's chairman, Walter W. Heller, told the Midwest Economics Association in Chicago Saturday that the first-quarter rise in Gross National Product is "directly on the projected course" laid out in his January forecast.

At that time the council predicted a total output of about $623 billion for 1964, or a gain of some 5½ per cent from the first to the final quarters.

"This hardly sounds indigestibly rapid," Heller said. Buying demand will not outstrip production, he said; there will still be

20.8-Million State Aid Hike Signed

ALBANY, N.Y. (AP) — State aid to localities for general governmental needs will be increased by $20.8 million, or about 20, per cent, for fiscal year 1965-66.

Gov. Rockefeller announced today he had signed a bill providing the deferred aid, which is a stop-gap measure pending completion of a broad study on all state aid.

"Every locality in the state will benefit from the enactment of this bill," the governor said in his statement.

Other Bills

In action on other bills, Rockefeller:

— Signed a measure under which newcomers to the state may vote in presidential elections after 90 days' residency, instead of the present one-year waiting period.

—Vetoed a bill he said would impair effective administration of liquor laws by giving liquor-industry trade groups "an official role in the rule-making process of the State Liquor Authority."

—Rejected a measure that would have appropriated an additional $1.1 million in state aid to boards of cooperative educational services without specifying how the additional money was to be raised.

—Approved a bill establishing a two-member committee on physiotherapy to be appointed by the Board of Regents. The committee will participate in activities of the State Board of

Cuba Warns It Will Defend Air Space

HAVANA (AP)—The Castro government Monday night rejected U.S. claims to the right to send reconnaissance planes over Cuba and warned that it will defend Cuban air space.

Foreign Minister Raul Roa signed a threatening note to the U.S. government after Washington warned that its planes will continue to fly over Cuba and that use of Soviet missiles against them would create "a highly dangerous situation."

Says Responsibility Is U.S.

In his note, delivered to Swiss Ambassador Emil Stadelhofer for transmission to the United States, Roa replied:

—"The U.S. government would bear responsibility exclusively for creating this dangerous situation by violating national air space and ignoring international law."

—"The government of Cuba does not recognize any right claimed by the U.S. government for such violation and rejects entirely its note of March 27, 1964, in which it ratifies cynically its aim to maintain these spying flights over Cuban territory."

—"These blackmailing and threatening statements will not frighten the Cuban people or prevent them from defending with dignity and courage their sovereignty and their rights."

Implies Use of Force

Roa said the Cuban government "has protested repeatedly against these flagrant violations of Cuba's sovereignty and the most elementary principles of international law which endanger international peace and security."

Prime Minister Fidel Castro had warned in a speech Sunday night that Cuba would no longer tolerate violations of its sovereignty by American planes and implied the use of force to stop such flights.

One American reconnaissance plane, a high-altitude U2, was shot down over Cuba during the

Means of Checking Is Concern

Comment Is Split On Partisan Lines

WASHINGTON (AP) — U.S. and Soviet announcements of parallel plans to reduce production of nuclear weapons material brought questions from some members of Congress today as to how Soviet good faith could be checked.

Comment at the Capitol tended to split on partisan lines.

Republicans said it appeared an informal agreement had been reached lacking provisions for inspection and verification.

Basis of Approval

Many Democrats approved the decision President Johnson announced Monday in an address to the annual luncheon of The Associated Press for newspaper publishers in New York. They stressed belief that it was based on conclusions of American military authorities that the United States no longer needed to add to its stockpile of nuclear weapons material.

The President's action requires no formal approval by Congress but undoubtedly will figure in floor debates later on military policy and budgets.

In disclosing the cutback, Johnson said, "I am happy to say that Chairman Khrushchev has now indicated to me that he intends to make a move in this same direction."

Has Sound Information

Shortly after Johnson's announcement, the White House disclosed that since last Oct. 10 when the nuclear test-ban treaty became effective, the United States has obtained important information from its underground testing program.

A report to Johnson by Secretary of Defense Robert S. McNamara and Chairman Glenn T. Seaborg of the Atomic Energy Commission disclosed that the U.S. test program had been more extensive than the 20 underground explosions announced during the last eight months.

"Important information has been obtained on new weapons designs and weapons effects," they said. "The highest-yield nuclear device ever detonated in the continental United States was fired underground at the Nevada test site. Weapons effects tests have been carried out underground and others are being planned and prepared."

Members of the Senate-House Atomic Energy Committee were briefed on the cutback in nuclear weapons material production in secret Monday. Afterward, Rep. Chet Holifield, D-Calif., who presided at the meeting, said he considered it a "reasonable action." Atomic Energy Commission officials conducted the briefing.

Holifield said several committee members had become concerned two years ago that the Pentagon was not actually figuring its true requirements for nuclear explosives but simply was asking for all the AEC plants could produce.

In Line With Inquiries

Studies were ordered by the committee at that time and Monday's announcement was in

Coalition Still Functioning Is Souvanna Report

VIENTIANE, Laos (AP) — Cooped up in his villa by rightist rebels, neutralist Prince Souvanna Phouma declared today he and his coalition government still function.

Diplomatic reports from Saigon and elsewhere had said Monday that the day-old coup of right-wing officers had collapsed under the pressure of U.S. disapproval. That was at a time when communications from Vientiane and the outside world were all but cut off.

Still Under Wraps

But when the sun came up this morning, the guard still tramped around the villa, barring the way to anyone who tried to visit Souvanna.

Apparently under some kind of wraps preventing his speaking freely, Souvanna appeared on the balcony and called down to reporters below. It was under similar circumstances that he made the assertion that his coalition of neutralists, pro-Communists and rightists still is functioning.

U.S. Undersecretary of State William Bundy arrived in Vientiane on a special mission for President Johnson to emphasize Washington's disapproval of the

Conference of Junior Colleges Slated To Be Held in Kingston, Opens Friday

More than 200 administrators and faculty members of two-year colleges throughout New York State are expected to participate in the 17th Annual Conference of the N. Y. State Association of Junior Colleges starting on Friday, April 24 in the Governor Clinton Hotel, it was announced today.

Ulster County Community College is host college for the two-day conference.

The conference will open with registration at noon Friday. Speakers at the conference include Dr. Sidney G. Tickton of the Ford Foundation, who will discuss "Outlets for Higher Education" at the Friday afternoon session; Dr. Robert W. McEwen, president of Hamilton College in Clinton, N. Y., who will talk on "The Liberal Arts" at a banquet on Friday afternoon, and Joseph F. Carlino, speaker of the New York State Assembly, who will speak on "The Legislative Program and Higher Education in 1964" at a luncheon meeting on Saturday, April 25.

Conferees will also participate in panel discussion with the following topics and moderators: 'Effective Junior College Teaching," Dr. James F. Hall, president of Dutchess Community College; "Faculty Administration Relationships," Dr. Jacob Padgug, Nassau Community College; "International Dimensions and Social Studies," Robert McKinney, dean of Dutchess Community College; "Attacking Academic Deficiencies, etc., the Rev. John Filipelli, SSJ, of Epiphany Apostolic College, Newburgh, and "Transfer Arrangements," Kenneth T. Doran, associate dean of community colleges, State University of New York, Albany.

Other highlights of the conference will be special interest group discussions on Saturday afternoon for educators specifically interested in nursing education, college libraries, and in the teaching of specific subject areas.

The New York State Association of Junior Colleges is the professional organization of the junior colleges in New York State. President of the organization this year is Dr. John Watts, Dean of Cazenovia College, Cazenovia, New York. Both Dr. Watts and his wife, Mary, are former Kingston residents and will be remembered by many people in the community.

Proud of Selection

In commenting upon the conference, Dr. Dale B. Lake, president of Ulster County Community College, said: "I am very pleased and proud that our College was selected as the host college for this important conference. The community college movement in New York State is progressing rapidly with seven new public community colleges, including Ulster County Community College, opening in either 1963 or 1964. Throughout New York State there are about 50,000 people enrolled in the public community colleges and it is expected that this number will double by 1970.

The people of Ulster County are to be commended for their foresight and interest in bringing a college into their community. Over 1,000 different people have already registered for either full or part time study at our community college. The college has now been authorized to grant the Associate in Arts and the Associate in Applied Science Degrees and all of our curricula have been registered by the New York State Department of Education. We are pleased to welcome colleagues from throughout the state to the City of Kingston, and I am sure they will be impressed with the city and its hospitality."

Interesting Program

Registration for the Conference is scheduled from noon to 2:30 p. m. on Friday.

The program calls for Dr.

Teacher Retirement Council Says Deficit $175 Million

ALBANY, N.Y. (AP) — The counsel for the State Teacher Retirement System says the fund has a $175-million deficit and cannot afford to reduce the amount of revenue it collects from school districts.

Charles A. Brind, chief legal adviser to the system, declared Monday that misunderstanding was responsible for much of the criticism by local school officials who charge that the fund is taking in too much money.

Brind defended the system's financial operations at a closed meeting with school officials from Long Island, Syracuse, Schenectady and Niagara Falls.

The possibility of court action to force the system to reduce the amount it takes in from school districts has been raised by some Long Island school officials.

The local officials argued that the system could reduce payments in the next school year by approximately $35 million, and the sum could be applied towards other school expenses.

The state retirement system covers school districts outside of New York City, which has its own teachers-pension plan.

Districts in the state system have a total payroll of $900 million and will contribute 17 per cent of that amount to the retirement plan for the school fiscal year beginning July 1.

Mrs. Johnson Rides 9 Hours In Rain, Fog; Auto Stalls

By FRANCES LEWINE

WASHINGTON (AP) — Mrs. Lyndon B. Johnson took on a nine-hour motorcade ride home from Cleveland in heavy rain and fog Monday night, rather than try another bad - weather airplane ride.

She thought she'd "enjoy the adventure of driving" after an explosive - like lightning discharge frightened her and passengers aboard a United Airlines Viscount Monday.

The drive back proved to be an adventure, too, and Secret Service veterans said it probably will go down in their records as the longest auto trip ever taken by a First Lady.

En route, the President's wife stopped off for dinner at a Howard Johnson's restaurant, where she took a few minutes in the manager's office to telephone the White House to talk to her husband.

There was a private dining room set aside, under advance radio instructions, where steaks were ordered for all in the party of 19.

Trouble With Car

Later, her borrowed Cadillac developed mechanical trouble. No turnpike motorist ever got more speedy service. The car was driven right inside a service garage and the First Lady didn't even get out. Three waiting mechanics swooped down on the engine, quickly found the trouble — "the fuel filter was blocked" — and had a new filter

Conference of Junior Colleges Slated To Be Held in Kingston, Opens Friday

More than 200 administrators and faculty members of two-year colleges throughout New York State are expected to participate in the 17th Annual Conference of the N. Y. State Association of Junior Colleges starting on Friday, April 24 in the Governor Clinton Hotel, it was announced today.

Ulster County Community College is host college for the two-day conference.

The conference will open with registration at noon Friday. Speakers at the conference include Dr. Sidney G. Tickton of the Ford Foundation, who will discuss "Outlets for Higher Education" at the Friday afternoon session; Dr. Robert W. McEwen, president of Hamilton College in Clinton, N. Y., who will talk on "The Liberal Arts" at a banquet on Friday afternoon, and Joseph F. Carlino, speaker of the New York State Assembly, who will speak on "The Legislative Program and Higher Education in 1964" at a luncheon meeting on Saturday, April 25.

Conferees will also participate in panel discussion with the following topics and moderators:

'Effective Junior College Teaching," Dr. James F. Hall, president of Dutchess Community College; "Faculty Administration Relationships," Dr. Jacob Padgug, Nassau Community College; "International Dimensions and Social Studies," Robert McKinney, dean of Dutchess Community College; "Attacking Academic Deficiencies, etc., the Rev. John Filipelli, SSJ, of Epiphany Apostolic College, Newburgh, and "Transfer Arrangements," Kenneth T. Doran, associate dean of community colleges, State University of New York, Albany.

Other highlights of the conference will be special interest group discussions on Saturday afternoon for educators specifically interested in nursing education, college libraries, and in the teaching of specific subject areas.

The New York State Association of Junior Colleges is the professional organization of the junior colleges in New York State. President of the organization this year is Dr. John Watts, Dean of Cazenovia College, Cazenovia, New York. Both Dr. Watts and his wife, Mary, are former Kingston residents and will be remembered by many people in the community.

Proud of Selection

In commenting upon the conference, Dr. Dale B. Lake, president of Ulster County Community College, said: "I am very pleased and proud that our College was selected as the host college for this important conference. The community college movement in New York State is progressing rapidly with seven new public community colleges, including Ulster County Community College, opening in either 1963 or 1964. Throughout New York State there are about 50,000 people enrolled in the public community colleges and it is expected that this number will double by 1970.

The people of Ulster County are to be commended for their foresight and interest in bringing a college into their community. Over 1,000 different people have already registered for either full or part time study at our community college. The college has now been authorized to grant the Associate in Arts and the Associate in Applied Science Degrees and all of our curricula have been registered by the New York State Department of Education. We are pleased to welcome colleagues from throughout the state to the City of Kingston, and I am sure they will be impressed with the city and its hospitality."

Interesting Program

Registration for the Conference is scheduled from noon to 2:30 p. m. on Friday.

The program calls for Dr.

Teacher Retirement Council Says Deficit $175 Million

ALBANY, N.Y. (AP) — The counsel for the State Teacher Retirement System says the fund has a $175-million deficit and cannot afford to reduce the amount of revenue it collects from school districts.

Charles A. Brind, chief legal adviser to the system, declared Monday that misunderstanding was responsible for much of the criticism by local school officials who charge that the fund is taking in too much money.

Brind defended the system's financial operations at a closed meeting with school officials from Long Island, Syracuse, Schenectady and Niagara Falls.

The possibility of court action to force the system to reduce the amount it takes in from school districts has been raised by some Long Island school officials.

The local officials argued that the system could reduce payments in the next school year by approximately $35 million, and the sum could be applied towards other school expenses.

The state retirement system covers school districts outside of New York City, which has its own teachers-pension plan.

Districts in the state system have a total payroll of $900 million and will contribute 17 per cent of that amount to the retirement plan for the school fiscal year beginning July 1.

Mrs. Johnson Rides 9 Hours In Rain, Fog; Auto Stalls

By FRANCES LEWINE

WASHINGTON (AP) — Mrs. Lyndon B. Johnson took on a nine-hour motorcade ride home from Cleveland in heavy rain and fog Monday night, rather than try another bad - weather airplane ride.

She thought she'd "enjoy the adventure of driving" after an explosive - like lightning discharge frightened her and passengers aboard a United Airlines Viscount Monday.

The drive back proved to be an adventure, too, and Secret Service veterans said it probably will go down in their records as the longest auto trip ever taken by a First Lady.

En route, the President's wife stopped off for dinner at a Howard Johnson's restaurant, where she took a few minutes in the manager's office to telephone the White House to talk to her husband.

There was a private dining room set aside, under advance radio instructions, where steaks were ordered for all in the party of 19.

Trouble With Car

Later, her borrowed Cadillac developed mechanical trouble. No turnpike motorist ever got more speedy service. The car was driven right inside a service garage and the First Lady didn't even get out. Three waiting mechanics swooped down on the engine, quickly found the trouble — "the fuel filter was blocked" — and had a new filter

But Fair Stall-In Stays

Denies CORE Will Hit Subways, Commuters

NEW YORK (AP) — The World's Fair auto "stall-in" set for opening day Wednesday is on despite a court order forbidding it, civil rights organizers say.

They plan to have 2,000 cars "run out of gas" on major access roads to the fairgrounds in Queens, snarling traffic to call attention to civil rights campaigns here. The restraining order, issued Monday, would make the organizers subject to contempt of court citations.

Prepare for Jam-up

Newspaper reports of plans to also tie up fair-bound subway and commuter trains were denied by Marshall England, chairman of the Manhattan chapter of the Congress of Racial Equality.

"These statements were made by our enemies," England said.

Nevertheless, police and the transit authority were preparing for any transport jam-up that might develop.

Newspapers have said that secret plans call for CORE "foot soldiers" —those without cars — to pull emergency cords on fairbound trains, and load up ticket lines at fair entrances — without buying tickets.

There were reports that traffic snarl-ins will be conducted in other cities in sympathy with the New York demonstration.

Chicago and Detroit were among the larger cities where traffic jams will be developed, civil rights leaders said.

James Farmer, national director of CORE, who suspended the group's Brooklyn chapter for proposing the stall-in, disclosed Monday plans for "massive civil disobedience" at the fair Wednesday.

He declined to say how many demonstrators would take part or what form the protest would take. But he defined civil disobedience as an "act which could cause one to get arrested." He said no violence would result.

LBJ Is Expected

President Johnson is scheduled to visit the fair for the official inauguration ceremonies.

Farmer said demonstrations have been planned for the fair pavilions of New York City, New York State, General Motors, Ford, Schaefer Beer, New England, and the states of Mississippi, Maryland, Louisiana, Illinois, Florida and Missouri.

The stall-in restraining order issued in State Supreme Court in Queens forbids any attempt to tie up highway travel to the fair. The order, obtained by Queens Dist. Atty. Frank O'Conner, is returnable Thursday when the court will decide whether to make it permanent.

A spokesman for Brooklyn CORE, which organized the stall-in, said the demonstration would go on as planned.

Ohio Legislator Asks Inquiry in Clay's Flunking

WASHINGTON (AP) — Rep. Frank T. Bow, R-Ohio, has called on the House Armed Services Committee to conduct an intensive investigation of the Selective Service system—centered around the recent rejection of heavyweight boxing champion Cassius Clay.

The Army, meanwhile, in a letter from Secretary of the Army Stephen Ailes to committee Chairman Carl Vinson, D-Ga., said Clay was rejected after he "honestly and truly" failed draft mental tests, and it was confirmed by experts that he did not fake the results to avoid induction.

Bow said:

"It is difficult to believe that Cassius Clay cannot pass the simple mental examinations. I is difficult to resist the thought that he was rejected because the Army did not know what to do with him if they had him."

Clay was rejected following tests both before and after he won the championship from Sonny Liston last Feb. 25.

Flunked Mental

In the letter to Vinson, which was made public Monday, Ailes said that when Clay was examined Jan. 24 in Coral Gables, Fla., he "met all the requirements for induction except the mental standards."

The secretary said Clay then was "given additional testing and psychological evaluations to determine if he was a true deliberate failure. . . (and) it was determined by the personnel psychologist that Clay was a true failure and gave no evidence of malingering."

Ailes said that after he reviewed the record he decided to have Clay re-examined "to eliminate any element of doubt as to his true mental ability and the possibility that anxiety about the forthcoming tile figh migh have influenced his test scores."

At his second examination, held March 14 in Louisville, Ky., Clay again failed to qualify.

The Army Department had sent a senior psychologist to observe Clay, and he agreed with this finding. Ailes wrote that it "was supported by Clay's standing in the lowest five per cent of his high school class."

Capitol News in Brief

By THE ASSOCIATED PRESS

WASHINGTON (AP) —In the news from Washington:

RUSK: Secretary of State Dean Rusk returned Monday from his inspection tour of South Viet Nam and said the new Vietnamese ruler, Maj. Gen. Nguyen Khanh, is "on the right track and making progress."

Rusk reported to President Johnson on his 10-day trip to Manila, Formosa and South Viet Nam.

CENSUS: The government hopes to learn in an elaborate experiment next month whether it can conduct a good share of the next census by mail, thus saving several million dollars.

It cost about 30 cents a person to count the 180 million population in 1960 and there will be an additional 25 million or so to count in the next census.

To get an idea what percentage of the population would fill out a simple census form sent by the mail, a sample test census will be conducted May 14 for the estimated 750,000 persons in the vicinity of Louisville, Ky., and a nearby Indiana area.

MORSE: Sen. Wayne Morse, D-Ore., has challenged supporters of U.S. policies in South Viet Nam to try to get Congress to pass "a declaration of war."

He took the floor after five Democratic colleagues took issue with his labeling the South Viet Nam fighting as "McNamara's war."

Morse, who has demanded the withdrawal of U.S. troops from South Viet Nam, described his colleagues' speeches as "largely a defense of the patriotism" of Secretary of Defense Robert S. McNamara and a tribute to his brilliance as an administrator.

Morse said he would second that but declared: "Not one voice has yet answered my contention that the United States, under the leadership of Defense Secretary McNamara, is fighting an illegal and unwise war in Viet Nam. That is why I call it McNamara's war."

Barclay Heights Light District Hearing, Tonight

A public hearing on the proposal to establish a light district in the Garden Circle housing development at Barclay Heights will be held 8 o'clock tonight in Saugerties Town Hall, Main Street.

The district, if approved, will be known as the Garden Place Lighting District. The area includes the easterly side of Route 9W including Garden Court and Garden Circle. The total assessed valuation of the property involved is $52,525. The estimated cost to light district taxpayers will be $5.44 based on $1,000 of assessed valuation.

If approved Central Hudson Gas and Electric Corp., will install seven 2,500 lumen lights at a cost of $41 each per year.

Faces Peace Justice, Held as Drunk Driver

A West Hurley motorist, arrested Monday night on a charge of driving while intoxicated after a two-car collision on Route 28 in the Town of Hurley, was scheduled to appear later today before Peace Justice Edmund Bower of that township, to answer the charge.

Lawrence John Ryan, 49, of Broad Street, West Hurley, was released from Ulster County Jail on bail. He had been jailed after his arrest when he was unable to post bail immediately.

Trooper Robert Mackey said Ryan was driving east on Rt. 28 about a mile west of Rt. 375 about 8:15 p. m. when his car crossed onto the westbound lane and struck the left front of a car operated west on the highway by Marvin Lionel Friedman, 38, of Spring Street, Kingston.

Asked to Mediate Dispute

ANKARA, Turkey (AP)—Premier Ismet Inonu of Turkey says he has been approached to act as mediator in the Kashmir dispute.

Inonu, 80, told newsmen Monday both India and Pakistan want him to mediate but he won't decide until Foreign Minister Feridun Cemal Erkin returns from the Central Treaty Organization meeting in Washington this week.

AT NYTRALITE QUARRY—Operation at Nytralite plant is to take raw shale out of quarry, crush it down, then put it through a kiln heated with 2200 degrees at which time it bloats to about double the size of raw shale. It then weighs about half as much as crushed stone. Nytralite has made an important contribution to the growing lightweight aggregate industry with its new rotary kiln plant at Eddyville. (Freeman photo).

FINISHED PRODUCT—Various sizes of aggregate, after clearing through cooling process, are lowered on conveyors to barge loading facilities on Rondout Creek at Eddyville plant two miles south of Hudson River. Nytralite officials point out that Esopus shale is not subject to erosion, contains low percentage of silica and alumina and is very low in calcium and magnesium carbonates. (Freeman photo).

Merits of Local Aggregate Are Explained by Nytralite Officer

Basic components for a new dust collection system, known as a Ducon wet scrubber, have arrived at the Nytralite Aggregate, Inc., Division of the New York Trap Rock Corp. plant in Eddyville, and work to install the equipment is expected to start soon.

Henry J. Schwellenbach, vice president of NYTR in charge of Nytralite Aggregate Division, explained the dust collection system is made of stainless steel and cost more than $100,000. He noted that the lightweight aggregate is going into the floor of the new Ulster County office building now under construction at Main and Fair Streets.

Schwellenbach explained that the product requires less steel for the new office building and it is considerably more fire resistant than ordinary concrete. He said it also eliminates the amount of footing ordinarily necessary and will keep the cost of the building down.

Cites Lower Cost

The company executive pointed out that the architects specified the use of lightweight aggregate in construction of the uptown county building. Lightweight aggregate is used "in high rise building" Schwellenbach stated.

The product was used in highly specialized type of buildings such as the Kodak building and many other structures at the New York's World's Fair, the new 20-story high dormitory-type apartment building at 560 Riverside Drive, New York City, which will house Columbia University faculty members and their families. The building has 182 apartments.

Nytralite Aggregate, Inc., made an important contribution to the growing lightweight aggregates industry with its new rotary-klin plant at Eddyville. This 1,500-cubic-yard per day operation is notable for its soundness of design, and the high degree of automation and control which are comparable to the most modern cement plants. These features are credited for low fuel rate, and high and uniform product quality.

One of Largest

The new rotary-klin at Eddyville is said to be the largest single kiln plant in this country making a sealed-type aggregate, and one of the largest of any type.

With the intention of providing lightweight aggregates to the New York metropolitan area by water, as it has long provided crushed stone, the New York Trap Rock Corporation, had for several years searched for a suitable deposit in the Hudson River Valley. This deposit was finally selected on he basis of quality and availability and its proximity to water shipment. It is a dense blue-black shale, with light overburden, which processes into a sealed- type aggregate meeting all ASTM and other specifications for weight per cubic foot, graduation, specific gravity, absorption, combustibles, soundness.

The operation at the Eddyville plant is to take raw shale out of the quarry, crush it down, and then put it through a kiln heated with 2200 degrees at which time it bloats to approximately twice the size of the raw shale. It then weighs about half as much as crushed stone per cubic yard, Schwellenbach explained.

Guard Against Dust

The new Ducon wet scrubber will be used in addition to the dust collection system already in operation at the local plant. Dust collectors are already functioning at the primary and secondary crushers and cooling and screening units.

In the design of the plant at Eddyville, provision was made for separate control of the four important operating departments, with ample surge storage between them. Crushing of the shale, Schwellenbach said, is done in two stages, with a roll primary crusher and an impactor-type secondary selected to provide a highly cubical product. The surge storage between them makes it possible to work the primary (and the quarry) eight hours a day, five days a week, and the secondary 20 shifts and seven days a week to provide the plant's needs.

Schwellenbach, in explaining further operations at the Eddyville plant, said the crushed product is screened into two kiln feed sizes for better bloating This careful presizing for burning also eliminates crushing of the finished product and retention of its sealed characteristics. The rotary kiln is one of the largest ever built for lightweight aggregate. It has heat-exchanging lifters, chains and crosses, and an enlarged bloating zone.

Explains Composition

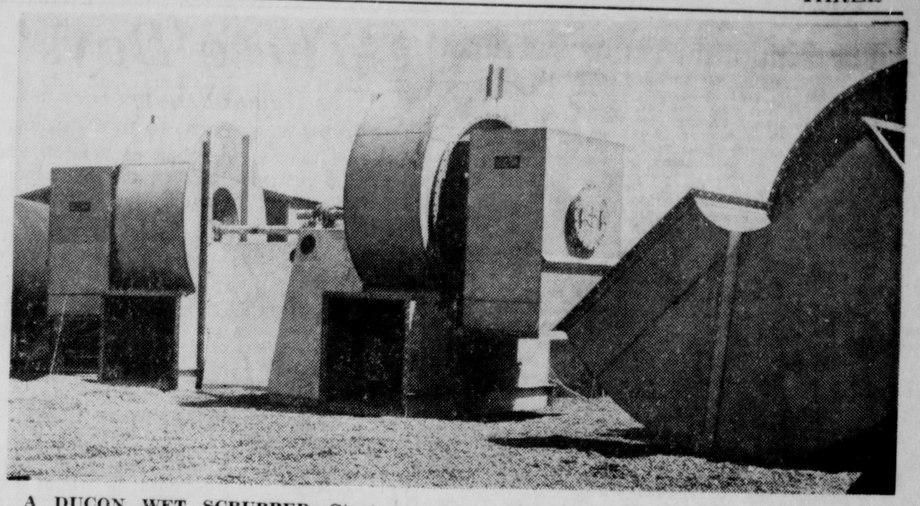

The corporation executive pointed out that three screened sizes of sealed aggregate are withdrawn from separate stockpiles downhill via stone ladders and belt conveyors to the barge-loading facilities on Rondout Creek, two miles from the Hudson River. The deposit is the Esopus shale of the Paleozoic Age which is blue-black, hard and dense, and not subject to weathering. It contains a low percentage of silica and 23 per cent alumina, and is very low in calcium and magnesium carbonates. Unlike other similar deposits, it is not mixed with limestone, and it has no inclusions of objectionable materials. The company's extensive deposit varies from 200 to 300 feet in depth, with at least 100 years' supply. The shallow overburden is removed.

Schwellenbach noted further that two quarries have been developed, and one of these is now being used. This has a 40-foot face. Airtrac rotary drills and ammonium nitrate explosives are being used.

$250,000 Yearly Payroll

About 50 persons are employed at the Eddyville plant, where the payroll averages about $250,000 a year, Schwellenbach said. He stated that the firm purchases supplies and services locally at an annual cost of a half million dollars.

Roy Reid of Kingston is manager of the local plant. He was assistant superintendent at Howe Caves for Marquette Cement Manufacturing Company before joining Nytralite. Irving Tucker of Accord is general foreman of the plant and William J. Reilly of Kingston is office manager.

London Blacked Out

LONDON (AP)—A power failure which blacked out much of London Monday night was blamed on two simultaneous accidents—a fire at a generating plant and a relay station breakdown.

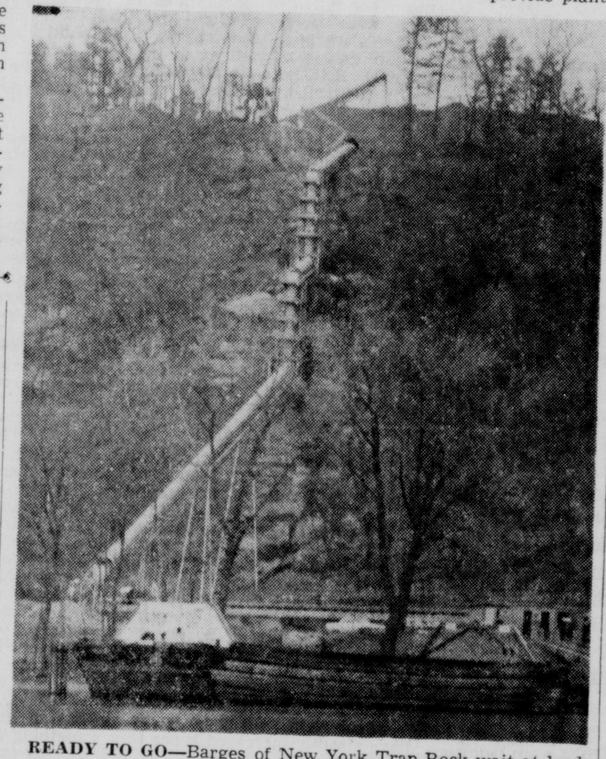

The failure put Buckingham Palace and Picadilly Circus into darkness.

Subway trains were stranded and even the Windmill burlesque theater, which boasts it never closed during World War II was forced to cancel its night show. Another casualty was the opening of the British Broadcasting Corp.'s new channel 2, which had to be postponed 24 hours.

A spokesman for the Central Electricity Board said normal supplies were restored to the city this morning by emergency hookups into the national power grid.

The annual chicken dinner sponsored by the Rondout Valley Lions Club will be held at the Marbletown Central School Saturday. Serving will start 5 p. m. Tickets will be available at the door or may be obtained from any member.

Rocky to Visit Bayou Country, Pledged to Barry

NEW ORLEANS (AP) —Gov. Rockefeller visits Louisiana today, just three days after the state's Republican party gave a ringing endorsement to one of his rivals for the GOP presidential nomination.

Rockefeller's appearance in New Orleans was billed as nonpolitical.

He will speak on Latin American affairs at a noon luncheon of the Annual Pan-American Press Seminar after receiving an award from the city's International House for furthering hemispheric cooperation.

A special guest at the luncheon will be the governor's brother, Winthrop Rockefeller, who recently announced he would run for governor of Arkansas as a Republican.

Newsmen from North and South America are attending the three-day seminar, an event sponsored jointly by International House and Pan American Life Insurance Co. of New Orleans.

Louisiana's 20 votes at the national convention have been sewed up by Sen. Barry Goldwater of Arizona. The state GOP convention at Alexandria last Saturday endorsed Goldwater's nomination and instructed the national convention delegation to vote for Goldwater until released by him.

Gardiner Changes Date of Town Board Meeting

In order that members of the town board of the Town of Gardiner and citizens of that area may attend the New Paltz Central School budget hearing, the Town of Gardiner town meeting has been postponed until May 7. At the postponed meeting there will be a hearing on a proposed trailer ordinance as well as other routine business.

Supervisor George Majestic in announcing postponement of the town board meeting until May 7, said that he urged all citizens to attend the budget hearing on May 5 at 8 p. m. at the New Paltz High School auditorium. He suggested that a careful study of the Central School budget be made prior to the meeting since the budget proposed will be higher than the present budget.

All citizens of the Central School district are urged by Supervisor Majestic to check and ascertain whether they are eligible to vote at the coming school election. The last day for registration to vote is April 25, when registration will take place at the New Paltz Central High School auditorium. All who did not vote last year, even though registered last year, must register this year to be eligible to vote.

One of the propositions to be voted on at the coming election is the purchase of five school buses, Majestic said.

HIGHWAY CARNAGE

Of all the grim records of violence and death down through mankind's long history, perhaps the strangest and most tragic is the story of the automobile and its annual army of victims.

Since the first horseless carriage chugged noisily down coblestone streets, more than 60,000,000 Americans—killed, crippled and maimed—have inscribed their names on what has been aptly referred to as "the dishonor roll." By whatever name, the yearly casualty count continues its shameful, senseless growth.

Last year was no exception. In fact 1963 claimed the dubious distinction of being the worst single year in the history of highway safety. During its twelve months, automobile accidents were responsible for more deaths than the U. S. armed forces suffered in the entire Korean War.

According to an authoritative report by The Travelers Insurance Companies, the nation's traffic death toll surged to an all-time high as a total of 42,700 men, women and children died on our streets and highways. The annual countrywide survey based on information provided by state motor vehicle departments revealed that the 1963 carnage topped the figure of nearly 40,000 persons killed in 1941—a record high which stood for twenty years—and even surpassed the new record of 40,500 deaths established in 1962.

Incredibly, more persons have died on the highways than on our nation's battlefields; more have been injured in auto accidents than in all the world's war combined.

This roll call of highway fatalities is no secret document hidden from the public gaze. In newspapers and bulletins, legal and police reports, in courtrooms and judges' chambers, the names on the dishonor roll and their innocent victims are made known to all. And not the names alone, but the catalogue of their deeds; driving while drunk, speeding, violating the rules of the road, failure to dim lights, driving on the wrong side of the road, etc.

These are a few of their offenses. In an endless roll call the names are read, and the judgments given. Then, all too often, the dishonored heedlessly proceed to emblazon their names again on the shameful record.

What is the solution to this national disgrace? Obviously, no one has found it to date. Statistics, pledges and slogans have seemingly had little effect on the American public. None of these has brought about lasting improvement in any segment of the basic problem. None of them has sparked that dead-serious personal commitment to greater care behind the wheel which is necessary if we are to reduce the spreading epidemic of traffic slaughters.

When will we succeed in bringing the scourge of needless casualties under some degree of control? Frankly, no one really knows the complete answer.

Perhaps no significant improvement can be expected until the great majority of us learn to look upon the problem as a personal challenge rather than one which is primarily up to the other fellow!

PRAYERFUL DECISION

The U. S. Supreme Court decisions banning state-composed or state-ordered prayers and Bible reading in the public schools have resulted in a batch of proposed amendments to the Constitution.

No less than 146 congressmen have introduced bills to modify the First Amendment to permit religious exercises in the schools. The House Judiciary Committee will begin hearings soon.

Polls have shown that the overwhelming majority of Americans oppose the Supreme Court's stand.

UNDERWATER TOURS

Those nasty little digs about the Swiss navy may come home to roost after all, one of these days. The world's first tourist submarine is now plying the waters of Lake Geneva, and who knows what may develop next?

The passenger submarine is fascinating in itself, whether or not it leads to development of an inland fleet. This 160-ton mesoscaphe, intended to be the big attraction at the Swiss National Exhibition opening April 30, will carry 40 persons on sightseeing tours in the famous lake.

There is one small fly in the ointment. The aforesaid famous lake has also become notorious for pollution and a bumper crop of underwater grass. Thus the view of sightseers may be somewhat restricted. Even so, what could be a pleasanter way to spend a hot summer afternoon than to submerge in the cool depths of Lake Geneva and watch the underwater world go by?

'These Days'

By JOHN CHAMBERLAIN

THE LADY WAS WINNING HER CRUSADE

Rachel Carson, the "nun of nature" whose beautifully written attack on the indiscriminate use of pesticides, "Silent Spring," brought her into conflict with farmers and the chemical industry a couple of years ago, died of cancer just as the evidence was growing that she was winning her crusade.

Even as she lay dying a Senate Committee headed by Abe Ribisoff of Connecticut was busy conducting hearings on the widespread decimation through poison of the fish population of the lower Mississippi River. The Senators were impressed by the evidence that endrin, DDT and dieldrin, sprays that have been widely used on crop lands throughout the Mississippi basin, have been accumulating in the tissues of fish and other wild life to the point where they can suddenly become lethal. While the Public Health Service, which has questioned the use of endrin, has made no absolute statement that the sprays pose an "immediate" health hazard for human beings, the Senators were left with the implication that what can kill a fish might also kill a man.

In Britain, even before Miss Carson died, the use of dieldrin and aldrin had been banned. Britishers, with a smaller and tighter land area and more concentrated populations to protect, have been more concerned than Americans over Miss Carson's warnings that sprays could build up in human tissues as well as in the vital organs of animals. Britishers, incidentally, have also been more skeptical than Americans about the possible long-term side effects of putting fluorides in the public water supply.

The hopeful thing about Miss Carson's crusade is that plain common sense will not have to wait upon government action to clinch the point with chemical manufacturers that different types of sprays must be developed. Fortunately, German chemists have succeeded in synthesizing phosphate compounds that will kill insects immediately without hurting people and without posing residual problems that are menacing to fish and birds. These phosphate compounds, according to agricultural station scientists, have a toxic potency that lasts only from two hours to two days, and thus will not build up in the soil or become long-term danger to life that depends on farm crops or on water that seeps from gardens and corn fields into reservoirs and river systems.

The development of insect-killing but otherwise safe synthetic phosphate compounds by German chemists is perhaps the only worthwhile by-product of Adolf Hitler's big war gas experiments. The Bayer Company, famous for its aspirin, undertook to test war gases for the German military machine by trying them out on insects. Neither side dared to use gas as a weapon on the battlefield, but the experimentation in Germany led to the phosphate compounds. Some of these have been imported into the U. S., and some are even being made here. The Chemagro Corporation of Kansas City, headed by Bayer people who took over a chemical division of the Pittsburgh Plate Glass Company, is producing sprays which the agricultural experiment stations cautiously welcome.

Meanwhile, the agricultural station scientists have steadily increased hopes that something may come of the idea of fighting crop-devouring insect life by spreading infectious diseases among caterpillars. They think that significant developments on this "bacteriological front" may be just a couple of years away.

All of this activity must have pleased Miss Carson no end. If anything could have reconciled her to the knowledge that her own days were numbered, it would have been the certainty that her warnings had been accepted by people in a position to act effectively upon them. The eulogy of Miss Carson with which Senator Ribicoff opened a recent hearing of his committee was a heartfelt reminder that her crusade will be pressed to a conclusion.

The Doctor's Mailbag

Intense Desire for Child Creates False Pregnancy

By WAYNE G. BRANDSTADT, M.D.
Newspaper Enterprise Assn.

Q—About a year ago, my doctor told me I had false pregnancy. After about 9 months, my stomach went down but it is not back to normal yet and I still have the same feeling of being kicked from the inside. What causes false pregnancy and how long does it take to get over it?

A—False pregnancy often occurs in young married women who intensely desire a baby. It is also common in women who are nearing the menopause. There is an amazing increase in the size of the abdomen which may be due to an abnormal and rapid accumulation of fat, to gas in the intestines or, more rarely, to fluid in the abdominal cavity. The movements thought to be due to a baby's kicking are caused by sudden contractions of the intestines or the muscles of the abdominal wall.

Once a woman with this condition is convinced that she is not pregnant, the symptoms should subside. If excess fat is a factor, you will have to diet to reduce. I have given suggestions several times in the past for the relief of bloating.

Q—The doctor told my daughter who is pregnant that she has a tipped womb. Will this make delivery harder for her?

A—A uterus may be abnormally tipped either forward or backward. Forward tipping may cause great discomfort during pregnancy and make delivery very difficult. When the degree of tipping is severe, it may be considered by some doctors a reason for Caesarean section.

Backward tipping is more common and is a frequent cause of early miscarriage. In many women, however, as pregnancy proceeds, the uterus straightens out automatically. If this does not occur, the doctor is often able to manipulate the pregnant uterus back into the normal position.

Q—Is a man in his 50's too old to father a child? Is it dangerous for a woman in her 40s to have a baby if her change of life has started?

A—There is no known age limit to a man's reproductive power. Pregnancy in the 40s is associated with no special dangers for the woman who has borne one or more children. If, however, this is a first pregnancy, I would strongly recommend Caesarean section.

Q—My daughter is anemic and she is pregnant. Will she be able to carry the baby the full nine months?

A—There are several forms of anemia. Fortunately all can be controlled with proper medical treatment. If your daughter is getting such treatment, there is no reason why she should not have a normal delivery and a normal baby.

Washington News

WASHINGTON — (NEA) — With economy-conscious officials turning out the lights all over town, it's a bit of a surprise to hear anybody dare to argue for "more Indians" in some agencies. But the case is pleaded here and there.

The State Department, long a whipping object for both the congress and the public, is one such place.

A young department official, who has to remain anonymous, is somewhat astonished to note how often highly qualified junior officers have to turn from substantive matters to doing their own filing and other routine chores.

In his view, the lack of a judicious sprinkling of secretaries makes part-time clerks out of men who should be focusing totally on the departmen's creative business.

The official here quoted used to work on Capitol Hill. The clerical help he could call upon then make those days seem a luxury. He recalls the bland assumption that a telephone request from a lawmaker's office would set hordes of otherwise under-used bureaucrats scurrying to supply answers.

From his new vantage point, he sees that department employes do indeed scurry when a request is made. But the task is not handled by Indians resting on the bench. People often set aside basic, important foreign policy work to satisfy a query.

The young department officer estimates that perhaps a fifth of the department's time is taken up in its relations with Congress — preparing for appropriations and authorization bills, answering mail and other inquires, keeping records with a particular eye on next year's congressional hearings.

THE SITUATION, HE SAYS, is not far from that complained of ruefully in the World War II by a young chair-bound lieutenant who said: "I've got so many reports to make out I haven't got time to do the things I'm supposed to report about."

The penalty for all this, it is suggested, is that many men who should be thinking and planning ahead simply do not have the time for it. When a foreign policy crisis develops, these gaps in preparation are quickly revealed.

Ironically, when trouble brews and the department's responses are sometimes less than adequate, loud protests inevitably are heard in Congress. An old, tired question is put again: "What are those striped-pants boys doing down there?"

The answer, some would say, is spending too much time attending to Congress.

MANY WHO MOVE FROM a congressional setting to the executive branch are struck by another thing. The anonymous State Department man expresses it:

"It's a shock to come from the relative simplicity of Capitol Hill to the complexities involved in operating the government.

The late President Kennedy and some of his key aides often remarked the difference, especially in the foreign policy field. In the White House and the many agencies, government has a tangled, gray look that no outsider, no matter how long on Capitol Hill seems wholly able to comprehend.

If this notion needs further underscoring, that seasoned lawmaker, President Johnson, seems to be providing it. Testimony is ample that he has found the intricacies of foreign policy to be his hardest lessons. There is no short course.

Trying to Interpret That Primary Vote in Illinois

BY DAVID LAWRENCE

WASHINGTON — President Johnson could readily be classed as a "pro" in national politics, and he showed his insight even into the techniques of the opposite party when he said at his latest news conference that Sen. Goldwater "is up there pretty high" in the Republican Presidential contest.

Mr. Johnson, in an apparently disinterested vein, passed out some information on the Republican race which corresponds with what the insiders in the Republican party here have been saying among themselves. The President commented as follows:

"One of the men I talked to yesterday, who is very knowledgeable in public affairs, told me that he thought if Sen. Goldwater carried California — and Illinois, as he has — if he carries Texas as he expects to, without any question, and the other Southeastern states, probably having Arizona and some of the states like Montana and Wyoming, that potential was some 632 votes, without one or two other states that they considered could go his way.

"It looked like a pretty solid figure, over 500, the way it was going now. I haven't checked it and I don't know anything about it. But when you take the Southeastern votes that have indicated they are for him, and add to them Illinois, Texas and California, what he might pick up in some of the other states, I think he will be up there pretty high."

While many Republican observers throughout the country see the race the same way, some of them are frank to note that if Goldwater doesn't make it, many of his votes will be passed on to former Vice President Nixon.

Incidentally, what the President said and what his informant told him are in direct contrast with recent reports in newspapers analyzing the primary election in Illinois.

Several writers, for instance, drew attention to the fact that Sen. Goldwater got 64 per cent of the Republican vote in the Presidential-preference primary, but that he polled only 51 per cent of the Republicans who went to the polls to vote for a gubernatorial candidate. This comparison isn't really significant at all, because again and again the total number of votes cast for Governor have been in excess of those cast for President.

In the Illinois primary this year, the names of both the gubernatorial and Presidential candidates were printed on the same ballot, but only Sen. Goldwater and Sen. Margaret Chase Smith were officially listed in the Presidential race. So the voting for Lodge and Nixon had to be by write-in. A total of 800,000 votes were cast for the Presidential nominees, while one million voted for the Republican candidates for Governor in the primary. Persons who worked in the campaign in Illinois say that the gubernatorial race was much more hotly contested and attracted far more interest than did the Presidential primary.

But even this doesn't answer all the questions that could be asked. While Sen. Goldwater got 513,000 votes out of one million cast for all the candidates — a clear majority — the question arises as to how many of the 206,000 votes cast for Sen. Margaret Chase Smith, for example, were a compliment to the first woman candidate and whether the bulk of those cast would have gone to Ambassador Lodge or former Vice President Nixon if their names had been on the ballot. As it was, a write-in of 52,000 for Mr. Lodge and approximately 25,000 for Mr. Nixon raises the question of how these two groups of voters would have recorded their likes or dislikes if the ballot had been solely between Sen. Goldwater and Mr. Lodge, or between the Arizona Senator and Mr. Nixon.

In many states, candidates in the primaries for the party nomination for the Presidency, for the governorship and for other offices are on the same ballot. In many states they are not. In a few big states, voting machines make it difficult to split a ticket when there are so many candidates listed for a number of offices.

One of the phenomena of American elections is the way in which members of Congress sometimes run far ahead of the nominees for President and sometimes far behind. A few decades ago, when there was a simple ballot, the Presidential nominee usually carried along on his coattails the Congressional nominees of his own party. But this doesn't happen today. In recent years, only 90 out of every 100 persons voting for President have taken the pains to vote for Congressional candidates. There is plainly an indifference to the Congressional elections. And yet sometimes when a contest is sharp and the race is bitter, the total votes cast in a Congressional election in some districts will far exceed those cast for the Presidential candidates.

There seems to no explanation for the erratic behavior of the voters themselves as recorded in the totals. There is no adequate explanation either as to why so many people do not vote at all. It is true that sometimes personal emergencies or other difficulties in getting to the polling places prevent voters from casting their ballots, but more often than not it is lack of information about any of the candidates or the issues which produces either bewilderment or indifference—and often both.

DO YOU REMEMBER

By SOPHIE MILLER

April, 1964 not only ushers in spring to Kingston, and flowers, but a new Kingston Plaza Shopping Center, with room for some 1,700 free parking cars. On April 14, when the Grand Union had its big formal opening, although it rained many cars were coming in. I noticed customers in the Elite Tonsorial Parlor, getting a haircut. Can you imagine, you now can once again go to a Kingston barber-shop, and get a haircut without worrying about the parking meters.

I also noticed on this April 14, that the Empire Market at 61 Albany Avenue was closed. Going further down Albany Avenue, remember the handsome Abramowitz Mansion at 195 Albany Avenue which was taken down last year in such a hurry, I thought I would see some activity there on the proposed buildings for the elderly. Somewhere I had heard that many had signed up for their housing or apartments. No doubt, with this lovely spring weather, any day, the digging will start up there. The year 1964 is going to be a big year for Kingston, so it seems with urban renewal and all.

With Kingston growing in all directions, I am sorry that the local TV did not stay, for all these constructions, improvements and changes could have gone on before our very eyes with the powers that be telling us all about it. No doubt, as one reader said, it might come about through local public effort, and with it a service of a publicly owned tower, so that service could be had by house owners and tenants, for perhaps one dollar a month or so. Once the line is in to the home, it's there, and that would bring a fine revenue to the city, perhaps even more than parking meters and with pleasure instead of a grumbling. Presently such a service is $4.95 per month, nearly $60 yearly.

I have before me a Kingston Freeman dated October 6, 1955 and in a food market on North Front Street I see such bargains as "leather dog leashes 19 cents. Dog food 3 cans for 25 cents. Evaporated milk, 4 for 47 cents. Franks 39 cents a pound." Butter was 67 cents a pound and chopped beef was 29 cents a pound. You could get beef liver for 39 cents a pound, and various lunch meats for 39 cents a pound. Coffee was 69 cents a pound. I see that in April of 1964, coffee took a jump. Those were the days when Schindels was at 57 Albany Avenue, in the Kingston Shopping Center next to Empire Market. I remember they had 'good buys' in that store. They then had five other stores besides the one in Kingston.

In looking through a Kingston Freeman and Journal of Friday, Feb. 6, 1925, I see the common council adopted the city zoning ordinance. It was adopted Tuesday evening by the common council by a vote of 9 to 2. The new ordinance provided for the appointment by the mayor of a board of appeals of five members who will serve without compensation for a term of three years. This board was to meet once a month, and all meetings to be public. When the roll call was taken on the question of adoption, Aldermen James J. Sweeney and Fox did not vote. Those voting in favor were: Aldermen Beichert, Joy, Seitz, John T. Sweeney, Edinger, Neice, Everett Smith and Flannery. The details can be found on page 9 of that paper.

Feb. 6, 1925 there is an item, how Burton Cline of West Union Street with a force of men were trying to raise the touring car of Morris Miller from the bottom of the Hudson River, some 39 feet of water. It sank several weeks before that when Mr. Miller was taking some passengers across the ice to Rhinecliff.

HIGHWAY CARNAGE

Of all the grim records of violence and death down through mankind's long history, perhaps the strangest and most tragic is the story of the automobile and its annual army of victims.

Since the first horseless carriage chugged noisily down coblestone streets, more than 60,000,000 Americans—killed, crippled and maimed—have inscribed their names on what has been aptly referred to as "the dishonor roll." By whatever name, the yearly casualty count continues its shameful, senseless growth.

Last year was no exception. In fact 1963 claimed the dubious distinction of being the worst single year in the history of highway safety. During its twelve months, automobile accidents were responsible for more deaths than the U. S. armed forces suffered in the entire Korean War.

According to an authoritative report by The Travelers Insurance Companies, the nation's traffic death toll surged to an all-time high as a total of 42,700 men, women and children died on our streets and highways. The annual countrywide survey based on information provided by state motor vehicle departments revealed that the 1963 carnage topped the figure of nearly 40,000 persons killed in 1941—a record high which stood for twenty years—and even surpassed the new record of 40,500 deaths established in 1962.

Incredibly, more persons have died on the highways than on our nation's battlefields; more have been injured in auto accidents than in all the world's war combined.

This roll call of highway fatalities is no secret document hidden from the public gaze. In newspapers and bulletins, legal and police reports, in courtrooms and judges' chambers, the names on the dishonor roll and their innocent victims are made known to all. And not the names alone, but the catalogue of their deeds; driving while drunk, speeding, violating the rules of the road, failure to dim lights, driving on the wrong side of the road, etc.

These are a few of their offenses. In an endless roll call the names are read, and the judgments given. Then, all too often, the dishonored heedlessly proceed to emblazon their names again on the shameful record.

What is the solution to this national disgrace? Obviously, no one has found it to date. Statistics, pledges and slogans have seemingly had little effect on the American public. None of these has brought about lasting improvement in any segment of the basic problem. None of them has sparked that dead-serious personal commitment to greater care behind the wheel which is necessary if we are to reduce the spreading epidemic of traffic slaughters.

When will we succeed in bringing the scourge of needless casualties under some degree of control? Frankly, no one really knows the complete answer.

Perhaps no significant improvement can be expected until the great majority of us learn to look upon the problem as a personal challenge rather than one which is primarily up to the other fellow!

PRAYERFUL DECISION

The U. S. Supreme Court decisions banning state-composed or state-ordered prayers and Bible reading in the public schools have resulted in a batch of proposed amendments to the Constitution.

No less than 146 congressmen have introduced bills to modify the First Amendment to permit religious exercises in the schools. The House Judiciary Committee will begin hearings soon.

Polls have shown that the overwhelming majority of Americans oppose the Supreme Court's stand.

UNDERWATER TOURS

Those nasty little digs about the Swiss navy may come home to roost after all, one of these days. The world's first tourist submarine is now plying the waters of Lake Geneva, and who knows what may develop next?

The passenger submarine is fascinating in itself, whether or not it leads to development of an inland fleet. This 160-ton mesoscaphe, intended to be the big attraction at the Swiss National Exhibition opening April 30, will carry 40 persons on sightseeing tours in the famous lake.

There is one small fly in the ointment. The aforesaid famous lake has also become notorious for pollution and a bumper crop of underwater grass. Thus the view of sightseers may be somewhat restricted. Even so, what could be a pleasanter way to spend a hot summer afternoon than to submerge in the cool depths of Lake Geneva and watch the underwater world go by?

'These Days'

By JOHN CHAMBERLAIN

THE LADY WAS WINNING HER CRUSADE

Rachel Carson, the "nun of nature" whose beautifully written attack on the indiscriminate use of pesticides, "Silent Spring," brought her into conflict with farmers and the chemical industry a couple of years ago, died of cancer just as the evidence was growing that she was winning her crusade.

Even as she lay dying a Senate Committee headed by Abe Ribisoff of Connecticut was busy conducting hearings on the widespread decimation through poison of the fish population of the lower Mississippi River. The Senators were impressed by the evidence that endrin, DDT and dieldrin, sprays that have been widely used on crop lands throughout the Mississippi basin, have been accumulating in the tissues of fish and other wild life to the point where they can suddenly become lethal. While the Public Health Service, which has questioned the use of endrin, has made no absolute statement that the sprays pose an "immediate" health hazard for human beings, the Senators were left with the implication that what can kill a fish might also kill a man.

In Britain, even before Miss Carson died, the use of dieldrin and aldrin had been banned. Britishers, with a smaller and tighter land area and more concentrated populations to protect, have been more concerned than Americans over Miss Carson's warnings that sprays could build up in human tissues as well as in the vital organs of animals. Britishers, incidentally, have also been more skeptical than Americans about the possible long-term side effects of putting fluorides in the public water supply.

The hopeful thing about Miss Carson's crusade is that plain common sense will not have to wait upon government action to clinch the point with chemical manufacturers that different types of sprays must be developed. Fortunately, German chemists have succeeded in synthesizing phosphate compounds that will kill insects immediately without hurting people and without posing residual problems that are menacing to fish and birds. These phosphate compounds, according to agricultural station scientists, have a toxic potency that lasts only from two hours to two days, and thus will not build up in the soil or become long-term danger to life that depends on farm crops or on water that seeps from gardens and corn fields into reservoirs and river systems.

The development of insect-killing but otherwise safe synthetic phosphate compounds by German chemists is perhaps the only worthwhile by-product of Adolf Hitler's big war gas experiments. The Bayer Company, famous for its aspirin, undertook to test war gases for the German military machine by trying them out on insects. Neither side dared to use gas as a weapon on the battlefield, but the experimentation in Germany led to the phosphate compounds. Some of these have been imported into the U. S., and some are even being made here. The Chemagro Corporation of Kansas City, headed by Bayer people who took over a chemical division of the Pittsburgh Plate Glass Company, is producing sprays which the agricultural experiment stations cautiously welcome.

Meanwhile, the agricultural station scientists have steadily increased hopes that something may come of the idea of fighting crop-devouring insect life by spreading infectious diseases among caterpillars. They think that significant developments on this "bacteriological front" may be just a couple of years away.

All of this activity must have pleased Miss Carson no end. If anything could have reconciled her to the knowledge that her own days were numbered, it would have been the certainty that her warnings had been accepted by people in a position to act effectively upon them. The eulogy of Miss Carson with which Senator Ribicoff opened a recent hearing of his committee was a heartfelt reminder that her crusade will be pressed to a conclusion.

Several writers, for instance, drew attention to the fact that Sen. Goldwater got 64 per cent of the Republican vote in the Presidential-preference primary, but that he polled only 51 per cent of the Republicans who went to the polls to vote for a gubernatorial candidate. This comparison isn't really significant at all, because again and again the total number of votes cast for Governor have been in excess of those cast for President.

In the Illinois primary this year, the names of both the gubernatorial and Presidential candidates were printed on the same ballot, but only Sen. Goldwater and Sen. Margaret Chase Smith were officially listed in the Presidential race. So the voting for Lodge and Nixon had to be by write-in. A total of 800,000 votes were cast for the Presidential nominees, while one million voted for the Republican candidates for Governor in the primary. Persons who worked in the campaign in Illinois say that the gubernatorial race was much more hotly contested and attracted far more interest than did the Presidential primary.

But even this doesn't answer all the questions that could be asked. While Sen. Goldwater got 513,000 votes out of one million cast for all the candidates — a clear majority — the question arises as to how many of the 206,000 votes cast for Sen. Margaret Chase Smith, for example, were a compliment to the first woman candidate and whether the bulk of those cast would have gone to Ambassador Lodge or former Vice President Nixon if their names had been on the ballot. As it was, a write-in of 52,000 for Mr. Lodge and approximately 25,000 for Mr. Nixon raises the question of how these two groups of voters would have recorded their likes or dislikes if the ballot had been solely between Sen. Goldwater and Mr. Lodge, or between the Arizona Senator and Mr. Nixon.

In many states, candidates in the primaries for the party nomination for the Presidency, for the governorship and for other offices are on the same ballot. In many states they are not. In a few big states, voting machines make it difficult to split a ticket when there are so many candidates listed for a number of offices.

One of the phenomena of American elections is the way in which members of Congress sometimes run far ahead of the nominees for President and sometimes far behind. A few decades ago, when there was a simple ballot, the Presidential nominee usually carried along on his coattails the Congressional nominees of his own party. But this doesn't happen today. In recent years, only 90 out of every 100 persons voting for President have taken the pains to vote for Congressional candidates. There is plainly an indifference to the Congressional elections. And yet sometimes when a contest is sharp and the race is bitter, the total votes cast in a Congressional election in some districts will far exceed those cast for the Presidential candidates.

There seems to no explanation for the erratic behavior of the voters themselves as recorded in the totals. There is no adequate explanation either as to why so many people do not vote at all. It is true that sometimes personal emergencies or other difficulties in getting to the polling places prevent voters from casting their ballots, but more often than not it is lack of information about any of the candidates or the issues which produces either bewilderment or indifference—and often both.

DO YOU REMEMBER

By SOPHIE MILLER

April, 1964 not only ushers in spring to Kingston, and flowers, but a new Kingston Plaza Shopping Center, with room for some 1,700 free parking cars. On April 14, when the Grand Union had its big formal opening, although it rained many cars were coming in. I noticed customers in the Elite Tonsorial Parlor, getting a haircut. Can you imagine, you now can once again go to a Kingston barber-shop, and get a haircut without worrying about the parking meters.

I also noticed on this April 14, that the Empire Market at 61 Albany Avenue was closed. Going further down Albany Avenue, remember the handsome Abramowitz Mansion at 195 Albany Avenue which was taken down last year in such a hurry, I thought I would see some activity there on the proposed buildings for the elderly. Somewhere I had heard that many had signed up for their housing or apartments. No doubt, with this lovely spring weather, any day, the digging will start up there. The year 1964 is going to be a big year for Kingston, so it seems with urban renewal and all.

With Kingston growing in all directions, I am sorry that the local TV did not stay, for all these constructions, improvements and changes could have gone on before our very eyes with the powers that be telling us all about it. No doubt, as one reader said, it might come about through local public effort, and with it a service of a publicly owned tower, so that service could be had by house owners and tenants, for perhaps one dollar a month or so. Once the line is in to the home, it's there, and that would bring a fine revenue to the city, perhaps even more than parking meters and with pleasure instead of a grumbling. Presently such a service is $4.95 per month, nearly $60 yearly.

I have before me a Kingston Freeman dated October 6, 1955 and in a food market on North Front Street I see such bargains as "leather dog leashes 19 cents. Dog food 3 cans for 25 cents. Evaporated milk, 4 for 47 cents. Franks 39 cents a pound." Butter was 67 cents a pound and chopped beef was 29 cents a pound. You could get beef liver for 39 cents a pound, and various lunch meats for 39 cents a pound. Coffee was 69 cents a pound. I see that in April of 1964, coffee took a jump. Those were the days when Schindels was at 57 Albany Avenue, in the Kingston Shopping Center next to Empire Market. I remember they had 'good buys' in that store. They then had five other stores besides the one in Kingston.

In looking through a Kingston Freeman and Journal of Friday, Feb. 6, 1925, I see the common council adopted the city zoning ordinance. It was adopted Tuesday evening by the common council by a vote of 9 to 2. The new ordinance provided for the appointment by the mayor of a board of appeals of five members who will serve without compensation for a term of three years. This board was to meet once a month, and all meetings to be public. When the roll call was taken on the question of adoption, Aldermen James J. Sweeney and Fox did not vote. Those voting in favor were: Aldermen Beichert, Joy, Seitz, John T. Sweeney, Edinger, Neice, Everett Smith and Flannery. The details can be found on page 9 of that paper.

Feb. 6, 1925 there is an item, how Burton Cline of West Union Street with a force of men were trying to raise the touring car of Morris Miller from the bottom of the Hudson River, some 39 feet of water. It sank several weeks before that when Mr. Miller was taking some passengers across the ice to Rhinecliff.

Window Cleaners Like to Keep on Working Past 65

By HAL BOYLE

NEW YORK (AP) — About 12 of the 3,000 men who clean the gleaming windows of Manhattan's skyline fall to their deaths each year.

And as John Goggin, a fine hand with a squeegee, ate his luncheon plate of corned beef and cabbage, he explained why.

"In most cases they are the result of carelessness. With some people familiarity breeds contempt," he said.

"Height isn't a danger in itself. If you take care, you're as safe up there 800 feet above the street as anywhere. It's what's down below that can hurt you.

"It's much harder on the street cleaning windows from ladders. Twice I fell 15 feet off ladders. But I've never fallen from a strap, God be thanked. You only get one mistake with the belt."

Linen Lasts

The belts are made of linen. Rope cuts, leather rots, cotton and nylon fray. But linen lasts and its condition is easily checked.

"It is supposed to be Irish linen," said John, who cleaned his first window here — it was 17 stories up — back in 1929, not long after he left a farm in County Cork.

"That was in depression days, and there were more stockbrokers going out the windows than cleaners."

80 Windows a Day

A cleaner handles around 80 windows a day. Goggin, who is 57, has five children — two in college—and two grandchildren, has been on the job 34½ years. He estimated that in that time he has cleaned about 690,000 windows.

"The trouble is," he said, "that after all those years the same windows still get just as dirty — or more so — as when I began."

Age No Handicap

His age is no handicap. He still is as agile as when he started, and he goes out the 67th-floor window of the RCA building as unconcernedly as some young ex-paratroopers who've worked with him.

"There are 31 men in the union over 65 still working," he said. "They don't want to retire, and I want to keep on myself at least until 65 — with luck, and if the health stays good."

All-Atomic Striking Force Planned by Navy of U.S.

By FRED S. HOFFMAN

WASHINGTON (AP)—For the first time, the Navy is about to form all U.S. nuclear-powered surface warships into a single carrier task group, it was learned today.

No other nation, so far as is known, is capable of sending to sea such an all-atomic naval striking force.

The Navy told The Associated Press, in response to questions, that the guided-missile cruiser Long Beach and the frigate Bainbridge will head for the Mediterranean late this month.

Once in the Mediterranean, these two atomic - propelled warships will join the 85,000-ton carrier Enterprise, already with the U.S. 6th Fleet in these waters.

Together, these three vessels represent a construction cost of nearly $1 billion.

Operating in the relatively restricted Mediterranean probably won't permit a full test of the capabilities of a carrier task force run entirely on atomic power.

These features are great speed over great distances, and very long endurance because nuclear ships are free of refueling vessels and shore bases.

Certain Navy leaders would like to put an all-atomic task group through its paces in the wide expanses of the Pacific or the Indian Ocean.

The 14,200-ton Long Beach is at Portsmouth, Va., and the Bainbridge is at Charleston, S.C.

The Navy said the 7,600-ton Bainbridge and the Enterprise have teamed up before, and so have the Enterprise and the Long Beach, "but never all three together."

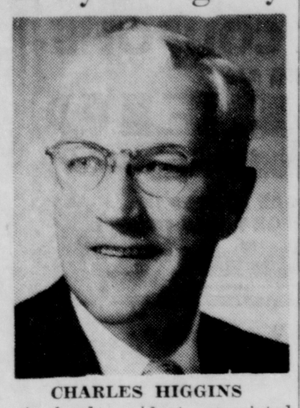

The only other U.S. nuclear surface warship under construction is the frigate Truxtun, which is to be launched in October.

The Navy has submitted strong arguments for construction of more atomic warships, but so far the high cost has stood in the way.

The first three American nuclear warships were completed after their costs spiraled. The Enterprise cost $474 million, the Long Beach nearly $330 million and the Bainbridge more than $160 million.

Part of these high prices were attributable to the three ships being the first of their kind under atomic power.

Joins Sales Force Of Byrne Agency

CHARLES HIGGINS

A local resident associated with the automobile field for a decade has joined J. H. Byrne Chevrolet Corp., 731 Broadway.

It was announced by the agency today that Charles Higgins of 115 Madison Avenue is now a member of its sales force.

Mr. Higgins is a well-known citizen here. He is a past exalted ruler of Kingston Lodge 550, Benevolent and Protective Order of Elks, a member of Twaalfskill Golf Club and Wiltwyck Hose Company. He is one of the founders and former manager of Kingston Little League and a past president of the Kingston Babe Ruth League.

17 Registered For Kingston B of E Election

A total of 17 residents of Kingston School District (Consolidated) registered at Municipal Auditorium to become eligible for participating in the naming of three members of the Board of Education on May 5. Two of those registered on Friday and on Saturday, the last day, 15 showed up, Mrs. Virginia Myers, 408 Foxhall Avenue, a member of the board stated.

In addition to those who registered, the board which comprised Mrs. Elizabeth Kelder, 18 Hanratty Street, and Mrs. Myers, had a number of inquiries from persons who called to make sure they were properly registered.

Persons who registered at the last general election and have not changed their residence are eligible to vote in the school elections.

Off in All Directions

NEW YORK (AP) — The four young Britons who wrote and enacted "Beyond the Fringe" on Broadway for more than a year have disbanded to pursue separate interests. A replacement cast is now onstage at the Golden Theater.

Peter Cook is busy on several production ventures; Jonathan Miller is writing a history of neurology; Dudley Moore is composing a score for O'Neill's "The Emperor Jones;" and Alan Bennett has gone off on a holiday.

U. S. steel production for February, 1964, totaled 9,458,000 net tons of ingots and steel for castings.

matter of fact

There are two main streams of fables — Greek and oriental. It is impossible to determine priority. Undoubtedly there was mutual influence from very early times, for there were indirect contacts between Greece and India via trade routes since long before the time of Alexander the Great.

The first three American nuclear warships were completed after their costs spiraled. The Enterprise cost $474 million, the Long Beach nearly $330 million and the Bainbridge more than $160 million.

Part of these high prices were attributable to the three ships being the first of their kind under atomic power.

Joins Sales Force Of Byrne Agency

CHARLES HIGGINS

A local resident associated with the automobile field for a decade has joined J. H. Byrne Chevrolet Corp., 731 Broadway.

It was announced by the agency today that Charles Higgins of 115 Madison Avenue is now a member of its sales force.

Mr. Higgins is a well-known citizen here. He is a past exalted ruler of Kingston Lodge 550, Benevolent and Protective Order of Elks, a member of Twaalfskill Golf Club and Wiltwyck Hose Company. He is one of the founders and former manager of Kingston Little League and a past president of the Kingston Babe Ruth League.

17 Registered For Kingston B of E Election

A total of 17 residents of Kingston School District (Consolidated) registered at Municipal Auditorium to become eligible for participating in the naming of three members of the Board of Education on May 5. Two of those registered on Friday and on Saturday, the last day, 15 showed up, Mrs. Virginia Myers, 408 Foxhall Avenue, a member of the board stated.

In addition to those who registered, the board which comprised Mrs. Elizabeth Kelder, 18 Hanratty Street, and Mrs. Myers, had a number of inquiries from persons who called to make sure they were properly registered.

Persons who registered at the last general election and have not changed their residence are eligible to vote in the school elections.

Off in All Directions

NEW YORK (AP) — The four young Britons who wrote and enacted "Beyond the Fringe" on Broadway for more than a year have disbanded to pursue separate interests. A replacement cast is now onstage at the Golden Theater.

Peter Cook is busy on several production ventures; Jonathan Miller is writing a history of neurology; Dudley Moore is composing a score for O'Neill's "The Emperor Jones;" and Alan Bennett has gone off on a holiday.

U. S. steel production for February, 1964, totaled 9,458,000 net tons of ingots and steel for castings.

matter of fact

There are two main streams of fables—Greek and oriental. It is impossible to determine priority. Undoubtedly there was mutual influence from very early times, for there were indirect contacts between Greece and India via trade routes since long before the time of Alexander the Great.

Hollywood News, Views

By BOB THOMAS
AP Movie-Television Writer

HOLLYWOOD (AP) — The Westwood Hills are alive with "The Sound of Music."

It's news nowadays whenever a studio starts a musical, especially one as auspicious as the final Rodgers-Hammerstein collaboration, which 20th Century-Fox is making. Fifteen years ago, a score of tune-films would be shooting at one time. In 1963 only two were made: "My Fair Lady" and "The Unsinkable Molly Brown."

Why the dearth of musicals? The answer seems to lie in the all-important overseas market. With a rare exception like "West Side Story," foreigners don't seem to cotton to the unreality of most musicals. A special problem has been the translation of songs.

"We're working on that right now," said Robert Wise, who is producing and directing "The Sound of Music."

"We have people in Europe making translations of the lyrics into the four major languages of the foreign market—French, Italian, German and Spanish. I don't think that has ever been done while a film was still in production. But I feel it is essential."

Broadway stars Julie Andrews and Christopher Plummer are playing the leads created by Mary Martin and Theodore Bickel. The company leaves soon for locations in Salzburg, Austria.

Wise finds it odd that he should be making another musical. He's more identified with dramas — "Executive Suite," "Somebody Up There Likes Me," "I Want to Live." But his other musical was the big one — "West Side Story," which earned him an Academy Award.

Wise said that he hadn't seen "The Sound of Music" when he signed to make it.

A block of Washington's barrackslike "temporary" federal office buildings was demolished to make way for the Smithsonian Institution's new Museum of History and Technology.

Working Longer

BELGRADE (AP) — Communist Yugoslavia has prolonged its retirement age for workers. Under new regulations men will have to work 40 years and women 35 years for full pensions. Previously men got full retirement pension after 35 years of work and women after 30 years.

Too Much Protection

SLOVAC, Yugoslavia (AP)—After two burglaries in his shop, the owner of a store in this Serbian community had heavy bars put on the doors and windows. That stopped the thieves. But when a fire broke out inside one night, firemen couldn't get past the bars and the store burned down.

'Uppercut' Sets Safe Contract

Chicago teacher and expert Art Glatt has a hand in the American Bridge Teachers Assn. Quarterly which is one of the neatest examples of the play known as the "uppercut" that I have ever seen.

West opens the king of clubs against the four spade contract. East plays the five, but West cashes the ace anyway. East plays the eight so West knows that his partner holds the one missing club.

West has two tricks in and will surely make a third with the ace of spades. He wants to find a fourth trick somewhere. It won't be in diamonds. He is looking right at dummy's solid diamond suit.

It won't be in hearts either. South needs the ace of hearts for his opening bid. Then where is that fourth trick coming from?

The only possible place is the trump suit, but East can't hold the king of trumps and surely hasn't more than two trumps. East might have jack and one or ten and one and West proceeds on that assumption.

He leads a third club. South ruffs in dummy and gets a useless discard from his own hand. Then he leads a trump to his jack. West takes his ace and leads a fourth club.

East ruffs his partner's trick with the ten of trumps and declarer is forced to overruff.

This uppercut play has promoted West's nine of spades to the fourth defensive trick.

Comet...World's 100,000-Mile Durability Champion

At Daytona, a team of four specially equipped '64 Comets each traveled day and night 100,000 miles at over 105 miles per hour—an unequaled feat of stamina and durability.

In Africa, Comet showed its stamina again in "the wildest ride on earth"—the monsoon-swept East African Safari Rally. 94 cars started. Only 21 finished the run—two of them were Comets.

Leads the sales success parade!

Is it any surprise that Comet sales are up to almost double last year's? Comet proves what it can do. After 100,000 miles at Daytona, one of these special Comets has traveled another 31,000 and is still going strong. Then rally-equipped Comets slogged through 3,188 miles of African mud, rocks and jungle—the first to carry America's colors in the world's toughest car event. Want more reasons? Just take a look at this new Comet. Husky, racy, beautiful, and built, really built. Make tracks for a Comet at your Mercury dealer's.

Working Longer

BELGRADE (AP) — Communist Yugoslavia has prolonged its retirement age for workers. Under new regulations men will have to work 40 years and women 35 years for full pensions. Previously men got full retirement pension after 35 years of work and women after 30 years.

Too Much Protection

SLOVAC, Yugoslavia (AP)—After two burglaries in his shop, the owner of a store in this Serbian community had heavy bars put on the doors and windows. That stopped the thieves. But when a fire broke out inside one night, firemen couldn't get past the bars and the store burned down.

Comet...World's 100,000-Mile Durability Champion

At Daytona, a team of four specially equipped '64 Comets each traveled day and night 100,000 miles at over 105 miles per hour—an unequaled feat of stamina and durability.

In Africa, Comet showed its stamina again in "the wildest ride on earth"—the monsoon-swept East African Safari Rally. 94 cars started. Only 21 finished the run—two of them were Comets.

Leads the sales success parade!

Is it any surprise that Comet sales are up to almost double last year's? Comet proves what it can do. After 100,000 miles at Daytona, one of these special Comets has traveled another 31,000 and is still going strong. Then rally-equipped Comets slogged through 3,188 miles of African mud, rocks and jungle—the first to carry America's colors in the world's toughest car event. Want more reasons? Just take a look at this new Comet. Husky, racy, beautiful, and built, really built. Make tracks for a Comet at your Mercury dealer's.

Views Are Heard Regarding Proposed 'Skyline Drive'

Pros and cons of the proposed "Skyline Drive" across the crest of the Shawangunk Mountains were aired at an open meeting of the Town of Rochester Planning Board on Monday night in the Grange Hall at Accord.

Some 75 persons attended.

John Scribano described the purpose of the meeting as a means for the board to obtain views of interested parties and thus guide the board in any future decision which may be necessitated.

Speaking in favor of the road were Deyo Johnson, of Ellenville, and Supervisor George Barthels of the Town of Wawarsing. Deyo, who also is chairman of the Ulster County Planning Board gave the history of the project, which was started some 30 years ago only to be dropped when it was not found feasible at the time. It has since been revised in the form of a bill now before the U. S. Senate to provide funds for a study of the project. Barthels described the Skyline Drive in Virginia, and stated his belief that such a road would channel tourists and business into this county.

Three in Opposition

Speaking in opposition to the road were Kenneth Phillips of Minnewaska, Daniel Smiley of Mohonk, and Albert E. Milliken, of Accord. Phillips and Smiley described the steps they had taken to open up recreated facilities for public use at Mohonk and Minnewaska, and their willingness to explore means of insuring the permanent preservation of the mountains. They said that they could not accept the road as contributing in any way to the advancement of recreational facilities or to the preservation of the mountains and its wildlife. Milliken, a Kingston architect, spoke on behalf of the many people who have long enjoyed the wild character of the mountains, many of whom have made their homes in or near them, and for the many hikers, mountain climbers, hunters and campers who appreciated them on their "untouched state."

Concerned With Scenery

He described the limited area of that small range. He said that its most beautiful area lies between Ellenville and Rosendale a distance of only 20 miles, while its greatest width, near Napanoch is only about five miles. To run a highway down the middle of the range, he said, would cut it up into small sections, and completely destroy its wilderness character. As to the need of this road for access, there are sufficient existing roads, which serve that purpose "admirably," he said.

All parties were in complete agreement as to the desirability of preserving the Shawangunk Mountains in their natural state, and the necessity for taking steps to stop encroachment by commercial and other detrimental interests. The idea of dividing the mountains by a highway is regarded as being completely inconsistant with this.

Agree on Saving Beauty

At the conclusion of the speeches a question and answer session was held during which all present completely agreed upon the necessity for taking steps to preserve the Shawangunks, and there was complete opposition to the idea of cutting the mountains up with a "Skyline Drive."

4H Agricultural Distrist Show Is Set Wednesday

The Hurley Reformed Church will be the scene of this year's 4-H District Agricultural Demonstration Day Wednesday, April 22, from 4 p. m. to 8 p. m. At this educational event outstanding blue award demonstrators from Columbia, Dutchess, Greene, Orange, Sullivan and Ulster Counties will participate. Some 70 4-H Club boys and girls will be presenting demonstrations in the areas of Dairy, Light Horse, Agricultural Engineering, Handyman, Conservation, Horticulture and Vegetable Gardening. Judges for the activity will be Agricultural Professors from Cornell University.

Demonstrations are an important learning tool for 4-H Club members. The demonstration method gives the member increased knowledge in subject matter fields and also provides an opportunity to tell and show others what they have acquired in their 4-H Club work. The public is welcome to attend this event.

Representing Ulster County will be: Harry Gerham, Wallkill demonstrating Horns Gotta Go, But How?; Elizabeth Edmunds, Wallkill, Boots Are Important; Jean Gaffney, Kingston, Hoof Talk; Charlene Meyer, St. Remy, Working With Chick Em-Pryos; Lorraine Paetow, High Falls, Figure Carving and Diane Rowe, Kingston, Care of Equipment.

Topic: Preserving Boats

An illustrated talk on preservation of Wood-bottom boats will be given at tonight's regular monthly meeting of the Mid-Hudson Power Squadron at the Woronock House, Route 376, Poughkeepsie. Warren Watrel of the M & T Chemical Company will be the speaker.

Seven-Year-Old Gets Letter From President

Jane Metzger, seven-year-old daughter of Mr. and Mrs. Daniel A. Metzger of 5 Louis Avenue, Monsey, and a granddaughter of Mr. and Mrs. Samuel Brenner of 72 Clinton Avenue, has received a letter from President Lyndon B. Johnson in reply to a letter she wrote him, extending best wishes after he took the oath of office.

A student at Oakwood Elementary School of Monsey, she received the letter signed by Juanita D. Roberts, personal secretary to the President. The letter reads "Dear Jane—It was friendly of you to write to the President. He enjoyed hearing from you and sends his best wishes." Jane is a student in the first grade. Her grandfather, Samuel Brenner is proprietor of Brenner's Mill End Shop at 52 John Street.

Early PSC Word Is Expected on Extending Buses

Counsel for the Urban Transit Corp. said he expected to hear "very shortly" from the Public Service Commission what action might be taken on Urban's petition to extend its bus service from Kingston to the Town of Ulster.

Richard W. Griggs, who represents UTC, told The Freeman today that he expected to be in Albany Wednesday and planned to call on the PSC office.

After a hearing before PSC Examiner Isadore E. Crade on April 7, at which officials of Mountain View Coach Lines Inc., appeared in opposition to the petition, Crade notified both parties that a decision on the petition might be made in about three weeks.

Meanwhile, Griggs said, he has received written notice from Attorney James H. Glavin III, of Waterford, counsel for Mountain View, that that firm would not request a second hearing on the petition, to which it was entitled to under law.

At the same time, Griggs said, Urban Transit has filed maps and copies of its annual report for 1963 operations, with the PSC. These were requested by Crade at the meeting earlier this month.

If the petition is granted, UTC, which has held the franchise for bus service in the city since last November after disenfranchisement of the former Kingston Transit Corp., plans to operate a new route which would provide service along Albany Avenue Extension from Central Broadway to Boice's Lane in the Town of Ulster, an area serving residences and business places as well as shopping centers.

Mountain View objected to UTC's petition for the route, where the former operates in providing service between Kingston and Saugerties, a phase of its service from this area to Albany.

Urban Transit's application received large support from representatives of Ulster businessmen and their affiliated association and the Kingston Area Chamber of Commerce.

During the April 7 hearing, Griggs said that Julius Lipton, owner of Urban Transit and of Lipton's Bee Line, which also serves patrons between Kingston and Saugerties, planned to charge a fare of 20 cents a person as opposed to 30 cents charged by Mountain View, and that patrons would be eligible for transfers to and from any other bus serving routes in the city.

Governor Signs Measure Easing Newcomer's Vote

ALBANY, N. Y. (AP) —Gov. Rockefeller has approved legislation under which newcomers to the state may vote in presidential elections after 90 days' residency, instead of the present one-year waiting period.

And the waiting period is reduced from 4 months to 90 days for persons who move from one county to another within the state.

The bill, effective immediately, implements a constitutional amendment approved by voters last November.

At present the residency requirement for voting in any election is one year in the state, 4 months in the county and 30 days in an election district.

The new law, which applies only to presidential elections, retains the requirement of 30 days in the election district in which the vote is to be cast, in addition to the 90 days in New York State.

Newcomers may not vote on state or local questions until they have met the full residency requirements.

A person wishing to obtain the special presidential voter's ballot, to be issued under the new law, must file an application with the elections board in the county where he wishes to vote or, in New York City, with the city Board of Elections.

Fear Is Ice Boom Wuld Hurt Tourists

NIAGARA FALLS, Ont. (AP) —The city council has expressed concern over a proposal by the Ontario Hydroelectric Power Commission and the New York State Power Authority to build an ice boom across Lake Erie between Buffalo and Fort Erie.

The fear was that the boom would eliminate Niagara's major winter tourist attraction—an ice bridge in the Lower Niagara River below the falls.

20.8 Million State

Medical Examiners on matters dealing with physiotherapy.

—Vetoed a bill to raise from $250 to $350 the maximum allowance paid by counties for funerals of veterans who leave insufficient funds for burial. The same bill would have shifted responsibility for such paymnets from the county in which the veteran had his last legal residency to the one in which he died.

In approving the general-aid bill, Rockefeller said it marked the first revision of that assistance program since 1946.

The Republican - controlled Legislature had approved an increase, under pressure from local governments throughout the state. Democrats made a boost in aid a key part of their legislative program.

Because state finances are extremely tight, no immediate increase in aid could be granted. The result was the deferred payment.

To Use Formula

State aid not earmarked for specific use — as are school, highway, welfare and other payments — normally is based on the population of the locality receiving the aid and is called "per capita" assistance.

But the $20.8-million increase will be apportioned under a formula based on the taxable real property within the locality.

Starts Vigil For First to Attend Fair

NEW YORK (AP) — The first person to enter the 1939 New York World's Fair on opening day was back to his old tricks today.

"I hope this one will match it," said George Horn, 46, as he took up his vigil at 1 a.m. today at gate No. 1 of the 1964 New York World's Fair.

If he's still there 32 hours after starting his vigil, Horn, of Queens, is virtually assured the distinction of being the first person admitted to the 1964 exposition when it officially opens at 9 a.m. Wednesday.

Area Goldwater Supporters Going To Rally May 12

Plans have been completed for several groups of Goldwater supporters from the 28th Congressional District to attend the National Goldwater for President Rally at Madison Square Garden on Tuesday, May 12, including a delegation from Kingston.

Kent Leavitt, chairman of the District's Republicans for Goldwater, said several groups of Goldwater supporters will travel by chartered buses from Kingston, Rhinebeck, Poughkeepsie and other points in Ulster, Dutchess, Columbia, Schoharie and Greene counties. Several informal pre-rally dinners are being arranged in the city.

To Make Policy Address

More than 18,000 persons are expected to join the Madison Square Garden rally and hear Senator Barry Goldwater make a major policy address which will be carried to the nation by television and raido, Leavitt said.

"Although the rally will be a national event, we are actively participating on a regional basis," Leavitt said. "It offers us an opportunity to bring nearer home the impact of the basic concepts of the importance of the June 2 primary election in the 28th District."

The Republicans for Goldwater Committee is placing its own slate of candidates on the ballot for the June 2 primary. In addition to Leavitt, Lewis Irwin Hall, West Hurley, is seeking designation as a delegate from the 28th District to the Republican National Convention in the June Primary elections. Alternates are Archie C. Lebrecht of Valatie, Columbia County, and Alice O. Lafko of the Town of Poughkeepsie.

Reports Growing Interest of GOP On Gov. Scranton

WILLIAMSPORT, Pa. (AP)—U.S. Sen. Thomas H. Kuchel, R-Calif., says Pennsylvania's Gov. Scranton is being looked upon with growing interest as a potential Republican nominee for president.

The senator made the remark Monday night at the start of a non-political speech before the Greater Williamsport Junior Chamber of Commerce. He declined, however, to discuss Scranton's presidential prospects further, noting that he was a supporter of New York Gov. Nelson A. Rockefeller for the nomination.

Rockefeller is actively seeking the nomination; Scranton has said he is not a candidate but would accept a draft.

Teacher Council

tem policy argue that it has overcome its deficiencies and must, by law, cut the rate for the coming year.

Officials of the fund contend that the rate must remain at 17 per cent to achieve a sound financial position.

In another development Monday on school finances, $498 million was distributed to public school districts throughout the state as a final aid payment for the 1962-63 school year.

The payment represented approximately one-half the total aid for the school year.

Jury Selection Continues in 2nd Drug Case Here

Selection of a jury in County Court was continued today in another sale and possession of a narcotic drug case.

Alfonso Williams, Kingston, is charged with selling to one Winston Riddick two cigarettes containing cannabis Sept. 15, 1963, at a downtown club. A second count in the indictment also charges possession, a misdemeanor.

Assistant District Attorney Francis Vogt appears for the prosecution and Vincent G. Connelly appears by assignment of the court for the defendant.

Selection of a jury was taken up Monday before County Judge Raymond J. Mino and continued today at the opening of court at 10 o'clock.

Riddick, one of the prosecution's main witnesses, stands charged by indictment with a violation of the narcotics law. During the examination of prospective jurors they were asked whether they would take this in consideration in weighing his testimony, as well as the fact that he was a previous user of narcotics.

Ulster GOP Is To Meet Thursday

The Town of Ulster Republican Club will hold its regular monthly meeting Thursday night at 8 o'clock at Ang-El's Restaurant on the East Chester By-Pass.

President Anthony Cicoria said that the club will have as its speaker Assistant District Attorney Joseph Torraca who is the Republican choice to succeed District Attorney David W. Corwin. Torraca will seek the post of district attorney at the November election. President Cicoria is extending an invitation to club members and residents of the town to hear the Republican candidate for district attorney position speak.

Other business of the club will be discussed, primarily the spring dance and buffet to be held May 9 at Ang-El's Restaurant. Chairman Jack Smith for the spring dance would like all chairman for the various committees to make a full report of activities to date.

Reports of membership enrollment will be given by William Costell, chairman. Refreshments will be served.

Dems Hold Slight Edge in Pa. Primary

HARRISBURG (AP) — Democrats will have a registration edge over Republicans of less than one per cent going into the April 28 primary.

Final figures released Monday by the State Elections Bureau showed there are 2,654,404 registered Democrats in Pennsylvania and 2,642,770 Republicans.

The Democratic margin of 11,634 is too insignificant to have much effect on a normal election. It has no effect on a primary election in which the two parties will be nominating candidates.

In the general election last November, Democrats held an 83,013 registration edge over Republicans. In the 1963 primary, the difference was 85,225 in favor of the Democrats.

The GOP leads in registrations in 48 counties, the Democrats in 19. The heaviest Republican lead is in Delaware County where Democrats are outnumbered by 156,848. The heaviest Democratic lead continues to be in Philadelphia with a 215,106 margin.

Must Vacate by May 22

PITTSBURGH (AP) — Two Corydon, Pa., families have until May 22 to vacate their homes in Warren County to make way for the Allegheny River dam and reservoir now under construction.

Judge Joseph P. Willson issued the order in U.S. District Court Monday to Richard Ruth and his wife, Susie, and Henry Ruth, brother of Richard. Their houses are near each other.

He established this deadline to permit children of the families to finish school. Richard Ruth has been offered $11,000 for his home by the government and his brother, $8,000.

Henry Ruth has said he wants to move but lacks money for moving expenses. Both families have suits pending in U.S. District Court.

Memoriam

In sad and loving memory of my dear husband, John Bernard, who passed away two years ago today, April 21, 1962.
It was God's will to take you to rest,
He only takes the best.
I watch your grave with loving care,
And part of my heart is buried there.
Loving Wife, EMILY

Memoriam

In loving memory of our son, Robert A. Lawson Jr., who passed away four years ago, April 21, 1960.
It's said time heals all sorrow,
And helps us to forget.
But so far time has only proved
How much we miss you yet.

Views Are Heard Regarding Proposed 'Skyline Drive'

Pros and cons of the proposed "Skyline Drive" across the crest of the Shawangunk Mountains were aired at an open meeting of the Town of Rochester Planning Board on Monday night in the Grange Hall at Accord.

Some 75 persons attended.

John Scribano described the purpose of the meeting as a means for the board to obtain views of interested parties and thus guide the board in any future decision which may be necessitated.

Speaking in favor of the road were Deyo Johnson, of Ellenville, and Supervisor George Barthels of the Town of Wawarsing. Deyo, who also is chairman of the Ulster County Planning Board gave the history of the project, which was started some 30 years ago only to be dropped when it was not found feasible at the time. It has since been revised in the form of a bill now before the U. S. Senate to provide funds for a study of the project. Barthels described the Skyline Drive in Virginia, and stated his belief that such a road would channel tourists and business into this county.

Three in Opposition

Speaking in opposition to the road were Kenneth Phillips of Minnewaska, Daniel Smiley of Mohonk, and Albert E. Milliken, of Accord. Phillips and Smiley described the steps they had taken to open up recreated facilities for public use at Mohonk and Minnewaska, and their willingness to explore means of insuring the permanent preservation of the mountains. They said that they could not accept the road as contributing in any way to the advancement of recreational facilities or to the preservation of the mountains and its wildlife. Milliken, a Kingston architect, spoke on behalf of the many people who have long enjoyed the wild character of the mountains, many of whom have made their homes in or near them, and for the many hikers, mountain climbers, hunters and campers who appreciated them on their "untouched state."

Concerned With Scenery

He described the limited area of that small range. He said that its most beautiful area lies between Ellenville and Rosendale a distance of only 20 miles, while its greatest width, near Napanoch is only about five miles. To run a highway down the middle of the range, he said, would cut it up into small sections, and completely destroy its wilderness character. As to the need of this road for access, there are sufficient existing roads, which serve that purpose "admirably," he said.

All parties were in complete agreement as to the desirability of preserving the Shawangunk Mountains in their natural state, and the necessity for taking steps to stop encroachment by commercial and other detrimental interests. The idea of dividing the mountains by a highway is regarded as being completely inconsistant with this.

Agree on Saving Beauty

At the conclusion of the speeches a question and answer session was held during which all present completely agreed upon the necessity for taking steps to preserve the Shawangunks, and there was complete opposition to the idea of cutting the mountains up with a "Skyline Drive."

4H Agricultural Distrist Show Is Set Wednesday

The Hurley Reformed Church will be the scene of this year's 4-H District Agricultural Demonstration Day Wednesday, April 22, from 4 p. m. to 8 p. m. At this educational event outstanding blue award demonstrators from Columbia, Dutchess, Greene, Orange, Sullivan and Ulster Counties will participate. Some 70 4-H Club boys and girls will be presenting demonstrations in the areas of Dairy, Light Horse, Agricultural Engineering, Handyman, Conservation, Horticulture and Vegetable Gardening. Judges for the activity will be Agricultural Professors from Cornell University.

Demonstrations are an important learning tool for 4-H Club members. The demonstration method gives the member increased knowledge in subject matter fields and also provides an opportunity to tell and show others what they have acquired in their 4-H Club work. The public is welcome to attend this event.

Representing Ulster County will be: Harry Gerham, Wallkill demonstrating Horns Gotta Go, But How?; Elizabeth Edmunds, Wallkill, Boots Are Important; Jean Gaffney, Kingston, Hoof Talk; Charlene Meyer, St. Remy, Working With Chick Em-Pryos; Lorraine Paetow, High Falls, Figure Carving and Diane Rowe, Kingston, Care of Equipment.

Topic: Preserving Boats

An illustrated talk on preservation of Wood-bottom boats will be given at tonight's regular monthly meeting of the Mid-Hudson Power Squadron at the Woronock House, Route 376, Poughkeepsie. Warren Watrel of the M & T Chemical Company will be the speaker.

Governor Signs Measure Easing Newcomer's Vote

ALBANY, N. Y. (AP) —Gov. Rockefeller has approved legislation under which newcomers to the state may vote in presidential elections after 90 days' residency, instead of the present one-year waiting period.

And the waiting period is reduced from 4 months to 90 days for persons who move from one county to another within the state.

The bill, effective immediately, implements a constitutional amendment approved by voters last November.

At present the residency requirement for voting in any election is one year in the state, 4 months in the county and 30 days in an election district.

The new law, which applies only to presidential elections, retains the requirement of 30 days in the election district in which the vote is to be cast, in addition to the 90 days in New York State.

Newcomers may not vote on state or local questions until they have met the full residency requirements.

A person wishing to obtain the special presidential voter's ballot, to be issued under the new law, must file an application with the elections board in the county where he wishes to vote or, in New York City, with the city Board of Elections.

Fear Is Ice Boom Wuld Hurt Tourists

NIAGARA FALLS, Ont. (AP) —The city council has expressed concern over a proposal by the Ontario Hydroelectric Power Commission and the New York State Power Authority to build an ice boom across Lake Erie between Buffalo and Fort Erie.

The fear was that the boom would eliminate Niagara's major winter tourist attraction—an ice bridge in the Lower Niagara River below the falls.

Seven-Year-Old Gets Letter From President

Jane Metzger, seven-year-old daughter of Mr. and Mrs. Daniel A. Metzger of 5 Louis Avenue, Monsey, and a granddaughter of Mr. and Mrs. Samuel Brenner of 72 Clinton Avenue, has received a letter from President Lyndon B. Johnson in reply to a letter she wrote him, extending best wishes after he took the oath of office.

A student at Oakwood Elementary School of Monsey, she received the letter signed by Juanita D. Roberts, personal secretary to the President. The letter reads "Dear Jane—It was friendly of you to write to the President. He enjoyed hearing from you and sends his best wishes." Jane is a student in the first grade. Her grandfather, Samuel Brenner is proprietor of Brenner's Mill End Shop at 52 John Street.

Early PSC Word Is Expected on Extending Buses

Counsel for the Urban Transit Corp. said he expected to hear "very shortly" from the Public Service Commission what action might be taken on Urban's petition to extend its bus service from Kingston to the Town of Ulster.

Richard W. Griggs, who represents UTC, told The Freeman today that he expected to be in Albany Wednesday and planned to call on the PSC office.

After a hearing before PSC Examiner Isadore E. Crade on April 7, at which officials of Mountain View Coach Lines Inc., appeared in opposition to the petition, Crade notified both parties that a decision on the petition might be made in about three weeks.

Meanwhile, Griggs said, he has received written notice from Attorney James H. Glavin III, of Waterford, counsel for Mountain View, that that firm would not request a second hearing on the petition, to which it was entitled to under law.

At the same time, Griggs said, Urban Transit has filed maps and copies of its annual report for 1963 operations, with the PSC. These were requested by Crade at the meeting earlier this month.

If the petition is granted, UTC, which has held the franchise for bus service in the city since last November after disenfranchisement of the former Kingston Transit Corp., plans to operate a new route which would provide service along Albany Avenue Extension from Central Broadway to Boice's Lane in the Town of Ulster, an area serving residences and business places as well as shopping centers.

Mountain View objected to UTC's petition for the route, where the former operates in providing service between Kingston and Saugerties, a phase of its service from this area to Albany.

Urban Transit's application received large support from representatives of Ulster businessmen and their affiliated association and the Kingston Area Chamber of Commerce.

During the April 7 hearing, Griggs said that Julius Lipton, owner of Urban Transit and of Lipton's Bee Line, which also serves patrons between Kingston and Saugerties, planned to charge a fare of 20 cents a person as opposed to 30 cents charged by Mountain View, and that patrons would be eligible for transfers to and from any other bus serving routes in the city.

20.8 Million State

Medical Examiners on matters dealing with physiotherapy.

—Vetoed a bill to raise from $250 to $350 the maximum allowance paid by counties for funerals of veterans who leave insufficient funds for burial. The same bill would have shifted responsibility for such paymnets from the county in which the veteran had his last legal residency to the one in which he died.

In approving the general-aid bill, Rockefeller said it marked the first revision of that assistance program since 1946.

The Republican - controlled Legislature had approved an increase, under pressure from local governments throughout the state. Democrats made a boost in aid a key part of their legislative program.

Because state finances are extremely tight, no immediate increase in aid could be granted. The result was the deferred payment.

To Use Formula

State aid not earmarked for specific use — as are school, highway, welfare and other payments — normally is based on the population of the locality receiving the aid and is called "per capita" assistance.

But the $20.8-million increase will be apportioned under a formula based on the taxable real property within the locality.

Starts Vigil For First to Attend Fair

NEW YORK (AP) — The first person to enter the 1939 New York World's Fair on opening day was back to his old tricks today.

"I hope this one will match it," said George Horn, 46, as he took up his vigil at 1 a.m. today at gate No. 1 of the 1964 New York World's Fair.

If he's still there 32 hours after starting his vigil, Horn, of Queens, is virtually assured the distinction of being the first person admitted to the 1964 exposition when it officially opens at 9 a.m. Wednesday.

Area Goldwater Supporters Going To Rally May 12

Plans have been completed for several groups of Goldwater supporters from the 28th Congressional District to attend the National Goldwater for President Rally at Madison Square Garden on Tuesday, May 12, including a delegation from Kingston.

Kent Leavitt, chairman of the District's Republicans for Goldwater, said several groups of Goldwater supporters will travel by chartered buses from Kingston, Rhinebeck, Poughkeepsie and other points in Ulster, Dutchess, Columbia, Schoharie and Greene counties. Several informal pre-rally dinners are being arranged in the city.

To Make Policy Address

More than 18,000 persons are expected to join the Madison Square Garden rally and hear Senator Barry Goldwater make a major policy address which will be carried to the nation by television and raido, Leavitt said.

"Although the rally will be a national event, we are actively participating on a regional basis," Leavitt said. "It offers us an opportunity to bring nearer home the impact of the basic concepts of the importance of the June 2 primary election in the 28th District."

The Republicans for Goldwater Committee is placing its own slate of candidates on the ballot for the June 2 primary. In addition to Leavitt, Lewis Irwin Hall, West Hurley, is seeking designation as a delegate from the 28th District to the Republican National Convention in the June Primary elections. Alternates are Archie C. Lebrecht of Valatie, Columbia County, and Alice O. Lafko of the Town of Poughkeepsie.

Reports Growing Interest of GOP On Gov. Scranton

WILLIAMSPORT, Pa. (AP)— U.S. Sen. Thomas H. Kuchel, R-Calif., says Pennsylvania's Gov. Scranton is being looked upon with growing interest as a potential Republican nominee for president.

The senator made the remark Monday night at the start of a non-political speech before the Greater Williamsport Junior Chamber of Commerce. He declined, however, to discuss Scranton's presidential prospects further, noting that he was a supporter of New York Gov. Nelson A. Rockefeller for the nomination.

Rockefeller is actively seeking the nomination; Scranton has said he is not a candidate but would accept a draft.

Teacher Council

tem policy argue that it has overcome its deficiencies and must, by law, cut the rate for the coming year.

Officials of the fund contend that the rate must remain at 17 per cent to achieve a sound financial position.

In another development Monday on school finances, $498 million was distributed to public school districts throughout the state as a final aid payment for the 1962-63 school year.

The payment represented approximately one-half the total aid for the school year.

Jury Selection Continues in 2nd Drug Case Here

Selection of a jury in County Court was continued today in another sale and possession of a narcotic drug case.

Alfonso Williams, Kingston, is charged with selling to one Winston Riddick two cigarettes containing cannabis Sept. 15, 1963, at a downtown club. A second count in the indictment also charges possession, a misdemeanor.

Assistant District Attorney Francis Vogt appears for the prosecution and Vincent G. Connelly appears by assignment of the court for the defendant.

Selection of a jury was taken up Monday before County Judge Raymond J. Mino and continued today at the opening of court at 10 o'clock.

Riddick, one of the prosecution's main witnesses, stands charged by indictment with a violation of the narcotics law. During the examination of prospective jurors they were asked whether they would take this in consideration in weighing his testimony, as well as the fact that he was a previous user of narcotics.

Ulster GOP Is To Meet Thursday

The Town of Ulster Republican Club will hold its regular monthly meeting Thursday night at 8 o'clock at Ang-El's Restaurant on the East Chester By-Pass.

President Anthony Cicoria said that the club will have as its speaker Assistant District Attorney Joseph Torraca who is the Republican choice to succeed District Attorney David W. Corwin. Torraca will seek the post of district attorney at the November election. President Cicoria is extending an invitation to club members and residents of the town to hear the Republican candidate for district attorney position speak.

Other business of the club will be discussed, primarily the spring dance and buffet to be held May 9 at Ang-El's Restaurant. Chairman Jack Smith for the spring dance would like all chairman for the various committees to make a full report of activities to date.

Reports of membership enrollment will be given by William Costell, chairman. Refreshments will be served.

Dems Hold Slight Edge in Pa. Primary

HARRISBURG (AP) — Democrats will have a registration edge over Republicans of less than one per cent going into the April 28 primary.

Final figures released Monday by the State Elections Bureau showed there are 2,654,404 registered Democrats in Pennsylvania and 2,642,770 Republicans.

The Democratic margin of 11,634 is too insignificant to have much effect on a normal election. It has no effect on a primary election in which the two parties will be nominating candidates.

In the general election last November, Democrats held an 83,013 registration edge over Republicans. In the 1963 primary, the difference was 85,225 in favor of the Democrats.

The GOP leads in registrations in 48 counties, the Democrats in 19. The heaviest Republican lead is in Delaware County where Democrats are outnumbered by 156,848. The heaviest Democratic lead continues to be in Philadelphia with a 215,106 margin.

Must Vacate by May 22

PITTSBURGH (AP) — Two Corydon, Pa., families have until May 22 to vacate their homes in Warren County to make way for the Allegheny River dam and reservoir now under construction.

Judge Joseph P. Willson issued the order in U.S. District Court Monday to Richard Ruth and his wife, Susie, and Henry Ruth, brother of Richard. Their houses are near each other.

He established this deadline to permit children of the families to finish school. Richard Ruth has been offered $11,000 for his home by the government and his brother, $8,000.

Henry Ruth has said he wants to move but lacks money for moving expenses. Both families have suits pending in U.S. District Court.

Memoriam

In sad and loving memory of my dear husband, John Bernard, who passed away two years ago today, April 21, 1962.
It was God's will to take you to rest,
He only takes the best.
I watch your grave with loving care,
And part of my heart is buried there.
Loving Wife, EMILY

Memoriam

In loving memory of our son, Robert A. Lawson Jr., who passed away four years ago, April 21, 1960.
It's said time heals all sorrow,
And helps us to forget.
But so far time has only proved
How much we miss you yet.

COMECON Convens

MOSCOW (AP) — The Soviet bloc's economic organization began an executive meeting today with delegates on hand from Bulgaria, Czechoslovakia, East Germany, Hungary, Poland, Mongolia and Romania.

The meeting of COMECON — the Council of Mutual Economic Assistance—may see an effort by some of the smaller nations to take advantage of the Moscow-Peking feud to avoid Soviet dictates that they mold their economies to fit the Soviet Union.

Orange Scofflaw Picks Jail Term Over $785 Fine

MIDDLETOWN, N.Y. (AP)—A 20-year-old man, ordered by the City Court to pay $785 for 17 traffic violation charges over the weekend or go to county jail for 785 days, has chosen to go to jail.

Monroe Gray Jr. of Warwick pleaded guilty Monday and told Judge Wilmont Decker he would go to jail because he couldn't pay the fine.

Police said Gray was arrested Sunday when his automobile crashed near a cemetery. Charges against him included speeding, ignoring stop signs, driving and driving without a license.

Freeman Rejects Applications for Sugar Beet Land

WASHINGTON (AP) — Secretary of Agriculture Orville L. Freeman has rejected applications of more than 20 areas for future sugar beet acreage allotments. He did so Friday in giving remaining unfilled production shares to farmers in Maine and Arizona.

Included among those that were unsuccessful in bids for allotment under the Sugar Control Program were areas in Texas, in a number of Midwestern and Rocky Mountain states as well as Eastern farm belt states.

The sugar act authorized an increase in the growth and expansion of the sugar beet industry.

New York State's Cayuga County is one of the areas which has been granted an acrage allotment for growing sugar beets.

Ex-Trooper Dies

ALBANY, N.Y. (AP)—Harold C. Herrick, a retired captain of the New York State Police, died Sunday in Albany Medical Center Hospital. He was 67.

Herrick had been visiting a daughter in the Albany suburb of Guilderland. His home was in Unadilla, Otsego County.

Niagara Mohawk Net Income Up in '64

SYRACUSE, N.Y. (AP) — Niagara Mohawk Power Corp. says its net income for the first three months of this year totaled $15,819,184, a slight rise over the $15,614,726 in the first quarter of 1963.

President Earle J. Machold said Monday that after payment of dividends on preferred stock, this was equal to $1.05 a share of common stock, compared with $1.03 a share in the corresponding period a year ago.

Net income for the 12 months ended March 31 was $44,175,460, Machold said, compared with $42,535,959 in the year ended March 31, 1963. This equalled $2.79 a share of common stock, compared with $2.67 a share in the preceding year.

Ganev, Bulgaria President, Dies

SOFIA, Bulgaria (AP)—President Dimitri Ganev of Bulgaria died Monday night after a long illness, the Bulgarian news agency BTA announced today. He was 71.

Ganev, a founder of the Bulgarian Communist party, served in various high posts under the Stalinist regime after the postwar Communist takeover. He fell from grace in 1952 and lost his post as foreign trade minister.

He returned to politics in 1957 as a member of the party's Politburo and was named president a year later, succeeding the late Georgi Damyanov as chairman of the Presidium of the National Assembly.

The announcement did not describe the nature of Ganev's illness nor give any clue to his successor. It said that three days of mourning would be observed.

Crime Didn't Pay, Gets $70 Burial

KANSAS CITY, Mo. (AP)—Crime certainly didn't pay Carl Angus Fry. But it did place a costly price on his head.

Alive, Fry at one time was worth $32,500—in appearance bonds. That was in 1956, when he was tried as a habitual criminal. Police records show 20 of his 39 years were spent behind bars.

Fry was out on $5,000 bond when he was found shot to death in a ditch April 15. Monday, the Clay County Court authorized $70 to give him a pauper's burial at the county home.

The fabric damask is named for the city of Damascus, Syria.

Dear Abby . . . Words of Experience!

Abigail Van Buren

DEAR ABBY: Get this message to NO NAMES PLEASE, who wanted to move her aging mother from Illinois to California against the old lady's wishes: I plead with you, don't move your mother to California to be near you so you can "look after" her. She will disrupt your whole life. I know. It happened to me. My mother made a nervous wreck of me with talk of how abused she was, and how she couldn't wait to die. I should have let her sit in Minnesota with the blizzards in the winter. She complained in Minnesota, but she complains more in California. Leave well enough alone, and don't look for trouble trying to please a half-senile mother who doesn't know herself what she wants.

VOICE OF EXPERIENCE

• • • •

DEAR ABBY: I don't know how much experience you have had with aging parents, but I have had plenty, so let me tell you what I would have told NO NAMES PLEASE to do about her elderly mother in Illinois, who was incompetent to live alone, chased away all the live-in companions hired to stay with her, and refused to move to California to be with her children. I would put her in the best rest home I could afford in Illinois. It is familiar country and she wouldn't feel as though she was being torn up by the roots. She may not be happy there. But she won't be happy with you, either. You will at least know that she is being well cared for.

VETERAN OF A 20-YEAR WAR

DEAR ABBY: Why don't people leave their old parents alone Children think they know what is best for their parents. Let me tell you, parents know what is best for themselves. The worst thing you can do to an older person is to move him away from his familiar surroundings. He feels so friendless, helpless and lost. Maybe the winters ARE cold, but if they have survived 78 winters, they can survive a few more. They might not live quite so long, but they will not mind, if their last years are happy.

Scranton Backers Pledge All-Out Write-In Drive

WASHINGTON (AP) — Supporters of Gov. William W. Scranton for the Republican presidential nomination have decided to go all out on a write-in campaign in next week's Pennsylvania presidential primary despite what they call the "high risks" involved.

"We will be badly hurt if Scranton gets a small vote or if Barry Goldwater polls more votes than him," said Rep. Richard S. Schweiker, R-Pa., in an interview on the strategy of the men boosting Scranton for president.

"I wouldn't say it is the end of it" if the Scranton vote is small, he continued, "but I would say we would be farther behind than when we started."

On the other hand, Schweiker went on, the write-in campaign would be productive if Scranton polls enough votes to convince both political analysts and himself that he has real popular support.

Schweiker is chairman of the Scranton for President Club of Pennsylvania, a close friend of the governor, and the man who appears to coordinate many of the national efforts to win the nomination for Scranton.

No names will be listed on the Republican ballot in the Pennsylvania primary.

A write-in drive was launched recently, Schweiker said, despite doubts expressed by some Scranton supporters.

Schweiker said he was sure that Scranton's total will be compared with the 178,000 Pennsylvania write-in votes received by Sen. Robert A. Taft in 1952 and the 183,000 write-in votes received by John F. Kennedy in 1960.

Orange Scofflaw Picks Jail Term Over $785 Fine

MIDDLETOWN, N.Y. (AP)—A 20-year-old man, ordered by the City Court to pay $785 for 17 traffic violation charges over the weekend or go to county jail for 785 days, has chosen to go to jail.

Monroe Gray Jr. of Warwick pleaded guilty Monday and told Judge Wilmont Decker he would go to jail because he couldn't pay the fine.

Police said Gray was arrested Sunday when his automobile crashed near a cemetery. Charges against him included speeding, ignoring stop signs, driving and driving without a license.

Realtors to Hold Sales Conference Here April 30

The Ulster County Board of Realtors held its monthly meeting at the Governor Clinton Hotel last week at which time the program for the Lower-Hudson Regional Educational Sales Conference was discussed.

Attending the meeting Thursday evening was a large number of realtors and salesmen.

Mrs. Adele Royael, chairman of the Lower-Hudson Regional Educational Sales Conference to be held at the Governor Clinton Hotel on Thursday, April 30, presented the program for the day.

Opening at 9 a. m. with a free continental breakfast the session will get under way when at 10 o'clock the group will be welcomed by Regional Vice-president Raymond R. Korzendorfer, who will introduce Mayor John J. Schwenk and Benson Krom who will preside as toastmaster.

List of Speakers

Former District Attorney Howard C. St. John will speak from 10:30 until 11 a. m. on "Real Estate Law".

Frederic Snyder, world traveler and lecturer and a dynamic speaker, whose topic will be "The Hudson Valley Area and National Statistics", will address the group from 11 a. m. to 11:30 and from 11:30 to 12:30 o'clock there will be a hospitality hour with advertising and sign judging.

During the luncheon hour from 1 to 2 p. m. welcome by Manley Behrens, president of the New York State Association of Real Estate Boards and at 2 p. m. will be the main address by Robert Bale of Arizona.

The session will come to a close with remarks by Dewey Logan, president of the Ulster County Board of Realtors.

For Arrangements

Those planning to attend the conference should call Ralph Carpino for tickets. The final committee meeting for the conference will be Monday evening, April 27 at the Governor Clinton Hotel at 7:30 o'clock.

Observance of National Realtor Week May 24-30, was discussed and President Dewey Logan appointed Vincent Sheridan chairman, who stresses the need for assistance of all members to make the observance a success. Further details for National Realtor Week will be released by Mr. Sheridan.

Peter Weider, educational chairman, announced that at the May 21 meeting the board representatives from the Urban Renewal would give a talk.

President Logan urged all realtors and salesmen who have not already purchased tickets for the conference, make a special effort to do so as the program will be constructive and valuable to all.

Terwilliger Fined On Assault Charge

James O. Terwilliger, 23, of 42 Wall Street, who had pleaded guilty recently to a third degree assault charge, paid a $50 fine in city court today.

Judge Joseph D. Saccoman gave him the choice of the fine or five days in jail.

Joseph A. Misasi Jr., of 18 Downs Street, agaisnt whom Terwilliger had lodged an assault charge in March, countered with one against Terwilliger earlier this month. Misasi is due in court May 4.

Terwilliger had pleaded guilty to the charge against him on April 7.

John Walker, 26, of 49 East Union Street, charged Saturday with third degree assault by Anna Mae Murray, 32, of 11 Meadow Street, appeared in court today with Attorney Hubert A. Richter and the case was put over to April 28.

NEW YORK (AP)—The stock market was irregular early this afternoon in active trading. Profits were taken in Texas Gulf Sulphur.

Airlines and aerospace issues were weak. Cigarette stocks were mixed.

Big Three motors were all a bit higher.

Rails continued to show a higher tone but gains were small and there was a minority of losers.

The market as a whole was quite close to the highs the average made Friday and brokers saw the action as more of the rotation and switching which has characterized recent weeks.

The Associated Press average of 60 stocks at noon was up .1 at 306.5 with industrials up .5, rails up .2 and utilities off .5.

The Dow Jones industrial average at noon was up .18 at 824.72.

Texas Gulf Sulphur, which has been very stro:g on news of a mineral find in Ontario, fell 1¼ to 41 on an opening block of 25,000 shares. Later the loss was extended to more than 2.

As the space age stocks declined, United Aircraft lost more than a point and McDonnell Aircraft more than 2.

Corporate and U.S. government bonds showed a slightly higher trend.

Car Is Recovered

The car of Diane Gahan, of Mitchell Trailer Park, reported taken early Monday from the parking lot of Sangi's Bowlero, Cedar Street, was recovered late in the morning. Officers Ernest Bartroff and Gerald Tierney reported it recovered at about 11 a. m., on Cornell Street.

TIZZY By KATE OSANN

"I'm sleeping overnight at Janie's. Why?"

Mrs. Johnson

installed in five minutes flat. She thanked the head mechanic and the motorcade moved on into the rainy night.

When the First Lady made her impromptu decision to take the 348-mile drive back to Washington, she tested the ingenuity of the Secret Service.

Proved Ready

It proved ready, even down to providing pillows and blankets for the long journey.

Four cars already had been borrowed for Mrs. Johnson's day-long visit to Cleveland to speak at a YWCA convention and to see a public housing development for the elderly.

Two delegates from Kingston, N. Y., are attending the YWCA convention, Miss Frances Maxwell, executive director of the Kingston YW and Mrs. Harold F. Davis, a member.

Cleveland's entire available force of Secret Service agents—five of them—joined two White House agents to do the driving and protect the First Lady's entourage.

Their passengers included Mrs. Johnson, White House physician Dr. Janet Travell, Public Housing Administrator Marie McGuire, Mrs. Anthony Celebrezze, wife of the secretary of welfare; the First Lady's press secretary, Elizabeth Carpenter, five reporters and a presidential photographer.

All along the route, state police of Ohio, Pennsylvania and Maryland and patrolmen of the District of Columbia neatly synchronized to take turns providing lead and back - up patrol cars. Walkie - talkies connected all the cars of the motorcade.

Departing at 4:29 p.m., the agents made it plain that all speed limits—65 to 70 on the turnpikes—would be held firmly on the slick-wet roads.

The White House was darkened, except for the President's office, when Mrs. Johnson's motorcade finally pulled into the southwest gate at 1:23 a.m.

Despite the tiring journey, Mrs. Johnson took time to thank everyone who had joined in her saga and to wave a good night.

Nerve Gas Made

and reaction vats. At one point, the product looks like frozen milk.

In a separate building, the gas is pumped into rockets and other munitions by automatic equipment in a sealed compartment.

The equipment fills the rocket, X-rays it to measure the contents, rinses and dries it, and checks for leaks.

Must Be Kept Secret

From Newport, the rockets and artillery shells are shipped in "normal Army supply channels" says Lt. Col. William J. Tisdale, officer in charge at the plant. He will say no more.

"Everything we have here we would like for the public to know, but we don't want the Russians to know," Tisdale explains.

The nerve gas is dispersed in a spray when its carrier explodes. It kills by attacking the body's cholinesterase, substance transmitting nerve signals for muscles to expand.

Gives No Warning

When this fluid is crippled, muscles continue to constrict and the body strangles its own vital organs. There is an antidote, atropine, but it must be injected quickly, and the gas gives no warning.

Manufacture is inexpensive. The Newport operation spends about $3½ million annually—less than the cost of one jet bomber.

The plant includes a complete hospital. Ten per cent of the operating budget is spent on safety. There has never been a plant fatality.

Contrary to popular belief, the United States is not bound by any treaties forbidding the use of nerve gas.

Tisdale describes the Newport operation simply as "a race to stay ahead of any aggressor so he won't be tempted."

Testimonial Will Honor Hatfield At Poughkeepsie

State Senator Ernest I. Hatfield, (R.-Dutchess-Putnam-Columbia) will be honored at a community, non-partisan testimonial dinner on May 13 at the Hellenic Center, Poughkeepsie.

Lieut. Governor Malcolm Wilson, presiding officer of the Senate, will be guest speaker.

Dutchess County Family Court Judge Joseph Jiudice, said "this will be a community tribute to a man who is retiring from the Legislature after representing all of us since 1942." Judge Jiudice is general chairman of the dinner.

Senator Hatfield will retire at the end of the present term, Dec. 31. Because of the capacity of the Center, reservations will be limited to 350.

Coalition Still

rightists' grab for power Sunday.

Appears Normal

Despite the rightist troops ringing Souvanna's villa, the situation appeared to be returning to normal. Souvanna's so-called coalition government has been a powerless facade of a regime for 14 months. The sporadically warring armies of the right-wing, neutralist and pro-Communist factions each control parts of Laos.

From his balcony, Souvanna told newsmen that King Savang Vathana, whom he visited with the rebel leaders at the royal capital of Luang Prabang Monday, told him he did not approve of the coup.

Informed sources said the king told Souvanna that even if he resigned as premier, the king could not accept the resignation because the coalition was guaranteed by the 14 nations which signed the Geneva agreement in 1962.

Guaranteed Neutrality

The agreement guaranteed the neutrality of Laos and paved the way for the coalition government. The coalition has not functioned because of continual feuding between the rightists and the pro-Communist Pathet Lao.

Souvanna went to Luang Prabang with the two leaders of the coup, Gens. Kouprasith Abhay and Siho Lamphoutakal. Asked to reconcile his claim that his government still functioned with his being under house arrest, Souvanna replied: "I cannot say anything more."

AP Elects Two New Directors, Renames 5 More

NEW YORK (AP)—Members of The Associated Press have elected two new directors and re-elected five members of the board.

All five incumbents on the ballot were re-elected Monday at the annual meeting of the worldwide news cooperative.

Richard Lloyd Jones Jr., Tulsa Tribune, was elected to succeed Wright Bryan, Cleveland Plain Dealer, who resigned last April 30 and whose term expired Monday.

Term Expires in 1965

Frank A. Daniels, Raleigh (N.C.) Times, was elected to replace the late Millard Cope, San Antonio (Tex.) Standard-Times. The term expires April 19, 1965.

Re - elected were: Benjamin M. McKelway, Washington (D.C.) Sunday Star; Eugene C. Pulliam, Phoenix (Ariz.) Gazette; William Dwight, Holyoke (Mass.) Transcript - Telegram; Henry D. Bradley, St. Joseph (Mo.) Gazette & Sunday News-Press, and Harry F. Byrd Jr., Winchester (Va.) Evening Star.

Byrd represents cities of less than 50,000 population.

The list of candidates was drawn up by the nominating committee. At least two nominations are required for each vacancy on the board. Directors' terms are three years.

The Associated Press members also approved applications by 16 associate member newspapers to become regular members.

Presentation of an 11-minute film, "Frontiers of News," showing the best pictures of the year by AP and AP member photographers, was a feature of the program.

Wes Gallagher, AP general manager who introduced the film and other special events at the meeting, told the members that the Museum of Modern Art here had just added the film to its permanent collection of film classics—"even in advance of its first public showing here today."

The film was produced by documentary specialist Willard Van Dyke in cooperation with an AP team headed by Daniel De Luce, executive assistant to the general manager.

Others Appointed

Reports of the nominating and auditing committees were read by their chairmen, J.M. Blalock, Columbia (S.C.) Record, and Frank S. Hoag Jr., Pueblo (Colo.) Chieftain.

Elected to the nominating committee for two-year terms were J.L. Stackhouse, Easton (Pa.) Express; Arthur P. Gallagher, Ann Arbor (Mich.) News; Peyton Anderson, Macon (Ga.) News and Telegraph, and Carroll W. Parcher, Glendale (Calif.) News-Press.

They will serve with four committee members whose terms expire next year: chairman Blalock; Wayne C. Smith, Meriden (Conn.) Record and Journal, secretary; Stanley H. Stauffer, Topeka (Kans.) Daily Capital, and Elbert H. Baker II, Tacoma (Wash.) News Tribune.

Hoag was re-elected chairman of the auditing committee. Also elected to that committee were Buell W. Hudson, Woonsocket (R.I.) Call Evening Reporter, secretary; J. Kelly Sisk, Greenville (S.C.) Daily Piedmont, and Charles H. Withers, Rochester, (Minn.) Post-Bulletin.

Conference Slated

Tickton's presentation of a "tele-lecture," an address via telephone from his Ford Foundation office in New York City, at 2:30, with the panel discussions from 4 to 5:15. Friday's program concludes with the banquet at 7 p. m. and Dr. McEwen's speech.

A general session, election of officers and discussion of Association affairs will take place from 9:15 to 10:15 a. m. on Saturday, followed by panel discussions continued from the previous day, between 10:30 and noon.

Members will hear Carlino at a luncheon scheduled for 12:30 p. m. Meetings of special interest groups such as nursing educators, librarians, English teachers etc. will conclude the conference at 2:30 p. m.

Cuba Warns

October 1962 missile crisis, apparently by the same kind of missile the Russians are expected to turn over to Cuban control soon.

A State Department spokesman in Washington said Monday U.S. flights over Cuba "are a substitute for the on-sight inspection agreed to by the Soviets in October 1962, but which Fidel Castro refused to permit."

The spokesman noted that the reconnaissance flights were started before the U.S.-Soviet missile crisis, were continued to check Soviet nuclear missiles out of Cuba and will be maintained to guard against re-introduction of such missiles which could threaten the U.S. mainland.

Why Utilities Lagged: Money Rate Plus Boom

Q) "I own Southern Company and Southern California Edison. The utilities have not done well over the recent past. Is this due to rural electrification or atomic power? What is your opinion of Mountain States Tel. & Tel?" R. S.

A) Your point about utility stocks is very well taken. It is perfectly true that these shares on the whole have made little progress in the 1963-64 strong market. I do not believe, however, that either of the two factors you mention have been responsible for their relatively poor action.

Utilities are a favored institutional holding and because of this preferred status are very sensitive to monetary changes. The discount rate rose last July and may do so again.

Also, utilities are defensive issues and attract their biggest following when the business outlook is unsettled, rather than under boom conditions now prevailing in many industries.

Hold your two utilities for longer-term appreciation, and you might well add Mountain States Telephone, a strong Bell system member.

Q) What do you think of Universal Container? My son-in-law has asked me to get your opinion of this stock as an initial purchase. Or would you advise General Electric; Sears, Roebuck; or Bristol-Myers for growth?" M. B.

A) I think it is very commendable of you to look after your son-in-law's interests.

Universal Container is a relatively small and reputable company engaged in the business of converting and re-conditioning wooden barrels and steel drums. I believe its main attraction for your son-in-law is its low price.

I cannot too often reiterate that a stock is not necessarily cheap because its price is low. I can find no evidence of growth in this situation.

As an initial purchase, I think it is wise to pick a strong stock with a good pattern. Any of the last three stocks you mentioned woud qualify, and I advise your son-in-law to make his selection from that list.

Discussion Held Here to Establish Museum in Area

More than 50 persons met Saturday in Kingston Library to discuss the possible establishment of a natural history museum for Ulster and Dutchess Counties. The group consisting of individuals from societies, schools, libraries and colleges of the area was shown sildes of "Waterstreet" an outdoor museum in Arizona, by Dan Smiley of Lake Mohonk and The Rensselaer County Junior Museum in Troy, by Craig Smith of Saugerties.

Literature of the Museum of the Cornwall Countryside was shown and explained by its director, Dr. Bettison Shapiro.

A steering committee of nine members including area naturalists and individuals from schools and colleges was formed to continue to publicize the project and to prepare a survey questionaire which will ask all members of the community to choose what features of a local museum they prefer.

A third general meeting will be held during the latter part of May. The time and place will be announced after the first meeting of the steering committee.

Anyone interested in the Natural History Museum and Nature Center idea is urged to address their recommendations to Craig Smith, Route 1, Box 1E, Saugerties.

Waterstreet, Rensselaer County Junior Museum and Cornwall were presented as examples of dynamic educational programs on which the Ulster-Dutchess Natural History Museum could be patterned. The three museums emphasize participation by the visitors. At Waterstreet, the visitor walks into a large cage where birds are free to fly by so that the visitor becomes as much a part of the environment as possible. At the Rensselaer County Junior Museum the children go to art class upstairs and later exhibit their work downstairs. At Cornwall the exhibits are designed, created and decorated by school children who are the "junior curators." They are truly curators because the older students run the museum when Dr. Shapiro is away.

The proposed museum could serve as a nature center for young children, a new and dynamic classroom for school students, a research facility for college students and a repository for collections of scientific significance for the reference of professionals and amateurs alike. It would provide exhibits of rocks and minerals, fossils, birds, mammals, snakes, salamanders, fish, insects, flowers and trees. It should also have land around it for nature trails and exhibits of live animals and birds. Field trips for schools could leave from the museum on tours of Ulster and Dutchess Counties to study the geology at road cuts and quarries or the ecology at fields, mountains or the banks of the Hudson River.

Both Sides Hit Hard in Recent Vietnam Battles

SAIGON, South Viet Nam (AP)—South Vietnamese forces have had their bloodiest week of war, with 200 dead and 660 wounded in action against the Communist Viet Cong, an American spokesman reported today.

Another 140 were wounded in engagements of the past week, when Communists made sharp thrusts in the Mekong River delta.

The most severe engagement was at Kien Long, near Ca Mau, in which nearly 300 government troops were killed or wounded.

The Viet Cong suffered 710 casualties, most of them killed, the spokesman claimed.

Lower-Hudson Regional Event

Realtors to Hold Sales Conference Here April 30

The Ulster County Board of Realtors held its monthly meeting at the Governor Clinton Hotel last week at which time the program for the Lower-Hudson Regional Educational Sales Conference was discussed.

Attending the meeting Thursday evening was a large number of realtors and salesmen.

Mrs. Adele Royael, chairman of the Lower-Hudson Regional Educational Sales Conference to be held at the Governor Clinton Hotel on Thursday, April 30, presented the program for the day.

Opening at 9 a. m. with a free continental breakfast the session will get under way when at 10 o'clock the group will be welcomed by Regional Vice-president Raymond R. Korzendorfer, who will introduce Mayor John J. Schwenk and Benson Krom who will preside as toastmaster.

List of Speakers

Former District Attorney Howard C. St. John will speak from 10:30 until 11 a. m. on "Real Estate Law".

Frederic Snyder, world traveler and lecturer and a dynamic speaker, whose topic will be "The Hudson Valley Area and National Statistics", will address the group from 11 a. m. to 11:30 and from 11:30 to 12:30 o'clock there will be a hospitality hour with advertising and sign judging.

During the luncheon hour from 1 to 2 p. m. welcome by Manley Behrens, president of the New York State Association of Real Estate Boards and at 2 p. m. will be the main address by Robert Bale of Arizona.

The session will come to a close with remarks by Dewey Logan, president of the Ulster County Board of Realtors.

For Arrangements

Those planning to attend the conference should call Ralph Carpino for tickets. The final committee meeting for the conference will be Monday evening, April 27 at the Governor Clinton Hotel at 7:30 o'clock.

Observance of National Realtor Week May 24-30, was discussed and President Dewey Logan appointed Vincent Sheridan chairman, who stresses the need for assistance of all members to make the observance a success. Further details for National Realtor Week will be released by Mr. Sheridan.

Peter Weider, educational chairman, announced that at the May 21 meeting the board representatives from the Urban Renewal would give a talk.

President Logan urged all realtors and salesmen who have not already purchased tickets for the conference, make a special effort to do so as the program will be constructive and valuable to all.

Terwilliger Fined On Assault Charge

James O. Terwilliger, 23, of 42 Wall Street, who had pleaded guilty recently to a third degree assault charge, paid a $50 fine in city court today.

Judge Joseph D. Saccoman gave him the choice of the fine or five days in jail.

Joseph A. Misasi Jr., of 18 Downs Street, agaisnt whom Terwilliger had lodged an assault charge in March, countered with one against Terwilliger earlier this month. Misasi is due in court May 4.

Terwilliger had pleaded guilty to the charge against him on April 7.

John Walker, 26, of 49 East Union Street, charged Saturday with third degree assault by Anna Mae Murray, 32, of 11 Meadow Street, appeared in court today with Attorney Hubert A. Richter and the case was put over to April 28.

much excess plant capacity; and unemployment is likely to be around 5 per cent at yearend, despite some improvement since January.

Another government economist, replying privately to a newsman's inquiry on the impact of the tax cut, said it would be premature to judge by the March statistics, but: "If you had to say something, you'd say there has been no visible effect. It will show up a bit later on."

There is wide agreement that the broad March gains cited by the President in his news conferences last Thursday and Saturday were still reflection of the anticipation of a tax cut, rather than the actuality.

However, Rep. Craig Hosmer, R-Calif., a committee member who sharply criticized the nuclear test ban treaty ratified last year, called the announcement in action."

"It proves we do not even have to go to a negotiating table to lose our shirts," he said. "We can do it by speeches and press releases."

Several Senate members of the committee said they were told at the briefing that the reduction was in line with a downward revision of military needs and that they had no particular reason to question this.

The library receives $29,000 from Kingston in the city budget, which is approximately $1 per capita tax base support. Federal and American Library Association standards have set a minimum of $2 per capita tax base support for adequate library services. To meet minimum standards the budget allocation would have to be $60,000.

Financial and Commercial

NEW YORK (AP)—The stock market was irregular early this afternoon in active trading. Profits were taken in Texas Gulf Sulphur.

Airlines and aerospace issues were weak. Cigarette stocks were mixed.

Big Three motors were all a bit higher.

Rails continued to show a higher tone but gains were small and there was a minority of losers.

The market as a whole was quite close to the highs the average made Friday and brokers saw the action as more of the rotation and switching which has characterized recent weeks.

The Associated Press average of 60 stocks at noon was up .1 at 306.5 with industrials up .5, rails up .2 and utilities off .5.

The Dow Jones industrial average at noon was up .18 at 824.72.

Texas Gulf Sulphur, which has been very strong on news of a mineral find in Ontario, fell 1¼ to 41 on an opening block of 25,000 shares. Later the loss was extended to more than 2.

As the space age stocks declined, United Aircraft lost more than a point and McDonnell Aircraft more than 2.

Corporate and U.S. government bonds showed a slightly higher trend.

Car Is Recovered

The car of Diane Gahan, of Mitchell Trailer Park, reported taken early Monday from the parking lot of Sangi's Bowlero, Cedar Street, was recovered late in the morning. Officers Ernest Bartroff and Gerald Tierney reported it recovered at about 11 a. m., on Cornell Street.

TIZZY By KATE OSANN

"I'm sleeping overnight at Janie's. Why?"

Mrs. Johnson

installed in five minutes flat. She thanked the head mechanic and the motorcade moved on into the rainy night.

When the First Lady made her impromptu decision to take the 348-mile drive back to Washington, she tested the ingenuity of the Secret Service.

Proved Ready

It proved ready, even down to providing pillows and blankets for the long journey.

Four cars already had been borrowed for Mrs. Johnson's day-long visit to Cleveland to speak at a YWCA convention and to see a public housing development for the elderly.

Two delegates from Kingston, N. Y., are attending the YWCA convention, Miss Frances Maxwell, executive director of the Kingston YW and Mrs. Harold F. Davis, a member.

Cleveland's entire available force of Secret Service agents—five of them—joined two White House agents to do the driving and protect the First Lady's entourage.

Their passengers included Mrs. Johnson, White House physician Dr. Janet Travell, Public Housing Administrator Marie McGuire, Mrs. Anthony 'Celebrezze, wife of the secretary of welfare; the First Lady's press secretary, Elizabeth Carpenter, five reporters and a presidential photographer.

All along the route, state police of Ohio, Pennsylvania and Maryland and patrolmen of the District of Columbia neatly synchronized to take turns providing lead and back - up patrol cars. Walkie - talkies connected all the cars of the motorcade.

Departing at 4:29 p.m., the agents made it plain that all speed limits—65 to 70 on the turnpikes—would be held firmly on the slick-wet roads.

The White House was darkened, except for the President's office, when Mrs. Johnson's motorcade finally pulled into the southwest gate at 1:23 a.m.

Despite the tiring journey, Mrs. Johnson took time to thank everyone who had joined in her saga and to wave a good night.

Nerve Gas Made

and reaction vats. At one point, the product looks like frozen milk.

In a separate building, the gas is pumped into rockets and other munitions by automatic equipment in a sealed compartment.

The equipment fills the rocket, X-rays it to measure the contents, rinses and dries it, and checks for leaks.

Must Be Kept Secret

From Newport, the rockets and artillery shells are shipped in "normal Army supply channels" says Lt. Col. William J. Tisdale, officer in charge at the plant. He will say no more.

"Everything we have here we would like for the public to know, but we don't want the Russians to know," Tisdale explains.

The nerve gas is dispersed in a spray when its carrier explodes. It kills by attacking the body's cholinesterase, substance transmitting nerve signals for muscles to expand.

Gives No Warning

When this fluid is crippled, muscles continue to constrict and the body strangles its own vital organs. There is an antidote, atropine, but it must be injected quickly, and the gas gives no warning.

Manufacture is inexpensive. The Newport operation spends about $3½ million annually—less than the cost of one jet bomber.

The plant includes a complete hospital. Ten per cent of the operating budget is spent on safety. There has never been a plant fatality.

Contrary to popular belief, the United States is not bound by any treaties forbidding the use of nerve gas.

Tisdale describes the Newport operation simply as "a race to stay ahead of any aggressor so he won't be tempted."

Judy's Home Attached

LOS ANGELES (AP) — The home of singer Judy Garland and her estranged husband, Sid Luft, has been attached, pending the outcome of a suit filed against them by attorney Lawrence W. Beilenson, who claims $69,000 in legal fees.

Testimonial Will Honor Hatfield At Poughkeepsie

State Senator Ernest I. Hatfield, (R.-Dutchess-Putnam-Columbia) will be honored at a community, non-partisan testimonial dinner on May 13 at the Hellenic Center, Poughkeepsie.

Lieut. Governor Malcolm Wilson, presiding officer of the Senate, will be guest speaker.

Dutchess County Family Court Judge Joseph Jiudice, said "this will be a community tribute to a man who is retiring from the Legislature after representing all of us since 1942." Judge Jiudice is general chairman of the dinner.

Senator Hatfield will retire at the end of the present term, Dec. 31. Because of the capacity of the Center, reservations will be limited to 350.

Coalition Still

rightists' grab for power Sunday.

Appears Normal

Despite the rightist troops ringing Souvanna's villa, the situation appeared to be returning to normal. Souvanna's so-called coalition government has been a powerless facade of a regime for 14 months. The sporadically warring armies of the right-wing, neutralist and pro-Communist factions each control parts of Laos.

From his balcony, Souvanna told newsmen that King Savang Vathana, whom he visited with the rebel leaders at the royal capital of Luang Prabang Monday, told him he did not approve of the coup.

Informed sources said the king told Souvanna that even if he resigned as premier, the king could not accept the resignation because the coalition was guaranteed by the 14 nations which signed the Geneva agreement in 1962.

Guaranteed Neutrality

The agreement guaranteed the neutrality of Laos and paved the way for the coalition government. The coalition has not functioned because of continual feuding between the rightists and the pro-Communist Pathet Lao.

Souvanna went to Luang Prabang with the two leaders of the coup, Gens. Kouprasith Abhay and Siho Lamphoutakal. Asked to reconcile his claim that his government still functioned with his being under house arrest, Souvanna replied: "I cannot say anything more."

PASADENA, Calif. (AP) — Mrs. H. McConnell, first Queen of the Tournament of Roses, died Monday in Huntington Memorial Hospital at the age of 77.

AP Elects Two New Directors, Renames 5 More

NEW YORK (AP)—Members of The Associated Press have elected two new directors and re-elected five members of the board.

All five incumbents on the ballot were re-elected Monday at the annual meeting of the worldwide news cooperative.

Richard Lloyd Jones Jr., Tulsa Tribune, was elected to succeed Wright Bryan, Cleveland Plain Dealer, who resigned last April 30 and whose term expired Monday.

Term Expires in 1965

Frank A. Daniels, Raleigh (N.C.) Times, was elected to replace the late Millard Cope, San Antonio (Tex.) Standard-Times. The term expires April 19, 1965.

Re - elected were: Benjamin M. McKelway, Washington (D.C.) Sunday Star; Eugene C. Pulliam, Phoenix (Ariz.) Gazette; William Dwight, Holyoke (Mass.) Transcript - Telegram; Henry D. Bradley, St. Joseph (Mo.) Gazette & Sunday News-Press, and Harry F. Byrd Jr., Winchester (Va.) Evening Star.

Byrd represents cities of less than 50,000 population.

The list of candidates was drawn up by the nominating committee. At least two nominations are required for each vacancy on the board. Directors' terms are three years.

The Associated Press members also approved applications by 16 associate member newspapers to become regular members.

Presentation of an 11-minute film, "Frontiers of News," showing the best pictures of the year by AP and AP member photographers, was a feature of the program.

Wes Gallagher, AP general manager who introduced the film and other special events at the meeting, told the members that the Museum of Modern Art here had just added the film to its permanent collection of film classics—"even in advance of its first public showing here today."

The film was produced by documentary specialist Willard Van Dyke in cooperation with an AP team headed by Daniel De Luce, executive assistant to the general manager.

Others Appointed

Reports of the nominating and auditing committees were read by their chairmen, J.M. Blalock, Columbia (S.C.) Record, and Frank S. Hoag Jr., Pueblo (Colo.) Chieftain.

Elected to the nominating committee for two-year terms were J.L. Stackhouse, Easton (Pa.) Express; Arthur P. Gallagher, Ann Arbor (Mich.) News; Peyton Anderson, Macon (Ga.) News and Telegraph, and Carroll W. Parcher, Glendale (Calif.) News-Press.

They will serve with four committee members whose terms expire next year: chairman Blalock; Wayne C. Smith, Meriden (Conn.) Record and Journal, secretary; Stanley H. Stauffer, Topeka (Kans.) Daily Capital, and Elbert H. Baker II, Tacoma (Wash.) News Tribune.

Hoag was re-elected chairman of the auditing committee. Also elected to that committee were Buell W. Hudson, Woonsocket (R.I.) Call Evening Reporter, secretary; J. Kelly Sisk, Greenville (S.C.) Daily Piedmont, and Charles H. Withers, Rochester, (Minn.) Post-Bulletin.

Conference Slated

Tickton's presentation of a "tele-lecture," an address via telephone from his Ford Foundation office in New York City, at 2:30, with the panel discussions from 4 to 5:15. Friday's program concludes with the banquet at 7 p. m. and Dr. McEwen's speech.

A general session, election of officers and discussion of Association affairs will take place from 9:15 to 10:15 a. m. on Saturday, followed by panel discussions continued from the previous day, between 10:30 and noon.

Members will hear Carlino at a luncheon scheduled for 12:30 p. m. Meetings of special interest groups such as nursing educators, librarians, English teachers etc. will conclude the conference at 2:30 p. m.

Cuba Warns

October 1962 missile crisis, apparently by the same kind of missile the Russians are expected to turn over to Cuban control soon.

A State Department spokesman in Washington said Monday U.S. flights over Cuba "are a substitute for the on-sight inspection agreed to by the Soviets in October 1962, but which Fidel Castro refused to permit."

The spokesman noted that the reconnaissance flights were started before the U.S.-Soviet missile crisis, were continued to check Soviet nuclear missiles out of Cuba and will be maintained to guard against re-introduction of such missiles which could threaten the U.S. mainland.

Why Utilities Lagged: Money Rate Plus Boom

Q) "I own Southern Company and Southern California Edison. The utilities have not done well over the recent past. Is this due to rural electrification or atomic power? What is your opinion of Mountain States Tel. & Tel?" R. S.

A) Your point about utility stocks is very well taken. It is perfectly true that these shares on the whole have made little progress in the 1963-64 strong market. I do not believe, however, that either of the two factors you mention have been responsible for their relatively poor action.

Utilities are a favored institutional holding and because of this preferred status are very sensitive to monetary changes. The discount rate rose last July and may do so again.

Also, utilities are defensive issues and attract their biggest following when the business outlook is unsettled, rather than under boom conditions now prevailing in many industries.

Hold your two utilities for longer-term appreciation, and you might well add Mountain States Telephone, a strong Bell system member.

Q) What do you think of Universal Container? My son-in-law has asked me to get your opinion of this stock as an initial purchase. Or would you advise General Electric; Sears, Roebuck; or Bristol-Myers for growth?" M. B.

A) I think it is very commendable of you to look after your son-in-law's interests.

Universal Container is a relatively small and reputable company engaged in the business of converting and re-conditioning wooden barrels and steel drums. I believe its main attraction for your son-in-law is its low price.

I cannot too often reiterate that a stock is not necessarily cheap because its price is low. I can find no evidence of growth in this situation.

As an initial purchase, I think it is wise to pick a strong stock with a good pattern. Any of the last three stocks you mentioned woud qualify, and I advise your son-in-law to make his selection from that list.

Discussion Held Here to Establish Museum in Area

More than 50 persons met Saturday in Kingston Library to discuss the possible establishment of a natural history museum for Ulster and Dutchess Counties. The group consisting of individuals from societies, schools, libraries and colleges of the area was shown slides of "Waterstreet" an outdoor museum in Arizona, by Dan Smiley of Lake Mohonk and The Rensselaer County Junior Museum in Troy, by Craig Smith of Saugerties.

Literature of the Museum of the Cornwall Countryside was shown and explained by its director, Dr. Bettison Shapiro.

A steering committee of nine members including area naturalists and individuals from schools and colleges was formed to continue to publicize the project and to prepare a survey questionaire which will ask all members of the community to choose what features of a local museum they prefer.

A third general meeting will be held during the latter part of May. The time and place will be announced after the first meeting of the steering committee.

Anyone interested in the Natural History Museum and Nature Center idea is urged to address their recommendations to Craig Smith, Route 1, Box 1E, Saugerties.

Waterstreet, Rensselaer County Junior Museum and Cornwall were presented as examples of dynamic educational programs on which the Ulster-Dutchess Natural History Museum could be patterned. The three museums emphasize participation by the visitors. At Waterstreet, the visitor walks into a large cage where birds are free to fly by so that the visitor becomes as much a part of the environment as possible. At the Rensselaer County Junior Museum the children go to art class upstairs and later exhibit their work downstairs. At Cornwall the exhibits are designed, created and decorated by school children who are the "junior curators." They are truly curators because the older students run the museum when Dr. Shapiro is away.

The proposed museum could serve as a nature center for young children, a new and dynamic classroom for school students, a research facility for college students and a repository for collections of scientific significance for the reference of professionals and amateurs alike. It would provide exhibits of rocks and minerals, fossils, birds, mammals, snakes, salamanders, fish, insects, flowers and trees. It should also have land around it for nature trails and exhibits of live animals and birds. Field trips for schools could leave from the museum on tours of Ulster and Dutchess Counties to study the geology at road cuts and quarries or the ecology at fields, mountains or the banks of the Hudson River.

Both Sides Hit Hard in Recent Vietnam Battles

SAIGON, South Viet Nam (AP)—South Vietnamese forces have had their bloodiest week of war, with 200 dead and 660 wounded in action against the Communist Viet Cong, an American spokesman reported today.

Another 140 were wounded in engagements of the past week, when Communists made sharp thrusts in the Mekong River delta.

The most severe engagement was at Kien Long, near Ca Mau, in which nearly 300 government troops were killed or wounded.

The Viet Cong suffered 710 casualties, most of them killed, the spokesman claimed.

Boys Club Parley Slated May 10-14

NEW YORK—Former President Herbert Hoover announced here today that the 58th annual Boys' Cubs of America convention will be held in Washington, D. C., May 10-14. Mr. Hoover has been board chairman of the natonal youth-guidance organization for 26 years.

More than 1,000 youth workers, representing some 635 Boys' Clubs and well over 600,000 deserving youngsters, are expected to attend.

Leading business, civic and educational representatives together with leading professionals and volunteers wil participate in more than 50 forums, workshops, demonstrations and training sessions.

Working sessions will cover youth unemployment, high-school drop-outs, implications of changing neighborhoods, unions and social wefare, youth and smoking, government in relation to youth work, and dozens more.

The convention will be held at the Statler-Hilton hotel.

Summer Theaters

NEW YORK (AP) — Summer theaters are scheduled to operate during the '64 season in all but three states, according to a survey by Back Stage, a trade publication.

Thespian activities are not planned in Mississippi, Alabama and Louisiana. Altogether about 280 playhouses will be open. The biggest group is in New York, 32; followed by Pennsylvania, California and Massachusetts with about two dozen each. Ohio lists 15, Illinois 23, New Jersey 12, and Connecticut 10.

Glancing Over TV Bill of Fare

By CYNTHIA LOWRY
AP Television-Radio Writer

NEW YORK (AP) — Television, limited mostly to half-hour and hour shows, has the perennial problem of establishing characters quickly, effectively and unmistakably.

That is the reason that the medium continues year after year to use a handful of easily identified status symbols.

For instance, very rich people in televisionland drink a lot of hard liquor. It is found in decanters atop a living room bar, near a gleaming ice bucket and ice tongs, which they use.

As the characters move down the social and financial scale, drinking becomes progressively more primitive until we find inhabitants of flop house rooms pouring shots from the bottle into a water glass.

Women's costumes are often a strong clue to the character's social position. Wealthy women seem to float around the house all day in elaborate chiffon peignoirs, changing only occasionally into street clothes and expensive furs or extravagent ball gowns for a quiet evening at home.

Poor people, it can be noted, spend much time in their kitchens, and eat a lot. The men are likely to be in their shirt sleeves and the women wear practical aprons, and sometimes we see them with their hair in curlers.

Rich older men, the tycoon type, are usually cigar smokers—big, fat cigars. They almost always wear Homburgs, are rude, and drive around in big, fat limousines. Practically all other rich people drive convertibles, and the richer they are, the bigger the convertible. No one ever takes the key out of the ignition.

Rich women most often are terrible snobs if they are middle-aged or pretty wild and mentally disturbed if they are young. Either type speaks with a broad "a," which instantly denotes private school education.

Rich people have emotional troubles; poor people have financial troubles. Almost always the poor have better characters.

AP Television-Radio Writer

NEW YORK (AP) — Television, limited mostly to half-hour and hour shows, has the perennial problem of establishing characters quickly, effectively and unmistakably.

That is the reason that the medium continues year after year to use a handful of easily identified status symbols.

For instance, very rich people in televisionland drink a lot of hard liquor. It is found in decanters atop a living room bar, near a gleaming ice bucket and ice tongs, which they use.

As the characters move down the social and financial scale, drinking becomes progressively more primitive until we find inhabitants of flop house rooms pouring shots from the bottle into a water glass.

Women's costumes are often a strong clue to the character's social position. Wealthy women seem to float around the house all day in elaborate chiffon peignoirs, changing only occasionally into street clothes and expensive furs or extravagent ball gowns for a quiet evening at home.

Poor people, it can be noted, spend much time in their kitchens, and eat a lot. The men are likely to be in their shirt sleeves and the women wear practical aprons, and sometimes we see them with their hair in curlers.

Rich older men, the tycoon type, are usually cigar smokers—big, fat cigars. They almost always wear Homburgs, are rude, and drive around in big, fat limousines. Practically all other rich people drive convertibles, and the richer they are, the bigger the convertible. No one ever takes the key out of the ignition.

Rich women most often are terrible snobs if they are middle-aged or pretty wild and mentally disturbed if they are young. Either type speaks with a broad "a," which instantly denotes private school education.

Rich people have emotional troubles; poor people have financial troubles. Almost always the poor have better characters.

10 Sacks of Bottles And Cans Collected

FULTON, Mo. (AP) — Malcolm Dalrymple, 21, of Brentwood, Mo., arrived in court Monday with 10 sacks of empty beer cans and whiskey bottles.

He collected the trash along a five-mile stretch of county road on orders of Magistrate Hugh P. Williamson.

The Westminster College student had pleaded guilty earlier to careless and imprudent driving while drinking. Williamson offered him a choice of a jail sentence or collecting beer and whiskey bottles along the highway.

Dalrymple also was fined $50 and court costs.

"If the Good Lord sends me enough of these cases," said Williamson, "I'm going to have the highways cleaned up...I enjoy my work."

Complete Fiscal Examination of 8 Fire Districts

ALBANY — State Comptroller Arthur Levitt today announced the completion of the examination of fiscal affairs of a number of towns, villages, schools and other special districts throughout the state, including eight Ulster County fire districts.

The fire districts include Cottekill, Kripplebush, Marbletown and Stone Ridge in Town of Marbletown; Ulster, Ulster-Onteora in the Town of Ulster; Accord in Town of Rochester and Vly-Atwood in Town of Marbletown.

Copies of the examination reports have been sent to the clerk and other officials of the units of government examined. Since the reports are a part of the public record, they are available for review by interested citizens.

A copy of each of the reports is also on file at the Department of Audit and Control in Albany and is available for public inspection.

Burglarize Fiddle Shop

Hudson police are continuing investigation of a burglary reported last week by the proprietor of Hudson's Fiddle Shop. The owner, Eugene Scuitto, said a violin case, two guitars, a tape recorder, five record players and violins valued at $1,400 were taken by the thief.

NEW YORK (AP)—Business is still giving top students in college graduation classes a rush. But this year there's a difference.

The ardent wooing of any and all college engineering seniors by aerospace and electronics companies which followed the Soviet orbiting of its first Sputnik has slumped, especially on the Pacific Coast.

Even worse, from the student's point of view, the big annual increase in starting pay has slowed to a crawl in the jet-age specialties and also in most other fields.

Much of the blame is placed on defense contract losses by some companies. But also the post-Sputnik efforts of both government and private business to encourage youth to study engineering has been bearing fruit. The supply of recruits is catching up with the lessening demand.

Top students are still sought even by the defense industries. And college placement offices report the demand heavy for mathematics, chemistry and good students in accounting, mathematics, chemistry and physics. If anything, there's been an increase in job opportunities in banking, insurance, retailing and sales.

But almost all sections of the nation report the summer job market growing poorer each year.

Many in this year's graduating classes aren't affected yet because they are going on to further studies. A survey by the Family Economics Bureau of Northwestern National Life Insurance Co. of Minneapolis, Minn., shows graduate schools taking nearly half of the business majors and a third of the engineers.

Seniors being signed up this spring are reported averaging about 2 per cent more this year than last, much less of a rise than formerly. The survey gives as average starting pay: engineers $610 a month; mathematicians, chemists, physicists $600; accountants $525; other business majors and graduates in the humanities and social sciences $500.

A master's degree usually rates $100 more a month than a bachelor's. A doctorate in engineering and the sciences can command from $10,000 to $13,000 a year.

Stratton Doubts Adlai Anxious to Run for Senate

WASHINGTON (AP) — Rep. Samuel S. Stratton, D-N.Y., says Adlai Stevenson has done an outstanding job as United Nations ambassador but does not appear eager to become the Democratic senatorial candidate in New York.

Mayor Robert F. Wagner of New York, who has disclaimed any interest in seeking the job, said Monday he thought Stevenson would make an "outstanding candidate" for the Senate.

The seat to be contested is that held by Sen. Kenneth B. Keating, a Rochester Republican.

Stratton, who also has been mentioned as a possible candidate, said Monday in an interview:

"...Someone who can make an early commitment and someone who can wage a hard-hitting, tireless campaign against Senator Keating between now and November should be the Democratic candidate."

And, Stratton added, "I have seen nothing which indicates it is Stevenson's intention to make this kind of commitment..."

Stratton, of Amsterdam, has said he is not a candidate for the nomination.

Prefect of Buffalo Province Succumbs

SYRACUSE, N.Y. (AP)—The Rev. Joseph C. Glose, prefect of the Buffalo province of the Roman Catholic Society of Jesus, died at St. Joseph's Hospital Sunday night after a short illness. He was 75.

Father Glose was responsible for the administration of Jesuit institutions in the Buffalo province, including Canisius and LeMoyne colleges.

Before being sent to the Buffalo province last year, Father Glose was prefect of the society's New York City province.

He was a native of Buffalo.

Cold War Breeds Skepticism

Reaction to Moscow Nuclear Cut Move Is Much Suspicion

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP)—Almost 19 years of cold war secrecy, and all that means in skepticism about Communists, has had a freezing effect on the American mind.

The reaction to a Communist move, even when it sounds peaceful, is almost predictable.

Suspicions of the Soviet Union popped up immediately in Congress Monday after President Johnson announced to an AP luncheon in New York and Premier Khrushchev disclosed in Moscow they were cutting production of material for nuclear weapons.

The suspicions went like this: "How do we know Khrushchev will keep his word? Will he let us into Russia to check to make sure? We need proof." In short, is he up to tricks?

But all this overlooks the point: In this case it doesn't matter whether he's playing tricks or not. Johnson said this country has more material for weapons than it needs.

Cites Waste

Therefore, continuing to produce it without needing it is wasting money. Johnson put it this way: "We must not operate a WPA nuclear project just to provide employment when our needs have been met."

The Soviets have the same problem of overproduction of nuclear weapon material, as do the British, but Khrushchev in his announcement tried to pitch his decision on a lofty plane.

He said the cutback was an "opportunity for improving mutual understanding." The British were to announce a cutback today. Actually, they put the brake on last year.

Either Johnson is right or wrong in his decision. If he is wrong, he may be jeopardizing the country. But it must be assumed he would not have made his decision without the advice of his military and atomic experts.

So, if he's right, it can make no difference what Khrushchev does about cutting back. If the Russians have more material than they need but keep on producing it, then they're wasting money.

Not Disarmament

Another question was raised: Is this a step toward disarmament? Johnson anticipated such a question before making his announcement and answered it as follows:

"This is not disarmament. This is not a declaration of peace. But it is a hopeful sign and it is a step forward which we welcome and which we can take in hope that the world may yet, one day, live without fear of war."

In the case of disarmament the consistent American position has been that inspection would be needed, and it is easy to see why it would be needed in that case but not in Johnson's cutback decision of Monday.

If the United States and the Soviet Union for instance, agreed to destroy a certain number of missiles and nuclear warheads, this country could never be sure the Soviets were not cheating unless they permitted inspection.

Long Way Off

Without such proof, this country would be a first-class sap to destroy a single one of its weapons for, if that continued, it could wind up at the mercy of the fully armed Russians.

But any disarmament agreement is a long way off. Johnson, ever since taking office, has been communicating with Khrushchev privately but reporters were told the two men's decisions of Monday were not a deal.

For the reasons explained above there didn't have to be a deal.

But that probably won't stop suspicions about the whole business although it would be hard to explain why this country should produce what it did not need, no matter what the Russians did

It's possible that moves like this one by both countries may lead to better understanding, but that's for extra.

Will Start Kennedy Memorial Next Year

DALLAS, Tex. (AP)—Workers will begin constructing the John F. Kennedy Memorial Plaza late next year and will complete it early in 1966, County Judge Lew Sterrett said Monday.

The park-like plaza will envelop a one-block area less than two blocks from where President Kennedy was assassinated Nov. 22.

The John F. Kennedy Citizens Memorial Committee of Dallas will pay for any statute or marker placed in the plaza, Sterrett said.

Senate Names 5 To Iron Out Pay Bill for Indians

WASHINGTON (AP) — The Senate has named five members to a conference committee that will try to iron out differences in Senate and House versions of a bill to compensate New York's Seneca Indians for the loss of much of their Alle gany Reservation.

The senators named to the committee are Frank Church, D-Idaho, Clinton P. Anderson, D-N.M., George McGovern, D-S.D., Milward Simpson, R-Wyo., and Peter H. Dominick, R-Idaho.

The House appointed its committee members last week.

The bill passed by the Senate would provide $9.13 million for damages and rehabilitation to compensate for construction of the Allegheny River dam and reservoir. The House approved a $20.15-million fund.

Gates of the dam at Kinzua, Pa., will be closed this fall to back up a lake to a point near to Salamanca, N.Y., and flood much of the reservation.

Church, chairman of the interior subcommittee that drafed the Senate version of the bill, said no meeting of the conference committee had been scheduled.

Hunters of Stature Fined for Violations

CHATOM, Ala. (AP) — Fines of 50 and costs have been paid by a Florida congressman, a retired general and several businessmen who pleaded guilty to hunting law violations.

The hunters included U.S. Rep. Robert F. Sikes, D-Fla.; Gen. Nathan F. Twining, former chairman of the Joint Chiefs of Staff; Edward Ball, a Jacksonville, Fla., financier; and R. A. Leanard, an Aluminum Corp. of America vice president.

They pleaded guilty Monday to charges of hunting turkey over a baited field Sunday. They were among a number of guests at the hunting lodge of former Rep. Frank Boykin of Mobile.

The House appointed its committee members last week.

The bill passed by the Senate would provide $9.13 million for damages and rehabilitation to compensate for construction of the Allegheny River dam and reservoir. The House approved a $20.15-million fund.

Gates of the dam at Kinzua, Pa., will be closed this fall to back up a lake to a point near to Salamanca, N.Y., and flood much of the reservation.

Church, chairman of the interior subcommittee that drafted the Senate version of the bill, said no meeting of the conference committee had been scheduled.

Hunters of Stature Fined for Violations

CHATOM, Ala. (AP) — Fines of 50 and costs have been paid by a Florida congressman, a retired general and several businessmen who pleaded guilty to hunting law violations.

The hunters included U.S. Rep. Robert F. Sikes, D-Fla.; Gen. Nathan F. Twining, former chairman of the Joint Chiefs of Staff; Edward Ball, a Jacksonville, Fla., financier; and R. A. Leanard, an Aluminum Corp. of America vice president.

They pleaded guilty Monday to charges of hunting turkey over a baited field Sunday. They were among a number of guests at the hunting lodge of former Rep. Frank Boykin of Mobile.

FROST-FREE REFRIGERATOR-FREEZERS ON SALE!

No Defrosting *Ever* with a

FROSTLESS

REFRIGERATOR-FREEZER

Frost *can't* form with the wonderful Frostless Refrigerator-Freezers neither in the big zero-degree freezer, nor in the refrigerator section. And the new refrigerator-freezers give you much more usable space inside with no increase in overall size.

You can forget about food and ice trays that stick or cubes that have to be battered apart . . . your FROSTLESS keeps frost out and cubes so cold they can't stick together.

You can really stock up on sale items, knowing that when you want to use them they'll be as fresh as the day you bought them *and* you won't have to chop them out of the freezer, not with a FROSTLESS!

You can cook and freeze an entire meal against the day when unexpected guests drop by, *and* the whole tasty menu will pop out of the freezer as easily (and free from ice) as when you put it in!

You can have the peace of mind that comes from knowing you have a supermarket right in your kitchen, full of frozen delights that you can bring out for any culinary emergency. (And without the slightest trace of icing up, thanks to your FROSTLESS!)

Dorothy E. Lorey, Robert Anthony Spica Take Their Marriage Vows in Veteran, N. Y.

MR. AND MRS. ROBERT A. SPICA
(Lakeside photo)

On Saturday, April 11 in St. John's Church, Veteran, N. Y., marriage vows were exchanged by Dorothy Eileen Lorey of Saugerties and Robert Anthony Spica of Saugerties. The bride is the daughter of Mr. and Mrs. Harry Lorey and the bridegroom is the son of Mr. and Mrs. Gerald Spica of Connecticut.

Officiating clergyman was the Rev. Vincent Brennan.

Lilies, mums and gladioli decorated the church for the occasion. The family pews were marked with white satin ribbon.

Given in marriage by her father, the bride wore a white gown of silk linen in modified sheath style. It was fashioned with a scoop neckline, fitted bodice, abbreviated sleeves and a full overskirt. Her veil of imported silk illusion was very bouffant and secured to a stylized cap of white silk flowers. She carried a prayer book with white orchids and white satin streamers accented with mums.

Josephine E. Filak of Saugerties, the bride's cousin, was maid of honor. She wore a powder blue linen gown with scoop neckline, short sleeves, molded bodice and sheath skirt with matching overskirt. A taffeta pillbox hat held a short veil.

Ronald Spica of Chershire, Conn., the bridegroom's twin brother, served as best man. Anthony J. Mezzacappa, brother of the bride, was an usher.

A reception was given in Flamingo Restaurant for the bridal party and members of the immediate family.

Afterwards the couple left on a wedding trip to Florida. The bride wore a white sheath with yellow accessories and a corsage of orchids.

The bride was graduated from Saugerties Central School and has been employed by Ferroxcube Corporation in Mt. Marion. Her husband is an alumnus of St. Patrick's High School, Catskill, and served four years with the U. S. Navy. He is also employed by Ferroxcube.

Mr. and Mrs. Spice will reside in Blue Mountain, N. Y.

Almost every capital and resort city in the world has an American-style hotel.

GAVE THEATER TICKET AWAY

Q: I do volunteer work for a charitable organization two days a week. Once a year the director of the organization gives a theater party for the volunteer workers (there are 10 of us) in appreciation for our services. This year, the day before we were to go to the play, I came down with a virus and was unable to go, so I gave my ticket to my sister. Several women took exception to this and said my sister had no right to the ticket and that I was wrong to give it to her. They think I should have given it back to the director. I would very much like to have your opinion.

A: As the tickets were given to the group as a reward for their charitable work and your sister had no part in this work, she was really not entitled to the ticket. You should have telephoned the director of the organization, explained that illness would prevent your going to the theater and asked if she had someone else she would like to give the ticket to. If she said "No," then it would have been perfectly all right to give it to your sister.

Two Unit Leaders Added to Local JCC Camp Staff

Miss Carol Spiegel and Dean Bullock were appointed unit leaders for the 1964 summer season at the Kingston Jewish Community Center Camp Jay Cee Cee, it was announced today.

Dr. George Braunstein, chairman for the Center's camp committee, said they will work directly with group counselors in supervising, implementing and planning the camp activities program.

Miss Spiegel has served as camp aquatic specialist. A candidate for a bachelor's degree in June from Skidmore College, she plans to attend a school in social work this September for professional training in that field.

A graduate of Lyndon Teacher's College, Bullock will enter his fourth season as a camp staff member. He has advanced studies credit from the New York State University at New Paltz and is currently a member of the Saugerties Central School System. During World War 2, he served overseas with the U. S. Army 83rd Division.

Camp Jay Cee Cee, the summer day camp sponsored by the Kingston Jewish Community Center, serves all boys in the Kingston area between the ages of four and 13, and is an affiliate of the Ulster County Community Chest.

Cana Conference Is Slated for April 26 In St. Mary's Church

A Cana conference will be held in St. Mary's Church on April 26, 1964 at 7:30 p. m. The priest-speaker will be the Rev. Gerald Boyle. His subject, "Family Spirituality." This meeting is for married couples only. The purpose is to awaken and stimulate in married couples a richer appreciation of matrimony and to deepen the spiritual life of Catholic married couples.

These conferences are held throughout the archdiocese to keep alive Catholic family values for married couples overwhelmed and disturbed by secular philosophy and points of view. The Cana conference is an informal open discussion with two talks by a priest, a coffee break and a question and answer period. All married couples, Catholic or not, are welcome. Reservations may be made with Mr. and Mrs. Vincent McDonough, 26 Shufeldt Street, or by contacting St. Mary's Rectory.

Area P-TA News

School No. 7

Members of the panel will include Miss Constance Flood, psychiatric social worker; Robert Kurland, director of the Jewish Community Center; Mrs. Constance Otteson, school psychologist in the Kingston Consolidated School System; Dr. Donald Schultz, psychiatrist, and William Skilling, announcer for WGHQ and former TV actor.

The meeting is open to the public and area parents are invited. Refreshments will be served.

Science Fair projects will be on exhibit. The school will be open at 7:30 p. m.

Reformed Church of Comforter

The Ladies Aid of the Reformed Church of the Comforter will sponsor a rummage sale from 9 a. m. to 4 p. m. Thursday, April 23 and Friday, April 24, in the church hall. The public is invited.

Vanderlyn Council

Vanderlyn Council 41 will hold its regular meeting on Tuesday, April 28 at 7 p. m. in the American Legion Building, 18 West O'Reilly Street. A card party will be held after the meeting. In charge of refreshments will be Luelle Giles and Marge Nelson.

Local Sodality Elects Officers

Mrs. Laura Buono was elected prefect of St. Mary's Sodality of Our Lady at its recent election of officers held at the school hall.

Others named were Theresa Nau, vice prefect; Emily Spada, secretary and Mary Beckert, treasurer.

Mrs. Margaret Wade was selected to receive the gold pin award for her outstanding contribution to the work of the Sodality. Recognition of this achievement will be made on World Sodality Day on May 3 at Cardinal Hayes High School in the Bronx.

This year's event will be dedicated to Francis Cardinal Spellman, who is observing his 25th anniversary as Archbishop of New York and his 75th birthday.

Tickets for the mother-daughter Communion breakfast to be held on June 7, may be obtained from either Millie or Cora Rosada.

Cana Conference ScheduledSunday

"The Privilege of Parenthood", an informal talk, will be delivered by the Rev. Louis Prefontaine of the Blessed Sacrament Fathers, Hyde Park, on Sunday in St. Mary of the Snow School cafeteria starting at 2:30 p. m.

This Cana Conference, the fourth sponsored by the parish, is open to all married couples in the Saugerties-Kingston area.

A free nursery will be available in St. Mary's Hall for children of all ages.

Parents are encouraged to have ready questions for discussion during the question and answer period which will follow Father Prefontaine's opening remarks. Benediction of the Blessed Sacrament will conclude the program. Refreshments will also be served.

Under the auspices of the Archdiocese of New York, these conferences are scheduled for the spiritual uplift of the couple, to help the couple become closer to each other and renew their goals in life.

Couples planning to attend are asked to notify the Chair Couple, Arthur and Isabel DeCelle, in order that the committee may provide the adequate seating and refreshment needs.

Also serving on the welcoming committee are William and Marion Garzione, William and Eleanor Carmen and Mrs. Clara Wynne in charge of refreshments.

SAUGERTIES NEWS

To Mark Loyalty Day, May 2 With Parade, Church Services

Church services and a five division parade will mark the VFW Loyalty Day ceremonies in Saugerties on Saturday, May 2, according to plans announced by Chairman Edwin Mower.

This will be the 13th year that Saugerties Memorial Post 5034, VFW and its Ladies Auxiliary have promoted this day of rededication to the American way of life prescribed by the President and Congress in July, 1958.

A Mass will be celebrated at St. Mary of the Snow Church at 8 a. m. to begin the day. An appropriate patriotic observance will take place at the Congregational Church, Main Street, at 10 a. m. The Rev. Frederick Imhoff will incorporate the winning essay of Miss Loyalty as part of his address.

The public is asked to participate by attending at these services.

Marchers Needed!

The afternoon parade will step off from the Finger Street area at 2 p. m., led by the Grand Parade Marshal, 18-year-old Miss Loyalty, Phyllis McLaughlin. The parade route will wind through the village streets ending at Cantine Field where the marchers will receive refreshments.

Response of the adult marching units has been disappointing according to the report of Parade Marshal Frank Hallion. To date, three favorable responses have been received. Organizations who have not yet returned their notification cards are asked to contact the parade chairman immediately.

The junior marchers will be an enthusiastic group comprised of the Camp Fire units, Boy Scouts, Cubs, the Girl Scouts. The committee has extended invitations to the various schools to encourage the youngsters to march in a group. Full listings where to line-up will be published.

Bands who will participate include the Catskill Continentals, the VFW Green Hornets of Catskill, Saugerties High School Band, Saugerties Drum Corps, and making their first appearance as a marching unit, the band of St. Mary of the Snow.

Loyalty Day celebrations across the nation is the VFW's answer to combat the Communist inspired May Day rioting and parading. The local VFW urges the populace to display their flags, attend the church services and to enter the line of march on May 2 as their patriotic obligation to the United States of America.

Glenford Myers Has High Rating In Math Contest

Glenford Myers, Saugerties High School senior, and the son of Mr. and Mrs. Glenford Myers of 43 Elm Street, has received a congratulatory letter for his outstanding achievement on the 1964 Annual High School Mathematics Contest.

In this contest, sponsored by the Mathematical Association of America and the Society of Actuaries, Glenford ranked 29th among 3,197 contestants in the Upstate New York Section.

As a result of this achievement, Glenford may very possibly be awarded a college scholarship, since he ranks in the top one per cent of those who participated.

This is the first time a Saugerties High School pupil has placed among the state winners in this annual contest.

Exhibit Square Dance At Glasco Assembly

A culminating activity of the square dance unit in the physical education classes of Lucille Zalesky and Jeffery Smythe was the presentation of two numbers by a group of sixth graders in assembly at the Glasco School last week.

Public Health Nursing Group Slates Dinner

A dinner meeting of Saugerties Public Health Nursing Committee will be held Thursday 7 p. m. at Skytop Restaurant, Route 28, Kingston.

Reservations may be made by calling Mrs. Rita Rinaldi or Mrs. Rowena Baxter.

2 File Petitions For Saugerties B of E Vacancy

Two Saugerties Central School District residents, today filed petitions for the candidacy to Saugerties Board of Education.

Nominating petitions were filed with Clerk of the Board Mrs. Margaret Marburger for Harry S. Hoffman Jr. of Churchland Road, a former member of the board, and Mrs. Ann Karasnay of 21 Division Street.

They seek the vacancy created by Steve Stycos, who did not choose to run for reelection.

The school board election will be held May 6 between 12 noon and 9 p. m. at Main Street School. Three members will be elected to the board.

Candidates running for reelection are Henry Breitenbach of High Woods and Edwin Olson of Katsbaan. Both reside in the districts they represent.

The deadline for filing nominating petitions with the clerk of the board is 4:45 p. m. Wednesday.

Hoffman was elected in July 1958 in a three-way contest when he ran against James J. Owens and Victor F. Patience. Hoffman won by three votes.

In May 1963 running for reelection, he was defeated by LeRoy W. Snyder 353 to 250.

Stycos was reelected to a three-year term in 1961 and recently announced that he would not seek office this year.

To Play at Fair

The Barrett Pipers and Dancers of Roosevelt, L. I., recent performers in the VFW German-Irish Nite, will demonstrate their fine skills in reels, jigs, singing and piping at the World's Fair on opening day. Robert Barrett, genial director of the group, was thrilled at the prospects of possibly viewing the President and Mrs. Johnson who will be at the opening day ceremonies.

Alogonquin Club Schedules Meet Saturday, Sunday

Algonquin Bowmen of Saugerties have scheduled an archery tournament Saturday and Sunday beginning at 9 a. m. at the clubs range on Mt. Airy Road, off Route 32, Cedar Grove.

Trophies will be awarded for first place in each class and medals go to winners of second and third.

The tourney is open to all archers, whether members of the club or not. A registration fee will be charged. A special nominal entry fee will be charged to juniors.

Directional signs will be posted to aid participants to the Mt. Airy range.

Lutheran Church Lists Activities

Activities at the Evangelical Lutheran Church of the Atonement, Saugerties were announced this week by the Rev. Walter Cowen, pastor.

Susan Linda, daughter of Mr. and Mrs. Chester Tobias of Route 3, Box 386, Saugerties was received by Sacrament of Holy Baptism into Atonement Church, at the 11 a. m. Sunday services. Mr. and Mrs. Norman Tonneson were the sponsors.

Richard Wayne, son of Mr. and Mrs. Edward Kain, Route 2A Box 158, Saugerties was received by Sacrament of Baptism into membership. Brenda Knecht and Thomas Stisi were the sponsors.

The Rev. Mr. Cowen will be missioner at St. Ansgar Lutheran Church, Portland, Maine, Thursday through Sunday. He will attend a retreat for 100 missioners and 100 pastors at Concord, N. H. Wednesday and Thursday. The program is part of New England Lutheran Open House Program in which 100 Lutheran congregations of New England Lutheran Congregations will take part.

Junior choir will meet Wednesday 6:45 p. m. Atonement choir will meet at 8 p. m.

The confirmation classes will meet Saturday 9 a. m. Mrs. Charles Schumacher of Redwood Avenue will be in charge of the pastor's class for this week. Mrs. Lloyd Melland of Barclay Street will be in charge of Mrs. Cowen's class and also lead the singing for the confirmation choir.

Deadline for the Tidings, Atonement Parish Paper is Sunday. All notices of meetings and coming events for May should be in the hands of Miss Margaret Gippert P. O. Box 306 before that date.

Scientists have proposed a study program to make an inventory of the extent, nature and distribution of the world's total water supply.

KatsbaanChamps, Win 2 Straight In Dart Finale

Katsbaan Apaches, Saugerties Dartball League pennant winners, also snared the league series championship by defeating American Legion two straight, 8-7 and 12-5.

The Legionnaires won the league play-offs by defeating Service Center Bees in the semi-finals last week.

The series games were played Monday night at Cementon Sportsmen's Clubhouse following the league's banquet.

Highlights of the closely fought first game included a three-run sixth inning compiled by the Apaches with successive singles. Apache Vincent Manuel tied the score in the seventh with his clutch homer.

Albert Tice accounted for the two-run eighth with a two-run homer which proved to be the winning play. Legion had a three-run fourth on successive singles and a stolen base, and picked up single scores in the sixth and eighth with home runs by Ernest Legg and John Granwehr.

In the second game Katsbaan broke up the games with a five-run ninth including a home run by James Myers with two on and one by John Mower with one on base. The Apaches garnered two runs each in the second, third and fourth innings. Foster Finger's two run homer placed the marker in the Katsbaan column in the third.

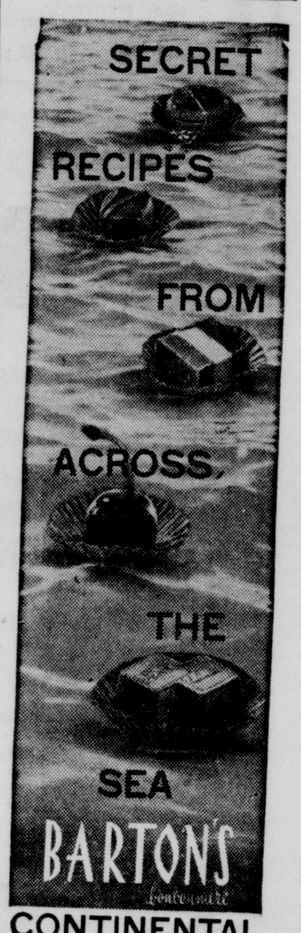

The Legionnaires scored all their runs on homers in the second game. Jim Gage slashed two and James McCormack and Henry Genthner recorded one each.

Apache high average men were Manuel and Tice with 7 for 11 each. Myers, Tice, and Foster Finger led the Katsbaan attack with five RBI's each.

Legion high man was George Swart with 7 for 9, and Henry Genthner recorded three RBI's for the losers.

Official scorers were Lester Ostoyic of Golden Eagles and Al Cawein of West Camp. Umpires were Woody Sperl of Centerville and James Hutton of SCBees.

In pre-game ceremonies League President Bruce Leard of Centerville presented the winning playing board to High Woods Sportsmen's Club and a dozen darts each to SCBees and Cementon Sportsmen.

The Master of Ceremonies for the Installation will be Brother Seymour Werbalowsky, a past member of the Lodge and currently a member of the Board of Governors of District No. 1, the principal governing body of B'nai B'rith, responsible only to the International Supreme Lodge. Brother Werbalowsky is also very active in local organizations of all kinds.

The joint committee for the Installation is headed by Mrs. Charles S. Ronder, Mrs. Walter Suskind and Alex Woolf. Reservations are being taken by Mrs. Seymour Semiloff and Mrs. Edwin Kalish.

The annual awards of both the Lodge and Chapter will be announced during the evening.

Cana Conference Is Slated for April 26 In St. Mary's Church

A Cana conference will be held in St. Mary's Church on April 26, 1964 at 7:30 p. m. The priest-speaker will be the Rev. Gerald Boyle. His subject, "Family Spirituality." This meeting is for married couples only. The purpose is to awaken and stimulate in married couples a richer appreciation of matrimony and to deepen the spiritual life of Catholic married couples.

These conferences are held throughout the archdiocese to keep alive Catholic family values for married couples overwhelmed and disturbed by secular philosophy and points of view. The Cana conference is an informal open discussion with two talks by a priest, a coffee break and a question and answer period. All married couples, Catholic or not, are welcome. Reservations may be made with Mr. and Mrs. Vincent McDonough, 26 Shufeldt Street, or by contacting St. Mary's Rectory.

Area P-TA News

School No. 7

Panel discussion on the subject, "The Influence of Television on Children," will feature a meeting of the School 7 P-TA at 8 p. m. tonight in the school.

Members of the panel will include Miss Constance Flood, psychiatric social worker; Robert Kurland, director of the Jewish Community Center; Mrs. Constance Otteson, school psychologist in the Kingston Consolidated School System; Dr. Donald Schultz, psychiatrist, and William Skilling, announcer for WGHQ and former TV actor.

The meeting is open to the public and area parents are invited. Refreshments will be served.

Science Fair projects will be on exhibit. The school will be open at 7:30 p. m.

Reformed Church of Comforter

The Ladies Aid of the Reformed Church of the Comforter will sponsor a rummage sale from 9 a. m. to 4 p. m. Thursday, April 23 and Friday, April 24, in the church hall. The public is invited.

Vanderlyn Council

Vanderlyn Council 41 will hold its regular meeting on Tuesday, April 28 at 7 p. m. in the American Legion Building, 18 West O'Reilly Street. A card party will be held after the meeting. In charge of refreshments will be Luelle Giles and Marge Nelson.

Local Sodality Elects Officers

Mrs. Laura Buono was elected prefect of St. Mary's Sodality of Our Lady at its recent election of officers held at the school hall.

Others named were Theresa Nau, vice prefect; Emily Spada, secretary and Mary Beckert, treasurer.

Mrs. Margaret Wade was selected to receive the gold pin award for her outstanding contribution to the work of the Sodality. Recognition of this achievement will be made on World Sodality Day on May 3 at Cardinal Hayes High School in the Bronx.

This year's event will be dedicated to Francis Cardinal Spellman, who is observing his 25th anniversary as Archbishop of New York and his 75th birthday.

Tickets for the mother-daughter Communion breakfast to be held on June 7, may be obtained from either Millie or Cora Rosada.

Cana Conference ScheduledSunday

"The Privilege of Parenthood", an informal talk, will be delivered by the Rev. Louis Prefontaine of the Blessed Sacrament Fathers, Hyde Park, on Sunday in St. Mary of the Snow School cafeteria starting at 2:30 p. m.

This Cana Conference, the fourth sponsored by the parish, is open to all married couples in the Saugerties-Kingston area.

A free nursery will be available in St. Mary's Hall for children of all ages.

Parents are encouraged to have ready questions for discussion during the question and answer period which will follow Father Prefontaine's opening remarks. Benediction of the Blessed Sacrament will conclude the program. Refreshments will also be served.

Under the auspices of the Archdiocese of New York, these conferences are scheduled for the spiritual uplift of the couple, to help the couple become closer to each other and renew their goals in life.

Couples planning to attend are asked to notify the Chair Couple, Arthur and Isabel DeCelle, in order that the committee may provide the adequate seating and refreshment needs.

Also serving on the welcoming committee are William and Marion Garzione, William and Eleanor Carmen and Mrs. Clara Wynne in charge of refreshments.

To Mark Loyalty Day, May 2 With Parade, Church Services

Church services and a five division parade will mark the VFW Loyalty Day ceremonies in Saugerties on Saturday, May 2, according to plans announced by Chairman Edwin Mower.

This will be the 13th year that Saugerties Memorial Post 5034, VFW and its Ladies Auxiliary have promoted this day of rededication to the American way of life prescribed by the President and Congress in July, 1958.

A Mass will be celebrated at St. Mary of the Snow Church at 8 a. m. to begin the day. An appropriate patriotic observance will take place at the Congregational Church, Main Street, at 10 a. m. The Rev. Frederick Imhoff will incorporate the winning essay of Miss Loyalty as part of his address.

The public is asked to participate by attending at these services.

Marchers Needed!

The afternoon parade will step off from the Finger Street area at 2 p. m., led by the Grand Parade Marshal, 18-year-old Miss Loyalty, Phyllis McLaughlin. The parade route will wind through the village streets ending at Cantine Field where the marchers will receive refreshments.

Response of the adult marching units has been disappointing according to the report of Parade Marshal Frank Hallion. To date, three favorable responses have been received. Organizations who have not yet returned their notification cards are asked to contact the parade chairman immediately.

The junior marchers will be an enthusiastic group comprised of the Camp Fire units, Boy Scouts, Cubs, the Girl Scouts. The committee has extended invitations to the various schools to encourage the youngsters to march in a group. Full listings where to line-up will be published.

Bands who will participate include the Catskill Continentals, the VFW Green Hornets of Catskill, Saugerties High School Band, Saugerties Drum Corps, and making their first appearance as a marching unit, the band of St. Mary of the Snow.

Loyalty Day celebrations across the nation is the VFW's answer to combat the Communist inspired May Day rioting and parading. The local VFW urges the populace to display their flags, attend the church services and to enter the line of march on May 2 as their patriotic obligation to the United States of America.

Glenford Myers Has High Rating In Math Contest

Glenford Myers, Saugerties High School senior, and the son of Mr. and Mrs. Glenford Myers of 43 Elm Street, has received a congratulatory letter for his outstanding achievement on the 1964 Annual High School Mathematics Contest.

In this contest, sponsored by the Mathematical Association of America and the Society of Actuaries, Glenford ranked 29th among 3,197 contestants in the Upstate New York Section.

As a result of this achievement, Glenford may very possibly be awarded a college scholarship, since he ranks in the top one per cent of those who participated.

This is the first time a Saugerties High School pupil has placed among the state winners in this annual contest.

Exhibit Square Dance At Glasco Assembly

A culminating activity of the square dance unit in the physical education classes of Lucille Zalesky and Jeffery Smythe was the presentation of two numbers by a group of sixth graders in assembly at the Glasco School last week.

Public Health Nursing Group Slates Dinner

A dinner meeting of Saugerties Public Health Nursing Committee will be held Thursday 7 p. m. at Skytop Restaurant, Route 28, Kingston.

Reservations may be made by calling Mrs. Rita Rinaldi or Mrs. Rowena Baxter.

2 File Petitions For Saugerties B of E Vacancy

Two Saugerties Central School District residents, today filed petitions for the candidacy to Saugerties Board of Education.

Nominating petitions were filed with Clerk of the Board Mrs. Margaret Marburger for Harry S. Hoffman Jr. of Churchland Road, a former member of the board, and Mrs. Ann Karasnay of 21 Division Street.

They seek the vacancy created by Steve Stycos, who did not choose to run for reelection.

The school board election will be held May 6 between 12 noon and 9 p. m. at Main Street School. Three members will be elected to the board.

Candidates running for reelection are Henry Breitenbach of High Woods and Edwin Olson of Katsbaan. Both reside in the districts they represent.

The deadline for filing nominating petitions with the clerk of the board is 4:45 p. m. Wednesday.

Hoffman was elected in July 1938 in a three-way contest when he ran against James J. Owens and Victor F. Patience. Hoffman won by three votes.

In May 1963 running for reelection, he was defeated by LeRoy W. Snyder 353 to 250.

Stycos was reelected to a three-year term in 1961 and recently announced that he would not seek office this year.

To Play at Fair

The Barrett Pipers and Dancers of Roosevelt, L. I., recent performers in the VFW German-Irish Nite, will demonstrate their fine skills in reels, jigs, singing and piping at the World's Fair on opening day. Robert Barrett, genial director of the group, was thrilled at the prospects of possibly viewing the President and Mrs. Johnson who will be at the opening day ceremonies.

Deadline for the Tidings, Atonement Parish Paper is Sunday. All notices of meetings and coming events for May should be in the hands of Miss Margaret Gippert P. O. Box 306 before that date.

Scientists have proposed a study program to make an inventory of the extent, nature and distribution of the world's total water supply.

KatsbaanChamps, Win 2 Straight In Dart Finale

Katsbaan Apaches, Saugerties Dartball League pennant winners, also snared the league series championship by defeating American Legion two straight, 8-7 and 12-5.

The Legionnaires won the league play-offs by defeating Service Center Bees in the semi-finals last week.

The series games were played Monday night at Cementon Sportsmen's Clubhouse following the league's banquet.

Highlights of the closely fought first game included a three-run sixth inning compiled by the Apaches with successive singles. Apache Vincent Manuel tied the score in the seventh with his clutch homer.

Albert Tice accounted for the two-run eighth with a two-run homer which proved to be the winning play. Legion had a three-run fourth on successive singles and a stolen base, and picked up single scores in the sixth and eighth with home runs by Ernest Legg and John Granwehr.

In the second game Katsbaan broke up the games with a five-run ninth including a home run by James Myers with two on and one by John Mower with one on base. The Apaches garnered two runs each in the second, third and fourth innings. Foster Finger's two run homer placed the marker in the Katsbaan column in the third.

The Legionnaires scored all their runs on homers in the second game. Jim Gage slashed two and James McCormack and Henry Genthner recorded one each.

Apache high average men were Manuel and Tice with 7 for 11 each. Myers, Tice, and Foster Finger led the Katsbaan attack with five RBI's each.

Legion high man was George Swart with 7 for 9, and Henry Genthner recorded three RBI's for the losers.

Official scorers were Lester Ostoyic of Golden Eagles and Al Cawein of West Camp. Umpires were Woody Sperl of Centerville and James Hutton of SCBees.

In pre-game ceremonies League President Bruce Leard of Centerville presented the winning playing board to High Woods Sportsmen's Club and a dozen darts each to SCBees and Cementon Sportsmen.

How Mighty Have Fallen

Dodgers Edge Yankees For Worst Team Title

As things stand today, the Los Angeles Dodgers are just a shade worse than the New York Yankees.

But then they've had more time to work at it.

The Dodgers maintained their edge Monday, but not without some difficulty. They collected five hits and scored a run off Bob Sadowski while losing to Milwaukee 7-1 and running their longest losing streak in two years to six games.

The Yankees, meanwhile, tried to catch up but failed. They didn't score but they did stroke nine hits before losing to Boston 4-0. They might have had a better chance if the other half of the Patriots' Day doubleheader at Boston hadn't been rained out.

The Dodgers' edge, however, stems from the fact they've played more games. Each team has won one game, but the Dodgers have squeezed in six losses to the Yankees' four.

In Terrific Slump

The Dodgers, in the National League cellar one game behind the New York Mets and four behind leading Philadelphia and San Francisco, have scored only 14 runs in seven games and three in the last 35 innings. They've collected only 50 hits, for a .213 batting average.

The Yankees, in the American League cellar one-half game behind the Washington Senators and three behind front-running Baltimore, have scored 12 runs in five games. But they've collected 41 hits for a .216 batting average.

The biggest hitting show of the day was put on at Houston, where Nellie Fox drove in four runs with a single and triple in the Colts' 7-1 victory over St. Louis. In the only other game played, Bob Skinner's error gave San Francisco two eighth-inning runs and a 5-2 triumph over Cincinnati.

The Chicago at Baltimore and Philadelphia at New York Mets games also were rained out. The other clubs were not scheduled.

Sadowski had retired 21 Dodgers in a row when they finally scored in the ninth on a single by Tommy Davis and Ron Fairly's triple. Gene Oliver stroked three hits for the Braves, Lee Maye hit a homer and Frank Bollins drove in three runs with two run-scoring singles and a bases-loaded walk. Nick Willhite was the loser.

Bill Monbouquette, who allowed seven hits before leaving after eight innings because of arm trouble, and Dick Radatz combined to shut out the Yankees. Dick Stuart drove in two runs for the Red Sox with a pair of singles and rookie Tony Conigliaro hit his second homer of the season. Rookie Bob Meyer took the loss.

CYO Loops Plan For Early Season

Ulster County CYO has announced plans for two girls softball leagues and three boys baseball leagues for the 1964 season.

Mary Leach, chairman of Girls Athletics for Ulster County CYO, will be in charge of the two softball leagues, one for elementary girls, the other for high school girls. Elementary girls will play Saturday mornings and high school girls early evenings.

Athletic program chairman Dan Steltz will detail plans for the three baseball leagues at a meeting tonight at 7:30 at St. Mary's School. The three leagues are Small Fry, elementary and junior.

Small Fry baseball is for boys 8-12 years old. Four teams are anticipated and the setup will be similar to Little League. Elementary boys, up to 15, will play Saturday mornings in local parks. League will end as school closses. Junior boys, up to 17 years, will play evenings during late May, June and July.

Winning teams in all of these leagues will be entitled to represent Ulster County in the archdiocesan finals.

Bruno and Levine Lead Billiards

Frank Bruno and Lou Levine scored victories last night to hold the lead with 34.00 points in the senior billiard league at Buster Ferraro's Golden Cue.

Bruno defeated Mike Squeo, 100-57, and Levine stopped Jake Senor, 100-50. In other matches it was Bob Planthaber over Pete Ferraro, 100-71; Andy Cherny over Aaron Bahl, 100-36; Ben Sherman over Lan Ingalls, 100-63; Chris Rienzo Sr. over Joe Sharkin, 100-53; Ron Ferraro over Joe Clausi, 100-39; Milt Bahl over Irving Eyles, 100-64; Milt Tompkins over Al Seelbach, 100-91; Lou Alcon over Ed Bahl, 100-55.

Rienzo had high run of 17 and Bruno pocketed 16.

The team standings: Bruno-Levine, 34.00; Planthaber-Clausi, 31.10; R. Ferraro-P. Ferraro, 30.05; Alcon-A. Bahl, 29.26; Sherman-M. Bahl, 29.00; Chris Rienzo Sr.-Tompkins, 27.30; Sharkin-Seelbach, 25.21; Cherny-E. Bahl, 20.35; Senor-Squeo, 19.00; Ingalls-Eyles, 17.00.

Glenerie Club Bridge Results

Dr. John Olivet of Kingston and P. B. Lodge of Port Ewen posted a 62 per cent game to lead the North-South side of the Glenerie Bridge Club's monthly Master Point tournament.

Earl Yohnell of Poughkeepsie, one of the Hudson valley's leading chess experts, who is fast becoming equally proficient in bridge, teamed with I. H. Wheatcroft of Kingston for a 58 per cent winner on the East-West side.

The runnersup were:

North-South: Mrs. Joseph Mautner-Mrs. Scully, Kingston, 60 per cent; Henry Bahret, Poughkeepsie, and Joseph Zehtila, Hyde Park, 57 per cent; Mrs. I. H. Wheatcroft, Kingston, and Robert Shea, Poughkeepsie, 56 per cent.

East-West: Mrs. Harry McNamara-Milton Tompkins, Hurley, 53½ per cent; Mrs. M. H. Albrecht-Mrs. C. R. Walters, Hurley, 53½ per cent; Dr. John Comstock, Kingston, and Fred Stern, Woodstock, 51½ per cent.

A Fractional point game will be played tonight at 8 o'clock at the Bridge Studios, 271 Fair Street.

Albany AC, Ray's To Clash Tonight

Something has to give tonight when the defending champion Albany Athletic Club meets Ray's Tackle Shop in an 8 p. m. game at the Municipal Auditorium.

The loser will be eliminated from the 11th annual Kingston Basketball tournament. The winner will have the almost impossible task of beating Pine Plains Bombardiers twice in succession in order to capture the title.

Since losing to the Bombardiers in their first start, the A.C. players have triumphed over the Albany IRA and won a forfeit decision from Curren Lincoln-Mercury. Ray's stopped Albany IRA and Stony Point before meeting the rugged Bombardiers last Sunday.

The upstaters boast a lot of height and a couple of good backcourt performers. In fact, they pushed the Bombardiers for nearly three periods before collapsing in the final few minutes of play.

Ray's hustled from start to finish against the Bombardiers. Ward Dunham's quintet is always at its best when the opposition is good.

Ed Dyer Dies, Was Manager of '46 Cardinals

HOUSTON (AP)—Eddie Dyer, the muffin-faced former St. Louis Cardinals' manager known for his friendly wave and "hiya, pal" greeting, is dead at 63 after a lingering illness.

The manager of the 1946 world champion Cardinals died in a hospital Monday, two years, three months and 18 days after he suffered a stroke in Dallas, Jan. 2, 1963.

Funeral services were planned for noon Wednesday.

Dyer, whose friendly wave and verbal greeting were his trademarks, was with the Cardinal organization 23 years, as a player, manager and coach.

He returned to Houston in 1950 and became successful in business interests which included insurance, oil and real estate.

Ironically, his death came just 2½ hours before his beloved Redbirds met and lost to the Houston Colts.

Before the game the fans at Colt Stadium stood for a moment of silence in tribute to the friend of all sports in Houston.

A native of Morgan City, La., Dyer attended Rice University, playing both baseball and football before jumping to the Cardinals as a pitcher in 1922.

He shut out the Chicago Cubs 3-0 in his first major league start and remained with the club until a sore arm terminated his playing career in 1927.

Dyer returned to Rice as coach of the freshman football team which produced stars Ernie Lain and Ollie Cordill in 1936. He managed Houston's Texas League Buffs in 1939-40-41, winning pennants each season.

Dyer developed some of the Cardinals' brightest stars while managing the Buffs, then a St. Louis farm team. Howie Pollet, Ted Wilks, Red Munger, Harry Brecheen, Jack Angle, Danny Murtaugh, Jeff Cross, Nick Cullop and Red Davis were among his "boys" at Houston.

Many of them were still with him when he piloted St. Louis to the 1946 National League pennant and when the Cards beat the Boston Red Sox four games to three in the World Series.

Dyer remained as manager of the Cardinals through 1950.

Dyer leaves his widow, the former Geraldine Jennings, a Rice sweetheart in 1925, and a son, Eddie Jr., a business associate.

Finley Produces New Gimmicks

KANSAS CITY (AP)—Charles O. Finley has a couple of new wrinkles for his Kansas City Athletics to use tonight as a face lifter for the club's battered image at home.

In their home opener against Cleveland's Indians, the Athletics will take the field wearing uniform colors that Finley describes as "misty green" and "wedding gown white."

Finley hasn't deserted last year's colors, which he calls "Kelly Green" and "Finley gold." He bought two sets of uniforms and said the team will alternate color schemes.

And if one of his players hits a home run, Finley will display his other new gimmick — 60 whirling colored lights and three huge horns that can smother a foghorn.

The Athletics' image became tarnished through winter-long bickering between Finley and the City Council and Finley's efforts to move the franchise to Louisville, or Dallas, or Oakland, or anywhere.

Fewer than 1,900 season tickets were sold after the American League finally convinced Finley that the franchise is going to stay in Kansas City.

Now it's up to the players to pull in the customers who are willing to pay to see good baseball. About 25,000 are expected tonight.

110,104 Attend First 3 Games at Shea Stadium

NEW YORK (AP)—Oh, those grand, glorious, no-longer-gruesome Mets.

They've played five games and already they've won one. This is the fastest-breaking team in Met history.

The original Mets lost their first nine games in 1962. Last year's National League entry in New York lost its first eight.

No wonder the fans are flocking to their snazzy, new 55,300-seat stadium.

Deliriously happy, 30,185 Metnicks screamed themselves hoarse at Shea Stadium Sunday as their favorites knocked Pittsburgh out of first place with an astonishing 6-0 victory.

This figure boosted the three-day home attendance to 110,104, nearly three times the number of people who watched the Mets lose their first three games at the Polo Grounds last year.

Rain forced postponement of the scheduled game with the Philadelphia Phillies Monday.

Sunday's shutout was turned in by Alvin Jackson. The little southpaw led the Met pitchers with 13 victories last year but had nary a shutout.

Manager Casey Stengel shook up his line-up Sunday, benching shortstop Amado Samuel for Al Moran, inserting Rod Kanehl at third and switching Ron Hunt from third to second base, where he played all last year.

It was Casey's fifth different line-up in five games, par for the course. And it produced the best of all. The team accumulated 13 hits, including doubles by Dick Smith, Joe Christopher and Hunt.

The boys are now batting .291 as a team, which is astounding when you consider they didn't get above .220 last year.

THE DEPENDABLES: SUCCESS CARS OF '64

Amazing how little it costs

to put a roof over your head

Amazing? Most people are downright flabbergasted the first time they check out a new compact Dart convert. Pop goes the top. But the price just sits there low and easy to take.

It's even more amazing when you consider all that makes a Dart a Dart. Room, for instance. Size it up with knees, head, elbows, or luggage. You'll find large economy-size room—as much stretch-out and load space as in many standard-size cars. And there's large economy-size power to go with it . . . from a 170 cu. in. standard Six to an optional gung-ho 273 V8.

Amazing? You bet. It's what happens when a quality car maker builds a compact bigger and quicker and then tops it off with such good looks.

How Mighty Have Fallen

Dodgers Edge Yankees For Worst Team Title

As things stand today, the Los Angeles Dodgers are just a shade worse than the New York Yankees.

But then they've had more time to work at it.

The Dodgers maintained their edge Monday, but not without some difficulty. They collected five hits and scored a run off Bob Sadowski while losing to Milwaukee 7-1 and running their longest losing streak in two years to six games.

The Yankees, meanwhile, tried to catch up but failed. They didn't score but they did stroke nine hits before losing to Boston 4-0. They might have had a better chance if the other half of the Patriots' Day doubleheader at Boston hadn't been rained out.

The Dodgers' edge, however, stems from the fact they've played more games. Each team has won one game, but the Dodgers have squeezed in six losses to the Yankees' four.

In Terrific Slump

The Dodgers, in the National League cellar one game behind the New York Mets and four behind leading Philadelphia and San Francisco, have scored only 14 runs in seven games and three in the last 35 innings. They've collected only 50 hits, for a .213 batting average.

The Yankees, in the American League cellar one-half game behind the Washington Senators and three behind front-running Baltimore, have scored 12 runs in five games. But they've collected 41 hits for a .216 batting average.

The biggest hitting show of the day was put on at Houston, where Nellie Fox drove in four runs with a single and triple in the Colts' 7-1 victory over St. Louis. In the only other game played, Bob Skinner's error gave San Francisco two eighth-inning runs and a 5-2 triumph over Cincinnati.

The Chicago at Baltimore and Philadelphia at New York Mets games also were rained out. The other clubs were not scheduled.

Sadowski had retired 21 Dodgers in a row when they finally scored in the ninth on a single by Tommy Davis and Ron Fairly's triple. Gene Oliver stroked three hits for the Braves, Lee Maye hit a homer and Frank Bollins drove in three runs with two run-scoring singles and a bases-loaded walk. Nick Willhite was the loser.

Bill Monbouquette, who allowed seven hits before leaving after eight innings because of arm trouble, and Dick Radatz combined to shut out the Yankees. Dick Stuart drove in two runs for the Red Sox with a pair of singles and rookie Tony Conigliaro hit his second homer of the season. Rookie Bob Meyer took the loss.

CYO Loops Plan For Early Season

Ulster County CYO has announced plans for two girls softball leagues and three boys baseball leagues for the 1964 season.

Mary Leach, chairman of Girls Athletics for Ulster County CYO, will be in charge of the two softball leagues, one for elementary girls, the other for high school girls. Elementary girls will play Saturday mornings and high school girls early evenings.

Athletic program chairman Dan Steltz will detail plans for the three baseball leagues at a meeting tonight at 7:30 at St. Mary's School. The three leagues are Small Fry, elementary and junior.

Small Fry baseball is for boys 8-12 years old. Four teams are anticipated and the setup will be similar to Little League. Elementary boys, up to 15, will play Saturday mornings in local parks. League will end as school closes. Junior boys, up to 17 years, will play evenings during late May, June and July.

Winning teams in all of these leagues will be entitled to represent Ulster County in the archdiocesan finals.

Bruno and Levine Lead Billiards

Frank Bruno and Lou Levine scored victories last night to hold the lead with 34.00 points in the senior billiard league at Buster Ferraro's Golden Cue.

Bruno defeated Mike Squeo, 100-57, and Levine stopped Jake Senor, 100-50. In other matches it was Bob Planthaber over Pete Ferraro, 100-71; Andy Cherny over Aaron Bahl, 100-36; Ben Sherman over Lan Ingalls, 100-63; Chris Rienzo Sr. over Joe Sharkin, 100-53; Ron Ferraro over Joe Clausi, 100-39; Milt Bahl over Irving Eyles, 100-64; Milt Tompkins over Al Seelbach, 100-91; Lou Alcon over Ed Bahl, 100-55.

Rienzo had high run of 17 and Bruno pocketed 16.

The team standings: Bruno-Levine, 34.00; Planthaber-Clausi, 31.10; R. Ferraro-P. Ferraro, 30.05; Alcon-A. Bahl, 29.26; Sherman-M. Bahl, 29.00; Chris Rienzo Sr.-Tompkins, 27.30; Sharkin-Seelbach, 25.21; Cherny-E. Bahl, 20.35; Senor-Squeo, 19.00; Ingalls-Eyles, 17.00.

Glenerie Club Bridge Results

Dr. John Olivet of Kingston and P. B. Lodge of Port Ewen posted a 62 per cent game to lead the North-South side of the Glenerie Bridge Club's monthly Master Point tournament.

Earl Yohnell of Poughkeepsie, one of the Hudson valley's leading chess experts, who is fast becoming equally proficient in bridge, teamed with I. H. Wheatcroft of Kingston for a 58 per cent winner on the East-West side.

The runnersup were:

North-South: Mrs. Joseph Mautner-Mrs. Scully, Kingston, 60 per cent; Henry Bahret, Poughkeepsie, and Joseph Zehtila, Hyde Park, 57 per cent; Mrs. I. H. Wheatcroft, Kingston, and Robert Shea, Poughkeepsie, 56 per cent.

East-West: Mrs. Harry McNamara-Milton Tompkins, Hurley, 53½ per cent; Mrs. M. H. Albrecht-Mrs. C. R. Walters, Hurley, 53½ per cent; Dr. John Comstock, Kingston, and Fred Stern, Woodstock, 51½ per cent.

A Fractional point game will be played tonight at 8 o'clock at the Bridge Studios, 271 Fair Street.

Albany AC, Ray's To Clash Tonight

Something has to give tonight when the defending champion Albany Athletic Club meets Ray's Tackle Shop in an 8 p. m. game at the Municipal Auditorium.

The loser will be eliminated from the 11th annual Kingston Basketball tournament. The winner will have the almost impossible task of beating Pine Plains Bombardiers twice in succession in order to capture the title.

Since losing to the Bombardiers in their first start, the A.C. players have triumphed over the Albany IRA and won a forfeit decision from Curren Lincoln-Mercury. Ray's stopped Albany IRA and Stony Point before meeting the rugged Bombardiers last Sunday.

The upstaters boast a lot of height and a couple of good backcourt performers. In fact, they pushed the Bombardiers for nearly three periods before collapsing in the final few minutes of play.

Ray's hustled from start to finish against the Bombardiers. Ward Dunham's quintet is always at its best when the opposition is good.

Ed Dyer Dies, Was Manager of '46 Cardinals

HOUSTON (AP)—Eddie Dyer, the muffin-faced former St. Louis Cardinals' manager known for his friendly wave and "hiya, pal" greeting, is dead at 63 after a lingering illness.

The manager of the 1946 world champion Cardinals died in a hospital Monday, two years, three months and 18 days after he suffered a stroke in Dallas, Jan. 2, 1963.

Funeral services were planned for noon Wednesday.

Dyer, whose friendly wave and verbal greeting were his trademarks, was with the Cardinal organization 23 years, as a player, manager and coach.

He returned to Houston in 1950 and became successful in business interests which included insurance, oil and real estate.

Ironically, his death came just 2½ hours before his beloved Redbirds met and lost to the Houston Colts.

Before the game the fans at Colt Stadium stood for a moment of silence in tribute to the friend of all sports in Houston.

A native of Morgan City, La., Dyer attended Rice University, playing both baseball and football before jumping to the Cardinals as a pitcher in 1922.

He shut out the Chicago Cubs 3-0 in his first major league start and remained with the club until a sore arm terminated his playing career in 1927.

Dyer returned to Rice as coach of the freshman football team which produced stars Ernie Lain and Ollie Cordill in 1936. He managed Houston's Texas League Buffs in 1939-40-41, winning pennants each season.

Dyer developed some of the Cardinals' brightest stars while managing the Buffs, then a St. Louis farm team. Howie Pollet, Ted Wilks, Red Munger, Harry Brecheen, Jack Angle, Danny Murtaugh, Jeff Cross, Nick Cullop and Red Davis were among his "boys" at Houston.

Many of them were still with him when he piloted St. Louis to the 1946 National League pennant and when the Cards beat the Boston Red Sox four games to three in the World Series.

Dyer remained as manager of the Cardinals through 1950.

Dyer leaves his widow, the former Geraldine Jennings, a Rice sweetheart in 1925, and a son, Eddie Jr., a business associate.

Finley Produces New Gimmicks

KANSAS CITY (AP)—Charles O. Finley has a couple of new wrinkles for his Kansas City Athletics to use tonight as a face lifter for the club's battered image at home.

In their home opener against Cleveland's Indians, the Athletics will take the field wearing uniform colors that Finley describes as "misty green" and "wedding gown white."

Finley hasn't deserted last year's colors, which he calls "Kelly Green" and "Finley gold." He bought two sets of uniforms and said the team will alternate color schemes.

And if one of his players hits a home run, Finley will display his other new gimmick — 60 whirling colored lights and three huge horns that can smother a foghorn.

The Athletics' image became tarnished through winter-long bickering between Finley and the City Council and Finley's efforts to move the franchise to Louisville, or Dallas, or Oakland, or anywhere.

Fewer than 1,900 season tickets were sold after the American League finally convinced Finley that the franchise is going to stay in Kansas City.

Now it's up to the players to pull in the customers who are willing to pay to see good baseball. About 25,000 are expected tonight.

110,104 Attend First 3 Games at Shea Stadium

NEW YORK (AP)—Oh, those grand, glorious, no-longer-gruesome Mets.

They've played five games and already they've won one. This is the fastest-breaking team in Met history.

The original Mets lost their first nine games in 1962. Last year's National League entry in New York lost its first eight.

No wonder the fans are flocking to their snazzy, new 55,300-seat stadium.

Deliriously happy, 30,185 Metnicks screamed themselves hoarse at Shea Stadium Sunday as their favorites knocked Pittsburgh out of first place with an astonishing 6-0 victory.

This figure boosted the three-day home attendance to 110,104, nearly three times the number of people who watched the Mets lose their first three games at the Polo Grounds last year.

Rain forced postponement of the scheduled game with the Philadelphia Phillies Monday.

Sunday's shutout was turned in by Alvin Jackson. The little southpaw led the Met pitchers with 13 victories last year but had nary a shutout.

Manager Casey Stengel shook up his line-up Sunday, benching shortstop Amado Samuel for Al Moran, inserting Rod Kanehl at third and switching Ron Hunt from third to second base, where he played all last year.

It was Casey's fifth different line-up in five games, par for the course. And it produced the best of all. The team accumulated 13 hits, including doubles by Dick Smith, Joe Christopher and Hunt.

The boys are now batting .291 as a team, which is astounding when you consider they didn't get above .220 last year.

THE DEPENDABLES: SUCCESS CARS OF '64

Amazing how little it costs

to put a roof over your head

Amazing? Most people are downright flabbergasted the first time they check out a new compact Dart convert. Pop goes the top. But the price just sits there low and easy to take.

It's even more amazing when you consider all that makes a Dart a Dart. Room, for instance. Size it up with knees, head, elbows, or luggage. You'll find large economy-size room—as much stretch-out and load space as in many standard-size cars. And there's large economy-size power to go with it . . . from a 170 cu. in. standard Six to an optional gung-ho 273 V8.

Amazing? You bet. It's what happens when a quality car maker builds a compact bigger and quicker and then tops it off with such good looks.

Speaking of Sports

Augusta National — Golf Paradise

Having seen the Masters tournament in its entirety, we returned from Augusta, Georgia impressed with the incredible beauty and challenge of the Augusta National Course.

Carved out of rolling hills that once was the site of a nursery, the National abounds in a profusion of flowers and plants — dogwood, the traditional magnolia trees, azaleas, jasmine, cemallias, Red bud, dogwood and woodbine. This beautiful natural setting includes 18 of the finest golf holes in the world, with par 36 on each side.

The course on which the Masters Tournament is played was not "designed" for the tournament, but rather for the enjoyment of its members. Shortly after the immortal Bobby Jones retired from the tournament trail in 1930, he discussed with friends the possibility of designing a course which would incorporate the best features of the many fine courses that he was familiar with.

Jones felt that many courses were designed with excessive hazards that unnecessarily penalized a golfer if he made the slightest error. He believed that a course should allow a player a degree of latitude based on his own judgment of his capabilities. It should reward the well played shot, yet caution the audacious golfer.

Of Rolling Greens

With the beautiful natural setting the nursery site offered (it was the first nursery in the South established in 1857), Jones knew this was the place. Jones and Alister MacKenzie began their work of laying out the course in the spring of 1931. The broad fairways and relatively few sand traps allow the player considerable latitude in determining his approach to the greens. There is little rough on the course which is tightened by the play on the greens and the placement of the cup. There is only one flat green (No. 16) on the whole course. Well placed shots will reward the player whereas poor shots will leave difficult putts thus penalizing the player.

When the course was completed in 193, the course played in reverse. The old front nine became the back nine in 1935. The USGA sought to hold the Open at Augusta but members of the club decided to hold their own tournament and conduct it themselves. The idea was born for an invitation tournament and the date was set for late March, 1934. To assure success of the new tournament and to act as host, Bobby Jones was encouraged to come out of retirement to participate. And it was his fame and reputation that brought the country's and later the world's finest golfers to the mecca in Georgia.

Though the name Masters was proposed for the name of the tournament, Bobby Jones did not approve. Thus the first tournament in 1934 was called the Augusta National Invitation. However, the press played up the term "The Masters" in their covering stories about the first tournament and the name Masters Tournament became fact. The great tournament was born.

A Few Observations

Augusta National is the mecca every golfer should try to make at least one day in a lifetime . . . Ben Hogan's game from tee to green is still a thing of beauty but the old master has his putting troubles these days . . . Pete Keresman of Kingston probably has never hit a golf ball in his life, but he never misses the big tournaments . . . Ben Danforth, sports editor of the Knickerbocker News, was covering "live" . . . Weather was fantastic and so was Mr. Palmer. For the first time in history, the tournament had four ideal playing days in succession . . . Palmer, needing a victory to forestall wholesale desertions from his thinning Arnie's Army, was a man inspired as he became the first player to win four Masters titles . . . He took the lead on the first tee and never relinquished it . . . Thought we saw a familiar face near the putting green. It turned out to be the Rev. Garnett Wilder, formerly of the Woodstock Methodist Church and an enthusiastic golf player and fan. He is now minister at the largest Methodist church in Augusta, his home town. Sam Snead created a sensation with a 3-under par 69 the day before the tournament opened but opened with an undignified 40 when it counted. Gene Sarazen, the Squire of nearby Germantown, was 1-under after 16 holes, then bogied 17 and 18 for a 73 . . . It rained from Delaware to Augusta downtrip ,for three days in Augusta, then rain from Columbia, S. C. to Woodstock, none-stop. Press accommodations at the Masters are fabulous. If you feel tired, you can rest in the press headquarters and watch the more exciting exaction on closed TV circuit. As soon as a player fires a spectacular round or takes the lead, he is wheeled into the press room and gives the scribes a blow by blow description of every hole . . . Very few of the boys pick up suntans under this system . . . The city of Augusta was involved in a great commotion about a Sports Illustrated article that rapped the good, hotel and restaurant facilities and suggested that The Masters may have outgrown Augusta (pop. 7,000). The unkindest cut of all was the remark that Augusta was Georgia's revenge for Sherman's march. That one cost a million dollar libel suit.

Pros' Tourney At New Spa Club

Northeastern PGA has slated and 18-hole medal play tournament at the Saratoga Spa Golf Club on April 27. It will be played on the new par 29-hole course.

A special prize will be awarded to the player shooting the lowest 9-hole score. Tom Creavy, home pro, is offering a $100 purse. Starting times will be between 8:30 a. m. and 10:30 a. m.

Augusta National — Golf Paradise

Having seen the Masters tournament in its entirety, we returned from Augusta, Georgia impressed with the incredible beauty and challenge of the Augusta National Course.

Carved out of rolling hills that once was the site of a nursery, the National abounds in a profusion of flowers and plants — dogwood, the traditional magnolia trees, azaleas, jasmine, cemallias, Red bud, dogwood and woodbine. This beautiful natural setting includes 18 of the finest golf holes in the world, with par 36 on each side.

The course on which the Masters Tournament is played was not "designed" for the tournament, but rather for the enjoyment of its members. Shortly after the immortal Bobby Jones retired from the tournament trail in 1930, he discussed with friends the possibility of designing a course which would incorporate the best features of the many fine courses that he was familiar with.

Jones felt that many courses were designed with excessive hazards that unnecessarily penalized a golfer if he made the slightest error. He believed that a course should allow a player a degree of latitude based on his own judgment of his capabilities. It should reward the well played shot, yet caution the audacious golfer.

Of Rolling Greens

With the beautiful natural setting the nursery site offered (it was the first nursery in the South established in 1857), Jones knew this was the place. Jones and Alister MacKenzie began their work of laying out the course in the spring of 1931. The broad fairways and relatively few sand traps allow the player considerable latitude in determining his approach to the greens. There is little rough on the course which is tightened by the play on the greens and the placement of the cup. There is only one flat green (No. 16) on the whole course. Well placed shots will reward the player whereas poor shots will leave difficult putts thus penalizing the player.

When the course was completed in 193, the course played in reverse. The old front nine became the back nine in 1935. The USGA sought to hold the Open at Augusta but members of the club decided to hold their own tournament and conduct it themselves. The idea was born for an invitation tournament and the date was set for late March, 1934. To assure success of the new tournament and to act as host, Bobby Jones was encouraged to come out of retirement to participate. And it was his fame and reputation that brought the country's and later the world's finest golfers to the mecca in Georgia.

Though the name Masters was proposed for the name of the tournament, Bobby Jones did not approve. Thus the first tournament in 1934 was called the Augusta National Invitation. However, the press played up the term "The Masters" in their covering stories about the first tournament and the name Masters Tournament became fact. The great tournament was born.

A Few Observations

Augusta National is the mecca every golfer should try to make at least one day in a lifetime . . . Ben Hogan's game from tee to green is still a thing of beauty but the old master has his putting troubles these days . . . Pete Keresman of Kingston probably has never hit a golf ball in his life, but he never misses the big tournaments . . . Ben Danforth, sports editor of the Knickerbocker News, was covering "live" . . . Weather was fantastic and so was Mr. Palmer. For the first time in history, the tournament had four ideal playing days in succession . . . Palmer, needing a victory to forestall wholesale desertions from his thinning Arnie's Army, was a man inspired as he became the first player to win four Masters titles . . . He took the lead on the first tee and never relinquished it . . . Thought we saw a familiar face near the putting green. It turned out to be the Rev. Garnett Wilder, formerly of the Woodstock Methodist Church and an enthusiastic golf player and fan. He is now minister at the largest Methodist church in Augusta, his home town. Sam Snead created a sensation with a 3-under par 69 the day before the tournament opened but opened with an undignified 40 when it counted. Gene Sarazen, the Squire of nearby Germantown, was 1-under after 16 holes, then bogied 17 and 18 for a 73 . . . It rained from Delaware to Augusta downtrip ,for three days in Augusta, then rain from Columbia, S. C. to Woodstock, none-stop. Press accommodations at the Masters are fabulous. It you feel tired, you can rest in the press headquarters and watch the more exciting exaction on closed TV circuit. As soon as a player fires a spectacular round or takes the lead, he is wheeled into the press room and gives the scribes a blow by blow description of every hole . . . Very few of the boys pick up suntans under this system . . . The city of Augusta was involved in a great commotion about a Sports Illustrated article that rapped the good, hotel and restaurant facilities and suggested that The Masters may have outgrown Augusta (pop. 7,000). The unkindest cut of all was the remark that Augusta was Georgia's revenge for Sherman's march. That one cost a million dollar libel suit.

Pros' Tourney At New Spa Club

Northeastern PGA has slated and 18-hole medal play tournament at the Saratoga Spa Golf Club on April 27. It will be played on the new par 29-hole course.

A special prize will be awarded to the player shooting the lowest 9-hole score. Tom Creavy, home pro, is offering a $100 purse. Starting times will be between 8:30 a. m. and 10:30 a. m.

Problem-Plagued Pro Golfers Disagree on Need for a Czar

PALM BEACH GARDENS, Fla. (AP) — Does professional golf need a czar?

Many of the tournament players, including Arnold Palmer, insist that it does. Warren Cantrell, newly elected president of the Professional Golfers Association, argues not.

Almost all, players and executives alike, agree there is need for administrative revision, a stronger, firmer hand in the guiding of the game's destinies.

"We simply have grown too fast," says Cantrell, a Texas businessman. "We rocked along and looked up suddenly to find ourselves surrounded with a multimillion-dollar enterprise

"To keep pace, we need to adopt modern business methods."

The PGA, with a membership of more than 5,000 teaching and touring pros, moves into its new $4-million headquarters on this Florida gold coast within the next few weeks, plagued by numerous problems.

There is still some quibbling about how to pay for the $1.5-million brick and glass clubhouse which sits astride two 18-hole championship courses.

Sponsors and players are involved in a bitter dispute over who should control the mushrooming television monies.

The $2.5-million tour is getting so crowded that there are suggestions that it must be broken into two circuits, a major and minor league.

There is some agitation — quite minor at this stage — for making the tour a self-supporting project, free from PGA control.

At the moment, the biggest question involves that of a czar or a strong single executive to run the whole show.

"We need a man like the late Kennesaw Mountain Landis in baseball," says Dow Finsterwald. "He should be a man with a knowledge of all phases of the game and with unquestioned integrity."

Palmer, the sport's all-time leading money winner, agrees. "I would like to see a fellow like Joe Dey (executive director of the U. S. Golf Association) take over," Arnie says. "We players are not in a position to govern ourselves."

The PGA policies are made by an executive committee composed of officers. Problems relating to the tour are handled by a committee of executives and players. Jay Hebert currently is chairman of the players' committee which also includes Dave Marr, Johnny Pott and Bob Goalby.

"Players shouldn't be allowed to make important decisions," says Paul Harney. "Their role should be in an advisory capacity strictly."

Detroit, Leafs To Meet Tonight

TORONTO (AP)—It would not be surprising if Detroit Red Wings' Coach Sid Abel used his younger players more frequently against the Toronto Maple Leafs in tonight's fifth game of the Stanley Cup National Hockey League playoff finals.

Abel was criticized for leaving the youngsters on the bench most of the time Saturday night as the Maple Leafs downed Detroit 4-2 to tie the best-of-seven series at 2-2.

"It is always the same," one of the critics noted. "When he gets in trouble, he leaves them on the bench. It doesn't do anything for their confidence. Bruce MacGregor played only half his usual time but still scored one of the goals."

The critic, unidentified, was quoted in the Toronto Globe and Mail. The Canadian newspapers follow hockey assiduously.

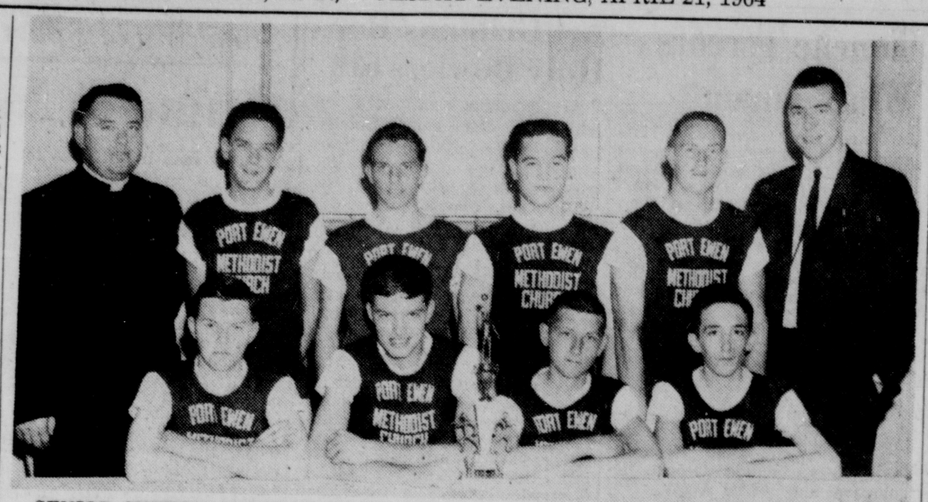

The Red Wings arrived here late Monday and went to their nearby motel headquarters. Abel continued to rest his team while Punch Imlach's Maple Leafs skated again Monday after a brief workout Sunday.

Detroit, which has not beaten Toronto in a Cup final since 1936, is in good shape physically despite the bruising series.

Yesterday's Stars

PITCHING — Bob Sadowski, Braves, stopped Los Angeles on five hits, set down 21 men in order at one stretch as Milwaukee whipped the defending world champions 7-1 and handed the Dodgers their sixth straight loss.

BATTING — Willie Mays, Giants, collected a double and two singles, scored one run and drove in another in 5-2 victory over Cincinnati.

SF Wins Bout, Celts Cop Tilt

By ED TUNSTALL
Associated Press Writer

BOSTON (AP) — For San Francisco Coach Alex Hannum it looks like a seven-game series. Boston center Bill Russell wishes there were no games left. And big Clyde Lovellette of the Celtics is just waiting for the bell to ring for the second round.

Out of these conflicting opinions rises the fact that the Celtics now lead two games to none in the championship National Basketball Association playoffs by virtue of Monday night's 124-101 romp over the Warriors. Games No. 3 and 4 are on tap in San Francisco on Wednesday and Friday nights.

The game's the thing, but Monday night it almost got lost in the shuffle, or rather, the scuffle.

The near free-for-all erupted just after the fourth period opened with the Celtics holding a 31-point advantage at 104-73. Lovellette fouled Wilt Chamberlain, the two exchanged viewpoints and, whammo! Chamberlain's right shot out and Lovellette dropped to his knees.

Players from both benches flooded the floor, but just as quickly appeared the boys in blue and order returned to the Boston Garden.

Boston Coach Red Auerbach was fuming and had to be pulled back to the bench by Russell.

Little Comment

Chamberlain had little to say of the incident after the game except to imply there had been due provocation by Lovellette.

Lovellette, with a cherry-red mark on his upper lip, said, "All of a sudden, boom, and I was down. I don't know what caused it. Maybe he was sore about being behind by 30 points. But it's no disgrace to be decked by a 7-foot-2, 290-pounder."

"I play Wilt a lot closer than Russell," big Clyde continued, "But I have to. I can't jump like Russell. But I've played him like that before and if he knocks me down 10 times, I'll still play him like that."

Auerbach explained he was sore because Wilt was not disqualified. The Boston coach said the disqualification is mandatory when a player tosses a punch.

Russell said he was "real tired" and that he wishes the series was down to the final game or else over completely.

Statistically, the only bright light for the Warriors was Chamberlain's 32 points which led all scorers. Sam Jones with 31 was tops for the Celtics.

Beard to Play

LAS VEGAS, Nev. (AP)—Frank Beard, stricken recently with a form of meningitis, says he has recovered enough to golf in the $65,000 Tournament of Champions.

Beard says he has been practicing for a week. His acceptance of a bid to play means 29 golfers will take part in the four - day tournament starting April 30.

Don't Get Chummy

McCarthy Holds To Philosophy About Players

BUFFALO, N.Y. (AP) — Joe McCarthy, who amassed a brilliant record in managing the New York Yankees and two teams, still preaches today—his 77th birthday—what he practiced in relations with players.

A manager "can't chum around with them," McCarthy said. "He stays with his coaches and that's where he belongs. All he has to do is win."

McCarthy ended his managerial career 14 years ago, retiring to his 61-acre farm in suburban Amherst with his wife Elizabeth.

The tight-lipped, square-jawed Hall of Famer piloted the Yankees to eight American League pennants and seven World Series championships. His Chicago Cubs won the National League pennant in 1929.

In 21 full seasons and parts of three others at the helm of the Yankees, Cubs and Boston Red Sox, his clubs never finished worse than fourth.

Had Four Immortals

Among his players were Babe Ruth, Lou Gehrig, Joe DiMaggio and Ted Williams.

McCarthy scoffs at talk that football is replacing baseball as the nation's national pastime.

"Baseball is our national game and it always will be, because "anybody can play it," he said in a birthday-eve interview. A boy's size often makes a difference in whether he can play some sports, but it d. not in baseball, he said.

A baseball player gets to hit, catch and throw the ball, while "in some (other games, some players don't even get to touch the ball," he added.

From 1936 through 1939, McCarthy's Yankees won consecutive pennants and World Series, the first time a team had taken each four times in a row. The Yankees of 1949-1953, managed by Casey Stengel, surpassed the feat.

McCarthy's skill as a manager was attributed to his ability to understand and handle men, coordinating them into a close-knit unit.

Mrs. Nevil Upset In North-South Amateur Tourney

PINEHURST, N.C. (AP)—The big guns moved to the firing line today for the eight-match second round of the Women's North and South Amateur Golf Tournament.

The biggest cannon of the abbreviated first round Monday was set off by tiny Mrs. Macy Scott of nearby Troy, a 10-handicapper who cut down formidable Mrs. Harry Nevil, Cooperstown, N.Y., 3 and 1.

Mrs. Nevil, a two-handicap player who hasn't played much golf in recent months, has won the New York State title four times and was a national quarter-finalist two years ago. Eight-over-par golf was good enough to beat her.

Nancy Roth of Hollywood, Fla., the defending champion who had a first-round bye, was paired with Mrs. Petsy Kimpel of Urbana, Ill., in today's first match. Other upper - bracket pairings included:

Mrs. J. W. Rettew, Pinehurst, vs. Mrs. Jose Nesbitt, Greenwich, Conn.; Phyllis (Tish) Preuss, Pompano Beach, Fla., vs. Mrs. Mary Welsh, Rockford, Ill.; Mrs. Philip Cudone, West Caldwell, N.J., vs. Mrs. Ann Stranahan, Toledo, Ohio.

Miss Preuss, runner-up last spring, had a first-round bye and Mrs. Cudone won by default. Mrs. Cudone appeared likely to advance with another default victory. Her opponent today, Mrs. Stranahan, had yet to check in and tournament officials hadn't heard from her since receiving her entry by mail. She drew a first-round bye.

Barbara Fay White of Shreveport, La., winner of four Florida circuit tournaments this year, was due to make her debut after an initial-round bye. She drew Mrs. Jason Weiss of Indianapolis in the top match of the lower half of the draw.

Kentucky Gets Probation, Had Pre-Season Practice

SAN FRANCISCO (AP) — Those extra conditioning sessions that helped cost the University of Kentucky nearly half of its 1962 football team are costing the 1964 squad any chance to play in a bowl game.

The National Collegiate Athletic Association put the school on one-year probation Monday. The only sanction is against post - season football. Slippery Rock of Pennsylvania and Prairie View A&M of Texas drew the same penalties for playing in non - sanctioned bowl games last year.

The NCAA took Indiana University, University of Colorado and New Mexico State off the probation list — the latter nine months earlier than expected.

The NCAA Council said Kentucky "violated provisions governing out - of - season football practice in that during late winters and early springs of 1962 and 1963, its football coaches conducted physical conditioning programs for all student athletes" planning to play football.

Attendance was required.

Charlie Bradshaw was in his first year as head coach in 1962. After eight weeks of conditioning and before spring practice was even a week old, numerous players quit.

More followed until the original squad of 68 was reduced to less than 40 by the end of the 1962 season. The daily conditioning included weight lifting, calisthenics and running — but coaches were careful not to have footballs on hand.

Some of the players who quit gave up their grants-in-aid. The council said the school gave the players form letters to sign as their "voluntary" letters of resignation from the grant program.

Questionable Procedure

It called this procedure "questionable" and said it "reflected poorly on the general administration of intercollegiate athletics."

NCAA executive director Walter Byers said the Southeastern Conference had advised Kentucky the conditioning program was legal.

"The NCAA Council is of the opinion that the university did not intend to do wrong, however in fact, the activity violated NCAA rules two successive years," said Byers.

New Mexico State won early reinstatement from its three-year probation because the school introduced new evidence reportedly showing fewer students were involved in admissions irregularities than at first believed.

Colorado, banned from post-season football during its two-year probation, was rapped in 1926 for recruiting irregularities exposed in the Sonny Grandelius case. Grandelius, the football coach, was fired.

Indiana served a more serious probation lasting four years during which it could not compete in post-season football games, championship tournaments in other sports, or in invitational affairs.

Belgian Repeats Solid Victory in Boston Marathon

BOSTON (AP)—Elfin-like Aurele Van den Driessche heads back to Belgium today after winning his "easiest ever" marathon and stamping himself as one of the world's top Olympic threats.

But seven months ago the 30-year-old Belgian was afraid his running career was behind him.

"I had 175 shots in 28 days last September," said "Vandy," his usually beaming face now turned serious. He pointed to his upper left thigh.

"It was sciatica (inflammation of the long nerve running up the back of the upper leg) and I couldn't even walk, let alone run."

"I was pretty worried. I was unable to run for three months. And then I forced myself to run along like this," he said, holding his left leg and limping across his hotel room floor.

"I went out and kept running finally, limping along. Two miles I needed one hour to run."

Finished Strong

Van den Driessche, finding the Boston A.A. Marathon hills "perfect for me," won the 26-mile, 385-yard run from Hopkinton to downtown Boston Monday in near-record time of 2:19:59, showing no signs of tiredness.

It was his second straight victory here and the course record holder (2:18:58 last year) vowed he will make it three in a row next year.

"Yes, I'll come back next year," he said in answer to a question, "and if there's a westerly wind I'll do it in record time."

The 128-pound Belgian said the wind has been in his face the past two years.

Van den Driessche, a study master at a trade school in Waregem, Belgium, said he "never had an easier race." He stayed with a front - running group until the final few miles, then moved into a comfortable lead and won going away.

Detroit, Leafs To Meet Tonight

TORONTO (AP)—It would not be surprising if Detroit Red Wings' Coach Sid Abel used his younger players more frequently against the Toronto Maple Leafs in tonight's fifth game of the Stanley Cup National Hockey League playoff finals.

Abel was criticized for leaving the youngsters on the bench most of the time Saturday night as the Maple Leafs downed Detroit 4-2 to tie the best-of-seven series at 2-2.

"It is always the same," one of the critics noted. "When he gets in trouble, he leaves them on the bench. It doesn't do anything for their confidence. Bruce MacGregor played only half his usual time but still scored one of the goals."

The critic, unidentified, was quoted in the Toronto Globe and Mail. The Canadian newspapers follow hockey assiduously.

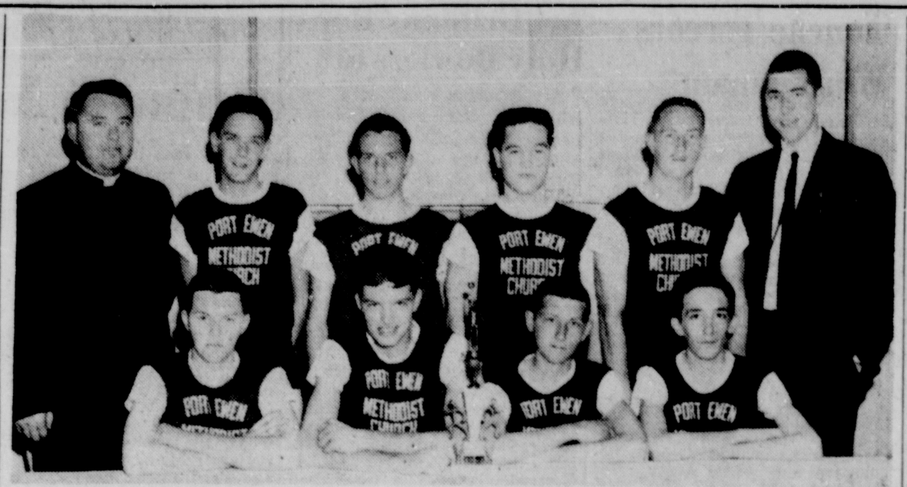

The Red Wings arrived here late Monday and went to their nearby motel headquarters. Abel continued to rest his team while Punch Imlach's Maple Leafs skated again Monday after a brief workout Sunday.

Detroit, which has not beaten Toronto in a Cup final since 1936, is in good shape physically despite the bruising series.

Yesterday's Stars

PITCHING — Bob Sadowski, Braves, stopped Los Angeles on five hits, set down 21 men in order at one stretch as Milwaukee whipped the defending world champions 7-1 and handed the Dodgers their sixth straight loss.

BATTING — Willie Mays, Giants, collected a double and two singles, scored one run and drove in another in 5-2 victory over Cincinnati.

Kentucky Gets Probation, Had Pre-Season Practice

SAN FRANCISCO (AP) — Those extra conditioning sessions that helped cost the University of Kentucky nearly half of its 1962 football team are costing the 1964 squad any chance to play in a bowl game.

The National Collegiate Athletic Association put the school on one-year probation Monday. The only sanction is against post - season football. Slippery Rock of Pennsylvania and Prairie View A&M of Texas drew the same penalties for playing in non - sanctioned bowl games last year.

The NCAA took Indiana University, University of Colorado and New Mexico State off the probation list — the latter nine months earlier than expected.

The NCAA Council said Kentucky "violated provisions governing out - of - season football practice in that during late winters and early springs of 1962 and 1963, its football coaches conducted physical conditioning programs for all student athletes" planning to play football.

Attendance was required.

Charlie Bradshaw was in his first year as head coach in 1962. After eight weeks of conditioning and before spring practice was even a week old, numerous players quit.

More followed until the original squad of 68 was reduced to less than 40 by the end of the 1962 season. The daily conditioning included weight lifting, calisthenics and running — but coaches were careful not to have footballs on hand.

Some of the players who quit gave up their grants-in-aid. The council said the school gave the players form letters to sign as their "voluntary" letters of resignation from the grant program.

Questionable Procedure

It called this procedure "questionable" and said it "reflected poorly on the general administration of intercollegiate athletics."

NCAA executive director Walter Byers said the Southeastern Conference had advised Kentucky the conditioning program was legal.

"The NCAA Council is of the opinion that the university did not intend to do wrong, however in fact, the activity violated NCAA rules two successive years," said Byers.

New Mexico State won early reinstatement from its three-year probation because the school introduced new evidence reportedly showing fewer students were involved in admissions irregularities than at first believed.

Colorado, banned from post-season football during its two-year probation, was rapped in 1926 for recruiting irregularities exposed in the Sonny Grandelius case. Grandelius, the football coach, was fired.

Indiana served a more serious probation lasting four years during which it could not compete in post-season football games, championship tournaments in other sports, or in invitational affairs.

Belgian Repeats Solid Victory in Boston Marathon

BOSTON (AP)—Elfin-like Aurele Van den Driessche heads back to Belgium today after winning his "easiest ever" marathon and stamping himself as one of the world's top Olympic threats.

But seven months ago the 30-year-old Belgian was afraid his running career was behind him.

"I had 175 shots in 28 days last September," said "Vandy," his usually beaming face now turned serious. He pointed to his upper left thigh.

"It was sciatica (inflammation of the long nerve running up the back of the upper leg) and I couldn't even walk, let alone run."

"I was pretty worried. I was unable to run for three months. And then I forced myself to run along like this," he said, holding his left leg and limping across his hotel room floor.

"I went out and kept running finally, limping along. Two miles I needed one hour to run."

Finished Strong

Van den Driessche, finding the Boston A.A. Marathon hills "perfect for me," won the 26-mile, 385-yard run from Hopkinton to downtown Boston Monday in near-record time of 2:19:59, showing no signs of tiredness.

It was his second straight victory here and the course record holder (2:18:58 last year) vowed he will make it three in a row next year.

"Yes, I'll come back next year," he said in answer to a question, "and if there's a westerly wind I'll do it in record time."

The 128-pound Belgian said the wind has been in his face the past two years.

Van den Driessche, a study master at a trade school in Waregem, Belgium, said he "never had an easier race." He stayed with a front - running group until the final few miles, then moved into a comfortable lead and won going away.

SF Wins Bout, Celts Cop Tilt

By ED TUNSTALL
Associated Press Writer

BOSTON (AP) — For San Francisco Coach Alex Hannum it looks like a seven-game series. Boston center Bill Russell wishes there were no games left. And big Clyde Lovellette of the Celtics is just waiting for the bell to ring for the second round.

Out of these conflicting opinions rises the fact that the Celtics now lead two games to none in the championship National Basketball Association playoffs by virtue of Monday night's 124-101 romp over the Warriors. Games No. 3 and 4 are on tap in San Francisco on Wednesday and Friday nights.

The game's the thing, but Monday night it almost got lost in the shuffle, or rather, the scuffle.

The near free-for-all erupted just after the fourth period opened with the Celtics holding a 31-point advantage at 104-73.

Lovellette fouled Wilt Chamberlain, the two exchanged viewpoints and, whammo! Chamberlain's right shot out and Lovellette dropped to his knees.

Players from both benches flooded the floor, but just as quickly appeared the boys in blue and order returned to the Boston Garden.

Boston Coach Red Auerbach was fuming and had to be pulled back to the bench by Russell.

Little Comment

Chamberlain had little to say of the incident after the game except to imply there had been due provocation by Lovellette.

Lovellette, with a cherry-red mark on his upper lip, said, "All of a sudden, boom, and I was down. I don't know what caused it. Maybe he was sore about being behind by 30 points. But it's no disgrace to be decked by a 7-foot-2, 290-pounder."

"I play Wilt a lot closer than Russell," big Clyde continued, "But I have to. I can't jump like Russell. But I've played him like that before and if he knocks me down 10 times, I'll still play him like that."

Auerbach explained he was sore because Wilt was not disqualified. The Boston coach said the disqualification is mandatory when a player tosses a punch.

Russell said he was "real tired" and that he wishes the series was down to the final game or else over completely.

Statistically, the only bright light for the Warriors was Chamberlain's 32 points which led all scorers. Sam Jones with 31 was tops for the Celtics.

Beard to Play

LAS VEGAS, Nev. (AP)—Frank Beard, stricken recently with a form of meningitis, says he has recovered enough to golf in the $65,000 Tournament of Champions.

Beard says he has been practicing for a week. His acceptance of a bid to play means 29 golfers will take part in the four - day tournament starting April 30.

Don't Get Chummy

McCarthy Holds To Philosophy About Players

BUFFALO, N.Y. (AP) — Joe McCarthy, who amassed a brilliant record in managing the New York Yankees and two teams, still preaches today—his 77th birthday—what he practiced in relations with players.

A manager "can't chum around with them," McCarthy said. "He stays with his coaches and that's where he belongs. All he has to do is win."

McCarthy ended his managerial career 14 years ago, retiring to his 61-acre farm in suburban Amherst with his wife Elizabeth.

The tight-lipped, square-jawed Hall of Famer piloted the Yankees to eight American League pennants and seven World Series championships. His Chicago Cubs won the National League pennant in 1929.

In 21 full seasons and parts of three others at the helm of the Yankees, Cubs and Boston Red Sox, his clubs never finished worse than fourth.

Had Four Immortals

Among his players were Babe Ruth, Lou Gehrig, Joe DiMaggio and Ted Williams.

McCarthy scoffs at talk that football is replacing baseball as the nation's national pastime.

"Baseball is our national game and it always will be, because "anybody can play it," he said in a birthday-eve interview. A boy's size often makes a difference in whether he can play some sports, but it d. not in baseball, he said.

A baseball player gets to hit, catch and throw the ball, while "in some (other) games, some players don't even get to touch the ball," he added.

From 1936 through 1939, McCarthy's Yankees won consecutive pennants and World Series, the first time a team had taken each four times in a row. The Yankees of 1949-1953, managed by Casey Stengel, surpassed the feat.

McCarthy's skill as a manager was attributed to his ability to understand and handle men, coordinating them into a close-knit unit.

Mrs. Nevil Upset In North-South Amateur Tourney

PINEHURST, N.C. (AP)—The big guns moved to the firing line today for the eight-match second round of the Women's North and South Amateur Golf Tournament.

The biggest cannon of the abbreviated first round Monday was set off by tiny Mrs. Macy Scott of nearby Troy, a 10-handicapper who cut down formidable Mrs. Harry Nevil, Cooperstown, N.Y., 3 and 1.

Mrs. Nevil, a two-handicap player who hasn't played much golf in recent months, has won the New York State title four times and was a national quarter-finalist two years ago. Eight-over-par golf was good enough to beat her.

Nancy Roth of Hollywood, Fla., the defending champion who had a first-round bye, was paired with Mrs. Petsy Kimpel of Urbana, Ill., in today's first match. Other upper - bracket pairings included:

Mrs. J. W. Rettew, Pinehurst, vs. Mrs. Jose Nesbitt, Greenwich, Conn.; Phyllis (Tish) Preuss, Pompano Beach, Fla., vs. Mrs. Mary Welsh, Rockford, Ill.; Mrs. Philip Cudone, West Caldwell, N.J., vs. Mrs. Ann Stranahan, Toledo, Ohio.

Miss Preuss, runner-up last spring, had a first-round bye and Mrs. Cudone won by default. Mrs. Cudone appeared likely to advance with another default victory. Her opponent today, Mrs. Stranahan, had yet to check in and tournament officials hadn't heard from her since receiving her entry by mail. She drew a first-round bye.

Barbara Fay White of Shreveport, La., winner of four Florida circuit tournaments this year, was due to make her debut after an initial-round bye. She drew Mrs. Jason Weiss of Indianapolis in the top match of the lower half of the draw.

EMPLOYMENT

NOTICE TO JOB APPLICANTS
The Kingston Daily Freeman does not knowingly accept Help-Wanted advertisements from employers covered by the Federal Wage-Hour Law if they offer less than legal minimum wages. Most employes engaged in interstate or foreign commerce or in the production of goods for such commerce must be paid not less than $1.25 an hour and at least one and one-half times their regular rate of pay for hours worked after a maximum workweek of 40 hours, unless specifically exempt. Also, most employes in certain large retail, service, construction and other enterprises engaged in or producing goods for commerce, who have been entitled to a minimum wage of at least $1.00 an hour since September 3, 1961, must be paid overtime pay of not less than one and one-half times their regular rates for all hours worked after a maximum workweek of 44 hours, unless specifically exempt. If you are offered less by covered employers, or if you have questions concerning the Fair Labor Standards Act or other activities of the U. S. Department of Labor, call or write the Department's local office at 881 Gerard Ave., Bronx, N. Y. 10452 WYandotte 2-1235.

EMPLOYMENT

NOTICE TO JOB APPLICANTS
The Kingston Daily Freeman does not knowingly accept Help-Wanted advertisements from employers covered by the Federal Wage-Hour Law if they offer less than legal minimum wages. Most employes engaged in interstate or foreign commerce or in the production of goods for such commerce must be paid not less than $1.25 an hour and at least one and one-half times their regular rate of pay for hours worked after a maximum workweek of 40 hours, unless specifically exempt. Also, most employes in certain large retail, service, construction and other enterprises engaged in or producing goods for commerce, who have been entitled to a minimum wage of at least $1.00 an hour since September 3, 1961, must be paid overtime pay of not less than one and one-half times their regular rates for all hours worked after a maximum workweek of 44 hours, unless specifically exempt. If you are offered less by covered employers, or if you have questions concerning the Fair Labor Standards Act or other activities of the U. S. Department of Labor, call or write the Department's local office at 881 Gerard Ave., Bronx, N. Y. 10452 WYandotte 2-1235.

Jurors to Hold Dinner May 20

The 30th annual banquet of the Association of Grand Jurors of Ulster County will be held on Wednesday, May 20, at The Alpine, Route 32. Early arrangements for the banquet were announced today by Chester Elliott, president of the organization.

Dinner chairman is Madeline Ehrbar. Reservations for the dinner should be made to Mrs. Anne M. Ashdown, secretary.

District Attorney David W. Corwin will act as master of ceremonies and Ulster County Family Court Judge Hugh R. Elwyn will be guest speaker.

President Elliott also announced today that the annual meeting of the group is scheduled for Monday, May 4, at the court house at which time officers will be elected and installed.

Police Work on Shifts

JACKSONVILLE, Fla. (AP)—Policemen worked on prolonged shifts today against a wave of vandalism and racial unrest that ended a three-week truce Monday.

Two bus drivers and a garbage truck worker, all white, reported to police they were attacked by bands of teen-age Negroes in a Negro section of Jacksonville.

There were numerous incidents of vandalism, mostly broken windows. This was a type of vandalism which accompanied racial unrest here a month ago and in 1960.

Pastors Seminar Stresses Role In Counseling

The relationship of the pastoral counselor and the psychiatrist were stressed by speakers at the seminar on pastoral counseling held Thursday at the Benedictine Hospital School of Nursing

More than 60 clergymen of all faiths attended the session sponsored by the Ulster County Association for Mental Health.

Dr. James G. Ranck of Drew University discussed The Role of the Clergyman in Counseling and Dr. Edgar B. Jackson, Psychiatrist of Buffalo, spoke on Identifying Symptoms of Emotional Illness. The Rev. Cecil L. McFarland of the Port Ewen Methodist Church was chairman of the panel.

Both speakers stressed the importance of the relationship between pastoral counselor and the psychiatrist. It was pointed out that there are no limitations as to the amount of counseling a clergyman can do as long as he has the time and the training. The awareness of the nature of personality and the ability to diagnose symptoms are essential to the clergyman in counseling.

The Academy of Religion and Mental Health was recommended as an organization from which resorce material might be obtained. Twenty-four clergymen indicated their interest in further discussion and training in the area of pastoral counseling. Dr. Katherine Stuber, director of the Ulster County Mental Health Center, has offered her services as a resource person for the clergy.

The committee which planned the seminar will meet in the near future to further the interest in pastoral counseling.

The seminar was one of the most important enterprises of the Ulster County Association for Mental Health, which also had the cooperation of the New York State Department of Mental Health.

Connallys Will Recall Moments Of Dallas Tragedy

WASHINGTON (AP) — Gov. and Mrs. John B. Connally of Texas go before the Warren Commission today to recall the nightmare moments of Nov. 22 in Dallas, Tex.

They were, besides Mrs. Kennedy, the nearest persons to John F. Kennedy when he was assassinated. The commission wants any information they can add to the investigation of the assassination.

The governor and his wife were sitting in the jump seat of the open presidential car in the motorcade when the three shots drilled into the car, fatally wounding Kennedy and injuring Connally.

Retracts Endorsement

BOSTON (AP) — Richard Cardinal Cushing has retracted an endorsement of the John Birch Society and its founder, Robert Welch.

"In justice to myself and lest anyone would be misled by my prolonged silence, I now retract publicly that letter and especially its reference to the John Birch Society," the cardinal said Monday night on radio station WNAC.

Terms Boycott Success

KANSAS CITY, Kan. (AP)—A one-day boycott Monday of public schools was termed a success by Carl Randolph, head of the local chapter of the Congress of Racial Equality.

Randolph estimated that 80 per cent of all Negro children and 20 per cent of all white children stayed out of school.

School officials, however estimated that absenteeism was only about 40 per cent above normal at buildings predominately attended by Negroes.

GIFT FOR LIBRARY: Students of the Special Class at the Reginald R. Bennett Elementary school at Boiceville recently presented a gift of an ear phone holder to the library at the school. In looking for a project to work on, the boys decided that they wanted to do something for the school. Mrs. Holly Ruff, librarian at Bennett, suggested the ear phone holder as something that would greatly enhance the appearance of the listening area in the library.

The children designed and constructed the holder during their regular crafts classes under the direction of Miss Virginia Slavik, their teacher. Michael Bligh, Douglas MacQuinn and Anthony Rose assumed major responsibility for the project. Their efforts have resulted in an attractive and serviceable addition to the equipment at the Bennett school library.

P-TA Groups Set Meeting Plans For Candidates

Voters of the Onteora Central Schools District will have the opportunity to see and hear candidates for the school board on Thursday, April 30, at 8:15 p. m. in the central school cafeteria at Boiceville.

"Meet Your Candidates" night is jointly sponsored by the four P-TA's of the school district—Onteora, Bennett, West Hurley and Woodstock—in an effort to give both residents and candidates an opportunity to discuss school matters.

The P-TA committee is headed by Mrs. Roger Grazier, Wittenberg, chairman and includes: Mrs. Grazier and Mrs. F. William Sheehan for the Bennett P-TA; Mrs. Herwig Sternberg and Mrs. William Schwartz of West Hurley; Mrs. James Hutchins and Mrs. Edward Balmer, Woodstock, and Mrs. Thomas Horsey Jr. and Robert Castle (Ashokan) representing the Onteora High School P-TA.

Each candidate, as he files intention to run, will receive a letter of invitation from the committee to express his views in a short talk at the meeting and answer questions from the floor. It is hoped that all interested parents, taxpayers and residents will make every effort to attend.

The committee also wishes to remind residents that Thursday, April 30, is also registration day with polls open from 2 to 8 p. m.

Overlook Church News and Notes

"Jonah and Modern Man" will be the sermon topic for Sunday morning worship service at 11 a. m. at the Overlook Methodist Church in Woodstock, the Rev. James W. Cook, minister. A nursery is provided during the service. Sunday school for the primary through adult classes is held at 9:45 a. m., with classes for beginners and kindergarten children at 10:45 a. m. The Senior choir rehearses immediately following the morning worship service.

Mr. and Mrs. Kenneth Vredenburg will have the meeting of the Junior High MYF at their home at 3 p. m. Sunday. The Senior High MYF meets at 6:30 in the church hall.

Be sure to plan to attend Children and Youth Day to be held during the morning worship service on Sunday, May 3. With this day we observe the beginning of Family Week.

Couples Outing

Friday, April 24 is the last day you can call John Franz with your reservation for the Married Couples Indoor Outing. Response has been good for this barbecued top sirloin dinner catered by Nelson Shultis. If you haven't done it yet, be sure to plan to enjoy this winderful social evening of Christian fellowship.

Plans are going forward rapidly for the WSCS Memory Tea on April 24. The ladies of the church are trying on their wedding dresses, and otherwise outfitting themselves to attend this much-anticipated social event. All the women of the church are welcome; call Barbara Marcato for details. Be sure to bring some of your wedding pictures to show.

Play About India

The program for the WSCS meeting on Monday night is a one-act play of India by Dorothy Clarke Wilson called "That Heaven of Freedom." The cast includes Dorothy Shultis, Esther Buton, Barbara Marcato, Norma Drake and Louise Cook. All the women of the church are invited to attend.

The church calendar:

Thursday, April 23 — Junior choir with Mrs. Carlen, 6:45 p. m. at church hall; April 24 —WSCS Memory Tea, 8 p. m. in the church hall; Monday, April 27 — WSCS, 8 p. m. in church hall; Wednesday, April 29 — Church bowling league, 6:45 p. m.

Tuesday Club Plans Bus Trip to New York

The Tuesday Club of Woodstock is sponsoring a bus trip to New York on Thursday, May 7.

The chartered bus will leave the Woodstock Village Green at 8 a. m. and on return depart from the Port Authority Building at 8 p. m. Reservations may be made by calling Mrs. John Ertz.

Fine Background For Bell Ringer Group Due Here

Music enthusiasts can look forward to an enjoyable evening with the Berlin Bell Ringers at the Woodstock Dutch Reformed Church on Saturday, May 9, at 7:30. The concert is being sponsored by the Senior Choir of the Reformed Church.

The Berlin Bell Ringers are a group of teen-agers from the Berlin Congregational Church of Berlin, Connecticut. The director of the Bell Ringers, Mrs. Muriel Davis, originally organized the group as a means of keeping boys interested in the music of the church while their voices were changing. Through the years the group has grown in stature and enjoys a fine reputation today.

The bells used by the Bell Ringers are imported from England, where they are cast and then polished and tuned by hand. It reportedly takes a year to make one bell. The youngsters are taught never to touch the bells with their hands, as oil from the skin impairs their fine tonal quality.

Mrs. Davis, who is also organist and choir director of the Berlin Congregational Church, transcribes most of the music used by her Bell Ringers.

Tickets for the concert may be obtained from any member of the Reformed Church Senior Choir, or at the door the evening of the concert.

Cancer Campaign Gets Under Way

Mrs. Betty Stolpinski and Mrs. Jane Allen, of Woodstock, are co-chairmen of the current American Cancer Drive in the Township of Woodstock, and are in the process of organizing a house-to-house campaign which they hope will net a record sum of contributions.

Cancer, America's second killer, can be cured. The American Cancer Society, so long in the forefront as an organization educating people to protect themselves against the dread killer, depends on your contributions for its work.

Mrs. Stolpinski and Mrs. Allen urge those residents who may not be contacted to send their contributions directly to Mrs. Stolpinski or Mrs. Allen. Receipts for mail contributions will be mailed promptly.

Christian Science Theme Is 'Probation'

A Bible Lesson on "Protection After Death" will be heard at Christian Science churches next Sunday. A major theme of the lesson will be brought out in these readings: "Work out your own salvation with fear and trembling. For it is God which worketh in you both to will and to do of his good pleasure. . . .That ye may be blameless and harmless, the sons of God" (Phil. 2).

"This task God demands us to accept lovingly today, and to abandon so fast as practical the material, and to work out the spiritual which determines the outward and actual" (Science and Health with Key to the Scriptures, by Mary Baker Eddy, p. 254).

Science at First Church of Christ, Scientist, Woodstock begins at 11 a. m.

The Wednesday evening meetings including testimonies of healing through Christian Science convene at 8 p. m.

St. Millay Play Strong Vehicle For Local Group

Timely is the word for Edna St. Vincent Millay's one-act play, "Aria da Capo", now in rehearsal under the auspices of Performing Arts of Woodstock. For Miss Millay's short drama embraces the theme of brotherhood, a motif of perhaps even more interest and concern today than when the play was written in 1920.

Although the name of poetess Millay conjures up her many fine love sonnets and lyric poems, the New Englander, who died in 1950, was also an ardent supporter of human rights. As recently as 1942 her verse play written expressly for radio, "The Murder of Lidice", drew high praise for its anti-facist message.

Has Strong Theme

It is true that much of the Pulitzer Prize winner's writing did not reflect her interest in liberal causes, yet in "Aria da Capo" Miss Millay produced a thought - provoking piece of theatre. Using the "play within a play" technique, Miss Millay, herself a one-time actress with the Provincetown Players, has analyzed the motives which contribute to man's inhumanity to man. Director Alex Osina and his cast of local amateurs Gloria Criscimagna, John Le Fever, Lloyd Gibson, Jim Williams and George Armstrong hope to emphasize this aspect of the drama-in-verse when it is performed in Woodstock May 29 and 30.

Spokesmen for Performing Arts of Woodstock, newly organized group which plans to sponsor a series of dramatic, dance and musical offerings, report that "Aria da Capo" will be presented as half of a program of one-acters over the Memorial Day weekend. Second play will be an original, "The Audience", written by Woodstock resident Danny Klein. Time and place of performance will be announced shortly.

Jewelry Class Opens on May 4

Miss Marie Frey, who is well known nationally and in Woodstock for her exceptional jewelry work, will again open a class for the young (ages 10 to 15) on Saturday, May 2. She will be assisted by Mrs. Gloria Todd of Woodstock, one of her own adult jewelry students.

The session is planned for a series of eight classes to meet on consecutive Saturdays from 9:30 a. m. to 11:30 a. m. at the Woodstock Guild of Craftsmen. Since the class must be limited to 12 students, it would be advisable for anyone interested to enroll early. Inquiry may be made by calling Mrs. David Clarkson.

Breaks With Macapagal

MANILA (AP)—Ferdinand E. Marcos, president of the Philippine Senate, resigned today from the presidency of President Diosdado Macapagal's Liberal party and joined the opposition Nacionalista party.

Marcos said he could "no longer stomach the abuses in the government." He has been feuding with Macapagal for months and is considered a likely aspirant for the presidency next year.

Foiled by a Hare

GORNJI MILANOVAC, Yugoslavia (AP)—Hunting has been so good this year that the Pranjanja Hunters' Association decided to hold a celebration. They promised a big dinner with a main dish of hares caught by the hunters themselves. Then the hunters went out to catch the hares. They trudged home at nightfall wearily and called off the celebration. Not a hare had been bagged all day.

Grading Deferred on Foreign Policy

Europeans Give Johnson 'A' in Domestic Affairs

By ENDRE MARTON

WASHINGTON (AP) — President Johnson, in confidential reports many European embassies sent to their capitals, got an "A" in domestic affairs. But grading was deferred in his other major, foreign policy.

A number of Western diplomats, who cannot be quoted, speak with surprising frankness about these reports. Conversations with them reveal that the envoys have amazingly similar views about the Johnson administration.

Explanation Simple

The explanation for the flattering high mark in domestic affairs is simple. Johnson, the diplomats are saying, has achieved in a remarkably short time good working harmony with Congress, something which they say was on a sadly low level during the last period of the Kennedy administration.

In foreign affairs, however, grading had to be postponed because of what diplomats delicately described as Johnson's reserved attitude on most foreign policy questions which interest this country's European allies.

Aware of Election

The envoys of course are aware that 1964 is an election year and that customarily domestic problems push foreign policy headaches into the background. It is also true, they concede, that the lull in East-West relations relieved the chief executive from making dramatic decisions.

But, one French-speaking diplomat spoke of noblesse oblige —in this case meaning that as the Western world's leader, the United States, election year or not, must continue to give guidance to the West.

There is an almost puzzling similarity among Western diplomats, the French excluded, mildly criticizing the administration's position on Charles de Gaulle. The words they use range from exaggeration to defeatism. De Gaulle is not Europe, the diplomats' reasoning goes. They feel the current Washington thinking grossly overrates the general's power to bring European integration to a halt or to create some kind of a third force.

About DeGaulle

Washington, it is felt, is apt to forget that De Gaulle brought to France, and through France to Europe, something which was badly needed: stability.

It is highly questionable, some of the diplomats maintain, that Europe would be more advanced on the road toward political integration if there were no De Gaulle. Integration is viewed as a most praiseworthy goal, but an almost Utopian one, especially under present conditions when Europe is pressed neither politically nor economically to hurry toward it.

Some of the Europeans, including at least one economic expert, also minimize Washington's concern about inflationary tendencies on the other side of the Atlantic. They do not deny the trend exists and that it could become serious, as was the case in Italy, but the economists are not unduly alarmed because, they say, Europe's economy is healthy.

Lack of Joy

There are some eyebrows raised over U.S. enthusiasm for the multilateral nuclear force, a project which should reach a new phase in June when an American destroyer is used to demonstrate its feasibility. Despite Washington's fervor, there is almost complete lack of joy among the Europeans, including those who consented to participate in the demonstration.

The U.S. contention that the force is a political necessity because it will serve as a safety valve against German nuclear ambitions, was termed by some as naive and met by others with a shrug. Should the time come—and nobody says it will — when the Germans believe they must have their own nuclear arms, neither their participation in a multilateral force nor any pact forbidding them to have them will serve as a deterrent, it was said.

Jurors to Hold Dinner May 20

The 30th annual banquet of the Association of Grand Jurors of Ulster County will be held on Wednesday, May 20, at The Alpine, Route 32. Early arrangements for the banquet were announced today by Chester Elliott, president of the organization.

Dinner chairman is Madeline Ehrbar. Reservations for the dinner should be made to Mrs. Anne M. Ashdown, secretary.

District Attorney David W. Corwin will act as master of ceremonies and Ulster County Family Court Judge Hugh R. Elwyn will be guest speaker.

President Elliott also announced today that the annual meeting of the group is scheduled for Monday, May 4, at the court house at which time officers will be elected and installed.

Police Work on Shifts

JACKSONVILLE, Fla. (AP)—Policemen worked on prolonged shifts today against a wave of vandalism and racial unrest that ended a three-week truce Monday.

Two bus drivers and a garbage truck worker, all white, reported to police they were attacked by bands of teen-age Negroes in a Negro section of Jacksonville.

There were numerous incidents of vandalism, mostly broken windows. This was a type of vandalism which accompanied racial unrest here a month ago and in 1960.

Pastors Seminar Stresses Role In Counseling

The relationship of the pastoral counselor and the psychiatrist were stressed by speakers at the seminar on pastoral counseling held Thursday at the Benedictine Hospital School of Nursing

More than 60 clergymen of all faiths attended the session sponsored by the Ulster County Association for Mental Health.

Dr. James G. Ranck of Drew University discussed The Role of the Clergyman in Counseling and Dr. Edgar B. Jackson, Psychiatrist of Buffalo, spoke on Identifying Symptoms of Emotional Illness. The Rev. Cecil L. McFarland of the Port Ewen Methodist Church was chairman of the panel.

Both speakers stressed the importance of the relationship between pastoral counselor and the psychiatrist. It was pointed out that there are no limitations as to the amount of counseling a clergyman can do as long as he has the time and the training. The awareness of the nature of personality and the ability to diagnose symptoms are essential to the clergyman in counseling.

The Academy of Religion and Mental Health was recommended as an organization from which resorce material might be obtained. Twenty-four clergymen indicated their interest in further discussion and training in the area of pastoral counseling. Dr. Katherine Stuber, director of the Ulster County Mental Health Center, has offered her services as a resource person for the clergy.

The committee which planned the seminar will meet in the near future to further the interest in pastoral counseling.

The seminar was one of the most important enterprises of the Ulster County Association for Mental Health, which also had the cooperation of the New York State Department of Mental Health.

Connallys Will Recall Moments Of Dallas Tragedy

WASHINGTON (AP) — Gov. and Mrs. John B. Connally of Texas go before the Warren Commission today to recall the nightmare moments of Nov. 22 in Dallas, Tex.

They were, besides Mrs. Kennedy, the nearest persons to John F. Kennedy when he was assassinated. The commission wants any information they can add to the investigation of the assassination.

The governor and his wife were sitting in the jump seat of the open presidential car in the motorcade when the three shots drilled into the car, fatally wounding Kennedy and injuring Connally.

Retracts Endorsement

BOSTON (AP) — Richard Cardinal Cushing has retracted an endorsement of the John Birch Society and its founder, Robert Welch.

"In justice to myself and lest anyone would be misled by my prolonged silence, I now retract publicly that letter and especially its reference to the John Birch Society," the cardinal said Monday night on radio station WNAC.

Terms Boycott Success

KANSAS CITY, Kan. (AP)—A one-day boycott Monday of public schools was termed a success by Carl Randolph, head of the local chapter of the Congress of Racial Equality.

Randolph estimated that 80 per cent of all Negro children and 20 per cent of all white children stayed out of school.

School officials, however estimated that absenteeism was only about 40 per cent above normal at buildings predominately attended by Negroes.

GIFT FOR LIBRARY: Students of the Special Class at the Reginald R. Bennett Elementary school at Boiceville recently presented a gift of an ear phone holder to the library at the school. In looking for a project to work on, the boys decided that they wanted to do something for the school. Mrs. Holly Ruff, librarian at Bennett, suggested the ear phone holder as something that would greatly enhance the appearance of the listening area in the library.

The children designed and constructed the holder during their regular crafts classes under the direction of Miss Virginia Slavik, their teacher. Michael Bligh, Douglas MacQuinn and Anthony Rose assumed major responsibility for the project. Their efforts have resulted in an attractive and serviceable addition to the equipment at the Bennett school library.

P-TA Groups Set Meeting Plans For Candidates

Voters of the Onteora Central Schools District will have the opportunity to see and hear candidates for the school board on Thursday, April 30, at 8:15 p. m. in the central school cafeteria at Boiceville.

"Meet Your Candidates" night is jointly sponsored by the four P-TA's of the school district—Onteora, Bennett, West Hurley and Woodstock—in an effort to give both residents and candidates an opportunity to discuss school matters.

The P-TA committee is headed by Mrs. Roger Grazier, Wittenberg, chairman and includes: Mrs. Grazier and Mrs. F. William Sheehan for the Bennett P-TA; Mrs. Herwig Sternberg and Mrs. William Schwartz of West Hurley; Mrs. James Hutchins and Mrs. Edward Balmer, Woodstock, and Mrs. Thomas Horsey Jr. and Robert Castle (Ashokan) representing the Onteora High School P-TA.

Each candidate, as he files intention to run, will receive a letter of invitation from the committee to express his views in a short talk at the meeting and answer questions from the floor. It is hoped that all interested parents, taxpayers and residents will make every effort to attend.

The committee also wishes to remind residents that Thursday, April 30, is also registration day with polls open from 2 to 8 p. m.

Overlook Church News and Notes

"Jonah and Modern Man" will be the sermon topic for Sunday morning worship service at 11 a. m. at the Overlook Methodist Church in Woodstock, the Rev. James W. Cook, minister. A nursery is provided during the service. Sunday school for the primary through adult classes is held at 9:45 a. m., with classes for beginners and kindergarten children at 10:45 a. m. The Senior choir rehearses immediately following the morning worship service.

Mr. and Mrs. Kenneth Vredenburg will have the meeting of the Junior High MYF at their home at 3 p. m. Sunday. The Senior High MYF meets at 6:30 in the church hall.

Be sure to plan to attend Children and Youth Day to be held during the morning worship service on Sunday, May 3. With this day we observe the beginning of Family Week.

Couples Outing

Friday, April 24 is the last day you can call John Franz with your reservation for the Married Couples Indoor Outing. Response has been good for this barbecued top sirloin dinner catered by Nelson Shultis. If you haven't done it yet, be sure to plan to enjoy this winderful social evening of Christian fellowship.

Plans are going forward rapidly for the WSCS Memory Tea on April 24. The ladies of the church are trying on their wedding dresses, and otherwise outfitting themselves to attend this much-anticipated social event. All the women of the church are welcome; call Barbara Marcato for details. Be sure to bring some of your wedding pictures to show.

Play About India

The program for the WSCS meeting on Monday night is a one-act play of India by Dorothy Clarke Wilson called "That Heaven of Freedom." The cast includes Dorothy Shultis, Esther Buton, Barbara Marcato, Norma Drake and Louise Cook. All the women of the church are invited to attend.

The church calendar:

Thursday, April 23 — Junior choir with Mrs. Carlen, 6:45 p. m. at church hall; April 24 —WSCS Memory Tea, 8 p. m. in the church hall; Monday, April 27 — WSCS, 8 p. m. in church hall; Wednesday, April 29 — Church bowling league, 6:45 p. m.

Tuesday Club Plans Bus Trip to New York

The Tuesday Club of Woodstock is sponsoring a bus trip to New York on Thursday, May 7.

The chartered bus will leave the Woodstock Village Green at 8 a. m. and on return depart from the Port Authority Building at 8 p. m. Reservations may be made by calling Mrs. John Ertz.

Fine Background For Bell Ringer Group Due Here

Music enthusiasts can look forward to an enjoyable evening with the Berlin Bell Ringers at the Woodstock Dutch Reformed Church on Saturday, May 9, at 7:30. The concert is being sponsored by the Senior Choir of the Reformed Church.

The Berlin Bell Ringers are a group of teen-agers from the Berlin Congregational Church of Berlin, Connecticut. The director of the Bell Ringers, Mrs. Muriel Davis, originally organized the group as a means of keeping boys interested in the music of the church while their voices were changing. Through the years the group has grown in stature and enjoys a fine reputation today.

The bells used by the Bell Ringers are imported from England, where they are cast and then polished and tuned by hand. It reportedly takes a year to make one bell. The youngsters are taught never to touch the bells with their hands, as oil from the skin impairs their fine tonal quality.

Mrs. Davis, who is also organist and choir director of the Berlin Congregational Church, transcribes most of the music used by her Bell Ringers.

Tickets for the concert may be obtained from any member of the Reformed Church Senior Choir, or at the door the evening of the concert.

Cancer Campaign Gets Under Way

Mrs. Betty Stolpinski and Mrs. Jane Allen, of Woodstock, are co-chairmen of the current American Cancer Drive in the Township of Woodstock, and are in the process of organizing a house-to-house campaign which they hope will net a record sum of contributions.

Cancer, America's second killer, can be cured. The American Cancer Society, so long in the forefront as an organization educating people to protect themselves against the dread killer, depends on your contributions for its work.

Mrs. Stolpinski and Mrs. Allen urge those residents who may not be contacted to send their contributions directly to Mrs. Stolpinski or Mrs. Allen. Receipts for mail contributions will be mailed promptly.

Christian Science Theme Is 'Probation'

A Bible Lesson on "Protection After Death" will be heard at Christian Science churches next Sunday. A major theme of the lesson will be brought out in these readings: "Work out your own salvation with fear and trembling. For it is God which worketh in you both to will and to do of his good pleasure. . . .That ye may be blameless and harmless, the sons of God" (Phil. 2).

"This task God demands us to accept lovingly today, and to abandon so fast as practical the material, and to work out the spiritual which determines the outward and actual" (Science and Health with Key to the Scriptures, by Mary Baker Eddy, p. 254).

Science at First Church of Christ, Scientist, Woodstock begins at 11 a. m.

The Wednesday evening meetings including testimonies of healing through Christian Science convene at 8 p. m.

St. Millay Play Strong Vehicle For Local Group

Timely is the word for Edna St. Vincent Millay's one-act play, "Aria da Capo", now in rehearsal under the auspices of Performing Arts of Woodstock. For Miss Millay's short drama embraces the theme of brotherhood, a motif of perhaps even more interest and concern today than when the play was written in 1920.

Although the name of poetess Millay conjures up her many fine love sonnets and lyric poems, the New Englander, who died in 1950, was also an ardent supporter of human rights. As recently as 1942 her verse play written expressly for radio, "The Murder of Lidice", drew high praise for its anti-facist message.

Has Strong Theme

It is true that much of the Pulitzer Prize winner's writing did not reflect her interest in liberal causes, yet in "Aria da Capo" Miss Millay produced a thought - provoking piece of theatre. Using the "play within a play" technique, Miss Millay, herself a one-time actress with the Provincetown Players, has analyzed the motives which contribute to man's inhumanity to man. Director Alex Osina and his cast of local amateurs Gloria Criscimagna, John Le Fever, Lloyd Gibson, Jim Williams and George Armstrong hope to emphasize this aspect of the drama-in-verse when it is performed in Woodstock May 29 and 30.

Spokesmen for Performing Arts of Woodstock, newly organized group which plans to sponsor a series of dramatic, dance and musical offerings, report that "Aria da Capo" will be presented as half of a program of one-acters over the Memorial Day weekend. Second play will be an original, "The Audience", written by Woodstock resident Danny Klein. Time and place of performance will be announced shortly.

Jewelry Class Opens on May 4

Miss Marie Frey, who is well known nationally and in Woodstock for her exceptional jewelry work, will again open a class for the young (ages 10 to 15) on Saturday, May 2. She will be assisted by Mrs. Gloria Todd of Woodstock, one of her own adult jewelry students.

The session is planned for a series of eight classes to meet on consecutive Saturdays from 9:30 a. m. to 11:30 a. m. at the Woodstock Guild of Craftsmen. Since the class must be limited to 12 students, it would be advisable for anyone interested to enroll early. Inquiry may be made by calling Mrs. David Clarkson.

Breaks With Macapagal

MANILA (AP)—Ferdinand E. Marcos, president of the Philippine Senate, resigned today from the presidency of President Diosdado Macapagal's Liberal party and joined the opposition Nacionalista party.

Marcos said he could "no longer stomach the abuses in the government." He has been feuding with Macapagal for months and is considered a likely aspirant for the presidency next year.

Foiled by a Hare

GORNJI MILANOVAC, Yugoslavia (AP)—Hunting has been so good this year that the Pranjanja Hunters' Association decided to hold a celebration. They promised a big dinner with a main dish of hares caught by the hunters themselves. Then the hunters went out to catch the hares. They trudged home at nightfall wearily and called off the celebration. Not a hare had been bagged all day.

Grading Deferred on Foreign Policy

Europeans Give Johnson 'A' in Domestic Affairs

By ENDRE MARTON

WASHINGTON (AP) — President Johnson, in confidential reports many European embassies sent to their capitals, got an "A" in domestic affairs. But grading was deferred in his other major, foreign policy.

A number of Western diplomats, who cannot be quoted, speak with surprising frankness about these reports. Conversations with them reveal that the envoys have amazingly similar views about the Johnson administration.

Explanation Simple

The explanation for the flattering high mark in domestic affairs is simple. Johnson, the diplomats are saying, has achieved in a remarkably short time good working harmony with Congress, something which they say was on a sadly low level during the last period of the Kennedy administration.

In foreign affairs, however, grading had to be postponed because of what diplomats delicately described as Johnson's reserved attitude on most foreign policy questions which interest this country's European allies.

Aware of Election

The envoys of course are aware that 1964 is an election year and that customarily domestic problems push foreign policy headaches into the background. It is also true, they concede, that the lull in East-West relations relieved the chief executive from making dramatic decisions.

But, one French-speaking diplomat spoke of noblesse oblige —in this case meaning that as the Western world's leader, the United States, election year or not, must continue to give guidance to the West.

There is an almost puzzling similarity among Western diplomats, the French excluded, mildly criticizing the administration's position on Charles de Gaulle. The words they use range from exaggeration to defeatism. De Gaulle is not Europe, the diplomats' reasoning goes. They feel the current Washington thinking grossly overrates the general's power to bring European integration to a halt or to create some kind of a third force.

About DeGaulle

Washington, it is felt, is apt to forget that De Gaulle brought to France, and through France to Europe, something which was badly needed: stability.

It is highly questionable, some of the diplomats maintain, that Europe would be more advanced on the road toward political integration if there were no De Gaulle. Integration is viewed as a most praiseworthy goal, but an almost Utopian one, especially under present conditions when Europe is pressed neither politically nor economically to hurry toward it.

Some of the Europeans, including at least one economic expert, also minimize Washington's concern about inflationary tendencies on the other side of the Atlantic. They do not deny the trend exists and that it could become serious, as was the case in Italy, but the economists are not unduly alarmed because, they say, Europe's economy is healthy.

Lack of Joy

There are some eyebrows raised over U.S. enthusiasm for the multilateral nuclear force, a project which should reach a new phase in June when an American destroyer is used to demonstrate its feasibility. Despite Washington's fervor, there is almost complete lack of joy among the Europeans, including those who consented to participate in the demonstration.

The U.S. contention that the force is a political necessity because it will serve as a safety valve against German nuclear ambitions, was termed by some as naive and met by others with a shrug. Should the time come—and nobody says it will — when the Germans believe they must have their own nuclear arms, neither their participation in a multilateral force nor any pact forbidding them to have them will serve as a deterrent, it was said.
